

# Fall of Petrograd Confirmed

## Paris Gets Official Report of Capture of Former Capital of Russia

LONDON, Oct. 18.—The white flag was hoisted over the Bolshevik fortress of Kronstadt on Friday night, according to a Helsingfors despatch quoting a Finnish general staff report.

LONDON, Oct. 18.—General Yudenitch has captured Krasnoye-Selb and Gatchina, south of Petrograd, where he met workmen from the city who asked that the North-western Russian army refrain from shelling Petrograd and pledging if this promise was given to join the anti-Bolshevik, according to a Helsingfors despatch received here.

PARIS, Oct. 18.—The following notice was posted at the stock exchange this afternoon:

"Official—Petrograd has been taken."

### Gen. Mangin Off For Battle

PARIS, Oct. 18.—General Mangin, the French member of the Inter-allied commission to superintend the evacuation of the Baltic states by the troops of General von der Goltz, will leave Paris immediately for the Baltic, it was decided today by the supreme council. Brig. Sherwood A. Cheney, U.S.A., and representatives of the other great powers will follow in a few days.

The peace conference has received messages to the effect that General Yudenitch was expected to take Petrograd within two days. It has not advised, however, regarding the reports that his army had actually entered Petrograd.

### LOWELL GIRL MISSING

Parents Seek Girl Whose Marriage Intention Has Been Filed at City Hall

Miss Marie Annette Belanger, aged 19 years, daughter of Mr. and Mrs. Joseph Annette Belanger of 731 Merrimack street, has been missing since last Tuesday, and her parents are trying to locate her.

The girl, according to her parents, received a telephone message last Tuesday evening at 10 o'clock from a girl who requested her to go to her home and spend the night with her as her mother was very ill. Miss Belanger left her home shortly afterward and not a word has been received from her since. Mr. and Mrs. Belanger later found that the following marriage intention was filed at city hall Wednesday morning, October 16:

Joseph Theophile Perron, (widowed), 25 years, 14 Main street, New Bedford, shoemaker; Marie Annette Belanger, 19 years, 731 Merrimack street, Lowell.

The marriage license, if called for, will be issued by the city clerk next Monday and, inasmuch as the girl is 18 years of age, there is no law to prevent her from being married. Mr. and Mrs. Belanger object to the marriage, however, although they know it is beyond their power to prevent it, but they feel that if they could locate their daughter they could induce her to give up her matrimonial ideas.

Miss Belanger is a very attractive young woman, about five feet, four inches tall, and weighing about 125 pounds. She is well known in this city, where, on various occasions, she has taken part in amateur theatrical performances. She was not employed anywhere, but helped her mother at her store at the corner of Merrimack and Bennett streets. Mr. Perron, the young man whose name figures in the marriage intention, is the son of Mr. and Mrs. Wilfrid Perron of 311 Merrimack street, this city. For about a year he was employed by Undertakers Amedee Archambault & Sons, but about 15 months ago he severed his connections with this firm and went to New Bedford, where he secured employment in a shoe shop. It was during his employment at Archambault's that he met Miss Belanger.

A count of vessels in the port of New York on October 1 showed 503 were loaded there.

### To Penalize Railroad Strikers

WASHINGTON, Oct. 18.—After adopting provisions to end railroad strikes by penalizing employees who go on strike or others who foment strikes, the senate interstate commerce committee today completed the draft of a bill to establish a permanent railroad policy. Government control and operation of the roads would end 30 days after enactment of the measure.

### To Settle Fiume Situation

PARIS, Oct. 18.—Decision to leave the settlement of the Fiume question to direct negotiations between Italy and Yugoslavia has been reached by the peace conference, according to the Excelsior.

### GOOD FOR YOU, LAGLOO

Man From Arctic Regions Joins Army to Learn the English Language

Yon Lagloo, Eskimo, hailing from that region of the Arctic north of Alaska, has been enlisted in the United States army and the honor of signing up the first recruit of this nationality has fallen to Sergt. J. C. MacLeod, the officer in charge of the local army recruiting station at 117 Merrimack street. Lagloo is the

### LAYING OFF STREET DEPARTMENT MEN

Commissioner Dennis A. Murphy has started to cut down the working personnel of his department and today declared that he had finished sewer construction work for the present year, unless more money is forthcoming at once. Within the past two days he has discharged a total of 56 men from the sewer department and this noon laid off 32 men who had been employed at the city ledge, as well as 14 sparrowmen. Last Saturday he discharged 12 sparrowmen.

Mr. Murphy has spent \$106,000 on sewers this year and has still enough work on hand to eat up \$17,500 more. He says that the municipal council has an opportunity to borrow \$25,000 for this situation before the government at the council meeting next Tuesday morning.

The sewer men who have been discharged were employed on jobs in Plymouth, Staple and Gorham streets.

### G.O.P. LEADERS ENTER PROTEST

Oppose Supreme Council Decision to Allow Americans on Commissions

Against Participation of Americans Until Peace Treaty Is Ratified

PARIS, Oct. 18.—The supreme council today adopted a resolution that delegates of the great powers may sit on the various commissions created under the German peace treaty, and may vote on questions before these commissions, whether or not their governments have ratified the treaty. If the United States senate does not object, it is stated to be probable that American delegates will take the places assigned to the United States on such commissions.

Germany is anxious to have the commissions begin their work fully organized, it is declared, and is particularly desirous of American representation on them.

Signor Tittani, the Italian foreign minister, sat in the council today for the first time since his recent return from Rome. He has been ill for the past two days.

The subject of Fiume was not taken up.

WASHINGTON, Oct. 18.—Republican leaders declared emphatically today that the senate would not consent to participation by American representatives in the League of Nations or other international commissions until the peace treaty had been ratified by the senate and specific laws enacted later by congress, authorizing such representatives and providing for their expenses.

### ALLEGED LARCENY CASE

Judge Enright to Give Decision in Street Car Conductors' Case Tuesday

Judge Enright will make his decision in the case of the three Lowell street car conductors charged with stealing fares from the Eastern Massachusetts street railway on various dates in September, at 4.30 o'clock Tuesday afternoon. His Honor made this announcement today after the final arguments had been presented by counsel. The conductors are J. J. Kelly, Camille Chicotte and John E. Wallace, whose trial consumed the greater part of last week.

Both attorneys, Edward J. Tierney for the carmen, and Fred N. Wier for the company, argued the case exhaustively at this morning's session, the evidence for both sides having been completed Tuesday afternoon.

Atty. Tierney called the court's attention to the alleged inaccuracies of the Rooke register and the portable fare boxes in use on the local lines of the street railway. The Rooke register is so constructed that it cannot jump backwards in favor of the conductor, he declared. When it skips fares, it skips forward, over-charging the employee. Conductors could not be found guilty of stealing when they had merely held out fares to make up for this over-charging by the register, he said.

Bar tenders, men running corporations, men making a mighty big noise in their community and who look to be on easy street for the rest of their lives, but whose prosperity will fall to pieces like a house of cards if the wind of misfortune but breathe upon it.

No matter how famously these people seem to be getting along in the world, they will not stand the cold test. Their prosperity is all an empty show—it hasn't got the solid foundation absolutely essential to success.

What is that foundation? It's something priceless in value, yet within the reach of all of us. It's the habit of SAVING!

### TWO HOT WEEKS OF CAMPAIGN

Both Candidates for Governor Likely to be Here Next Week in Rallies

City Charter and Double Platoon System Discussed—Mr. Sparks' Campaign

Coming down the home stretch the state campaign is beginning to assume interesting aspects which, from now on, will develop into plenty of action on the part of the various candidates. This evening the long campaign committee plans to conduct several rallies in the downtown district. During the coming week all the candidates will be more active because of the fact that the state election is but two weeks away. It is highly probable that Governor Coolidge and Mr. Long will both visit the city within the next week to advance their candidacies for governor and the candidates for the various other state offices will undoubtedly give Lowell a fair share of attention.

Two Interesting References In addition to the various state contests which are to be decided Tuesday are to be decided Tuesday.

### RESCUE OF 355 IN MID-OCEAN

Story of How Passengers and Crew of Burning Steamer Were Picked Up

Liner Reaches New York With Survivors Driven From Ship by Fire

NEW YORK, Oct. 18.—The story of a rescue in mid-Atlantic of 355 men, women and children from the burning French steamship Venezia was told with the arrival of the French liner Chicago, which had picked them up in lifeboats after fire and exploding casks of rum had driven them off the ship. Captain Paul Bonifacio of the Venezia, his first officer and two men stayed with the ship an hour after the Chicago had picked up the boats. Frequent explosions of casks of rum drove them to the poop deck. Finally after an unusually severe explosion which caused the ship to become practically a mass of flame from stem to stern, the men dropped hastily to a lifeboat and pulled away from the burning bulk.

Because of the prompt response of the Chicago to the wireless call of distress from the Venezia none of the latter's passengers or crew had any ill-effects to show from their early morning shipwreck. The sea was calm at the time, the temperature moderate.

The Venezia, Havana for St. Nazaire, had a cargo of 230 tons of rum and 1500 bags of sugar. The fire started amidships at 2 a. m. last Monday morning. It was here that the rum was stored. Efforts to check the flames were of no avail. An S.O.S. call was sent out immediately and at 3 a. m. the Chicago, 50 miles away, bound for New York, answered. The Venezia shifted her course toward the Chicago, but an hour before the latter hove in sight had to stop because fire and heat made the engines unworkable.

Meanwhile the passengers had been put into the lifeboats, this operation taking from 6 o'clock until 7 o'clock. The Chicago arrived on the scene at 7.30 and had picked up all the lifeboats an hour later. The boats had remained as near the burning vessel as safety permitted.

The state department has a translator in Washington who knows 33 languages.

### MAYNARD WINS GREAT AIR DERBY

Flies From Coast to Coast and Return in Remarkably Fast Time

Large Crowd, Including Wife and Children, Greets Noted Airman

Lieut. Maynard, the "flying parson," leader in the army transatlantic aerial derby, who arrived at Cleveland yesterday left there at 5.58 this morning for Mineola, on the last leg of the longest and fastest air race in history. He reached Buffalo, N. Y., at 9.24 and then started out for Rochester, where he arrived at 10.30. Binghamton was the next objective and he arrived there at 12.01. At 12.34 o'clock he took the air for Mineola.

Lt. Maynard landed at Mineola at 1.50.

### Wife and Children There

MINEOLA, N. Y., Oct. 18.—Two very small girls were up bright and early here today to watch with their mother for a little black speck to appear on the horizon at about 1 o'clock. The little black speck, they knew, would loom quickly into the outlines of a rushing airplane, and pretty soon "Daddy" Maynard, famous now as the "flying parson" would climb out and give him a big hug and kiss.

Mrs. Maynard and the little girls, Evelyn, five, and Rose, four, weren't the only ones, however, waiting to welcome Lieut. Maynard home from the longest and fastest airplane race ever run. Roosevelt field, Lieut. Maynard's goal, was dotted early with crowds from New York, assembled to cheer the plucky resourceful parson. A squadron of army and private planes were lined up ready to fly out and escort him over the last leg.

Army officials and spectators alike alike appeared to regard it as a certain that Maynard would arrive on time.

### THE MUNICIPAL COURT

Auto Drivers Charged With Manslaughter Are Discharged—Other Cases

Two manslaughter cases, having to do with recent automobile fatalities in which the victims were George Mc-Masters, 16, of East Chelmsford, and Theodore Stamatoopoulos, 7, of Lowell, were called on continuance in police court today and the drivers of the two machines, Joseph Pomeroy of Springfield, who figured in the first case, and Joseph A. Jean of this city, whose car struck the Stamatoopoulos boy, were found not guilty of manslaughter and discharged by Judge Enright.

McMasters was struck by Pomeroy's

### LACE CONCERN MAY LOCATE IN LOWELL

A representative of a large Boston real estate concern held a conference late yesterday with Secretary John J. O'Rourke of the board of trade here in Lowell for an establishment manufacturing foreign laces. The Bigelow-Hartford plant in Market street and the Norton plant in Atherton were inspected and the visitor was particularly impressed with the former. No decision, however, has yet been reached.

The board of trade has had nearly a dozen opportunities within the past few months to have firms take over parts of the Bigelow plant in Market street, but the floor space is so large that few concerns wish to take over the entire building. However, the Bigelow-Hartford Co. is unwilling to rent or lease anything but the entire structure.

MIKE GILHOOLEY  
AMERICAN NOW

Persistent Stowaway Under  
Wing of Woman of the  
Same Name

Mike Will Have Every  
Chance To Make Good  
in Adopted Land

NEW YORK, Oct. 18.—Michael Gilhooley has attained his heart's desire. He won't have to spend the rest of his life sailing the Atlantic ocean like a Flying Dutchman of mixed Irish and Belgian descent, knocking at Uncle Sam's door and getting the icy hand again and again. It certainly did begin to look as if Mike were fated to a watery career, for when you want to be an American and your home, such as it is, is in Brazil, there is nothing to do but take the first ship that sails. Taking ships had got to be a habit with this energetic young stowaway, by intention on the other side and compulsion over here; but he can drop the habit now if he wants to. As the adopted son of Mrs. Marlan Gilhooley Curry of Cleveland, Ohio, he can call his marine life off with this his ninth voyage, and pursue a peaceful existence on dry land forever more.

Peace and Mike have had scant acquaintance heretofore, but when Mrs. Curry appeared yesterday at Ellis Island, where the lad has been sojourning since his arrival Oct. 6 on the transport Orizaba, and told him that her trip to Washington in his behalf had been successful, and that Commissioner Caminetti said she could bring him in to the country, he vowed that from now on the gentle lamb would have nothing on him for good behavior. In fact, since early morning, when news came that the kind lady with a middle name like his who had miraculously appeared on his horizon and taken up the cudgels in his behalf was coming over to escort him to the Hotel Vanderbilt, Mike had been hard at work fixing himself up to look just as nice as nature would let him.

Dolls Up After Chov

The minute he finished his morning chov Mike astonished the Ellis Island laundry staff by asking to be allowed to wash and iron his blue sailor suit. Then he demanded his shoes, which had been taken from him because he had used them to kick in the door of the ship's brig, where he was confined as a stowaway, and putting them on he proceeded to give them a good shine. The Ellis Island barber visited next, and one of Mike's ingratiating grins melted that artist to the point of trimming the lad's rough locks and giving them a dash of the nice smelling stuff that Mike insisted on.

Then young Gilhooley allowed serenely that he was about doped up to go to the Hotel Vanderbilt, and he put in the time till Mrs. Curry arrived taking lessons from the island chef in absorbing chov without getting it on his face—being worried, in spite of his nonchalant bearing, at the prospect of the public dinner in the hotel which some young gay gods on the island piously assured him would be his first ordeal in this land of his dreams.

To Farm It for a While

What the curious folk at the Vanderbilt saw when he stepped through the entrance was a lad of stocky Belgian build with an Irish cast of countenance; a reserved, almost bashful lad, who cast down his eyes and said little. Meekly he allowed himself to be taken to the roof and photographed, but he heaved a big sigh of relief when Mrs. Curry swept him off to start his journey to New Milford, Conn., where he will live on the farm of Mrs. Curry's sister till his newly adopted mother decides what school is best fitted to contain him.

Mrs. Curry says he is going to have a chance to learn to do what he wants to do. Mike has not yet decided what that is. For a long time, ever since the dreadful day when a German bomb destroyed Mike's home in Charleroi and killed his mother—his father was already dead—and since drifting about with the American doughboys over there convinced him that they and their relatives would be pretty nice folks to live among—ever since then,

To Cure Cold in One Day  
Take LAXATIVE BROMO QUININE  
(Tablets). It stops the Cough and  
Headache and works off the Cold. E.  
W. GROVE'S signature on each box, 20c.

Mike's mind has been so filled with the desire to land in America that he has had no room for any other wish. Now he is an American, and while on account of birth he can't be president, there is nothing else, Mrs. Curry says, that he can't aspire to if he has it in him.

AUTO-INTOXICATION  
OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Pre-  
vents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain in The Back, are relieved as soon as the bowels become regular; and that Pimples, Rashes, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" (or Fruit Liver Tablets) will protect you against Auto-intoxication.

AMENDMENTS KILLED

Senate Rejects Changes  
Urged by Fall to Limit  
Power of U. S.

WASHINGTON, Oct. 18.—After a long debate and without the formality of a record vote, the senate yesterday threw out two more of the amendments written into the peace treaty by the foreign relations committee.

The two amendments had been introduced by Senator Fall, republican, New Mexico, and had as their common purpose, curtailment of the power of the American representative on the reparations commission, an international body set up by the peace treaty to fix and collect Germany's reparations bill.

The vote came sooner than had been expected, the leaders agreeing to it as part of a plan to complete the consideration of amendments as soon as possible, that the senate might get down to the real work of drafting a ratification resolution.

During the day some progress was made in the formal reading of the treaty text and the foreign relations committee took under advisement an offer from Col. E. M. House to appear before it.

The only speeches made on the amendments were by Senator Fall and by Senator Kellogg, republican, Minnesota, who argued that the purpose could be served sufficiently by reservations. In the course of the day various other features of the treaty and the peace negotiations were discussed. Senators Brandegee, republican, Connecticut, and Wadsworth, republican, New York, attacking the dispatch of troops for Silesia duty and Senator Hitchcock and Senator Nelson, republican, Minnesota, defending the action.

THE DOUBLE PLATOON SYSTEM IN THE FIRE DEPT.

Does Not Mean  
a Double Roster

The addition of only 18 new men will be necessary to make the change. 207 of the leading cities in the country have already accepted the Double Platoon System. In every case it has meant GREATER EFFICIENCY and Better Service.

THE FIREMEN ALWAYS RESPOND TO YOUR CALL

Will you respond to their request for a humane system of working hours?  
BOARD OF DIRECTORS LOWELL FIRE DEPT.

were to await orders to go to Silesia. "I was given to understand," said the New York senator, "that the despatch of this force was due to some arrangement made by the American peace commission at Paris. It was intimated also that the authority for sending them springs from the fact that technically we are still at war with Germany."

Senator Nelson interrupted to suggest that the plebiscite was to determine whether upper Silesia should become a part of Poland and added: "They simply want our troops there to see that there is a fair plebiscite, that's all. Unless the senator opposes the establishment of Poland as a free country he ought not to object to this."

Senator Hitchcock said the president had the power to reinforce the American Expeditionary Force along the Rhine and that when the troops reached Coblenz it would be decided whether they should go to Silesia. He added that under the treaty Germany was required to pay the expenses of policing that country during the plebiscite.

Senator Wadsworth said that it had been intimated to him at the war department that authority to send the troops was found in the rejection by the senate of the amendment to the treaty by Senator Fall, proposing that the United States should not participate in the Silesian plebiscite.

Replying to Senator Wadsworth, Senator Hitchcock declared the criticism of the Silesian expedition appeared to be another attack on the administration. "All the votes that have been taken by the senate on this treaty," Senator Hitchcock said, "indicate that the senate will ratify it without a textual change; that an overwhelming majority propose to ratify it without dotting of an i, and that any other action will be in the form of reservations. The question remaining is whether these for ratification with qualifications and those for ratification without qualifications will be able to unite."

He added that the treaty stipulates that troops for the Silesian plebiscite must be sent within 15 days of the treaty's ratification and that therefore the despatch of the troops at this time was necessary.

Senator Borah, republican, Idaho, interjected that the statement of Senator Hitchcock gave the fundamental reason for his opposition to the treaty. "American troops will be constantly crossing the ocean if it is ratified," said he.

OUR EDUCATIONAL STATUS  
BOSTON, Oct. 18.—Mr. Moriarty of the Charlestown high school finds that 333,000 persons in Massachusetts, ten years of age and over, need instruction in speaking, reading and writing English. He finds that 118,392 of these are illiterates (unable to read or write in any language.) The remaining 215,000 are unable to read or write the English language. Of these 99 per cent. are 21 years of age and over. There are 300,000 males of voting age.

The total population of Massachusetts in 1915 was 1,673,310.  
Number of persons 10 years of age and over, 2,994,153.  
Number of persons 10 years of age and over, 2,994,153.

5724 War Contracts Await Liquidation

WASHINGTON, Oct. 18.—The war department still has on its hands 5724 emergency contracts awaiting liquidation according to a report issued today. The sum involved aggregates more than \$1,600,000,000 but the official schedule estimates that these contracts can be liquidated at a cost of \$300,000,000. Since the armistice 22,611 contracts have been settled with a total valuation of \$2,000,000,000 for which contractors were paid \$309,000,000 in the final settlement.

Ship Abandoned at Sea; Crew Saved

BOSTON, Oct. 18.—The wooden steamer Ammonoosie, which has been in distress at sea for the past week, has been abandoned in a sinking condition, radiograms announced today. The crew was saved and the coast guard cutter Acushnet and the steamer Issequena are bringing them to this port.

Surplus Leather to be Sold

WASHINGTON, Oct. 18.—Stocks of surplus leather stored at Chicago will be sold at auction Nov. 14, the war department announced today. The material includes russet harness leather, sides and backs, sole leather and "fatigo," all valued at \$1,500,000.

Army Chaplain on All Transports

WASHINGTON, Oct. 18.—An army chaplain must accompany every transport carrying more than 200 soldiers, Secretary Baker today instructed officials of the Hoboken embarkation headquarters.

Austrian Cabinet Resigns; Reconstituted

VIENNA, Friday, Oct. 17.—(By the Associated Press)—The Austrian cabinet headed by Dr. Karl Renner resigned tonight, but was reconstituted immediately under Dr. Renner as premier, with few important changes.

King Albert Starts for East

ON BOARD KING ALBERT'S SPECIAL TRAIN, Oct. 18.—After a week of California, Albert, king of the Belgians and his party were eastward bound today with the Grand Canyon of Arizona as their next scheduled stop.

## CHARTERS GRANTED TO LOCAL CORPORATIONS

(Special to The Sun)  
 STATE HOUSE, Boston, Oct. 18.—A charter of incorporation has been issued to the Saunders Market company of Lowell, wholesalers and retailers in meats, groceries and other provisions. The incorporators are William S. Johnston of Lowell, Cecil Keith of Chelmsford, John Brady, Lowell, and James Johnston, Lowell. William Johnston is named as president and Keith as treasurer.  
 The capital stock is to be \$30,000, there being 300 shares of common at par of \$100. All of it will now be issued and will be paid for in cash. Each of the incorporators has subscribed for 60 shares.  
 Incorporation papers were also issued to the Middlesex Paper Tube company of Lowell. Samuel Porton, Max Kaplan and Fannie M. Porton are the incorporators, Samuel Porton being named as president and Kaplan as treasurer.  
 The capitalization is to be \$15,000, there being 150 shares of common stock with a par value of \$100 a share. Max Kaplan has subscribed for 50 shares, Porton to 50 shares and Fannie Porton to one share. The 120 shares will now be issued and will be paid for to the extent of 70 shares in cash and 50 shares in real estate.

HOYT.

### FARE SCHEDULE

#### Lowell Labor Men Meet Road Trustees

In an effort to bring about some changes in the schedule of fares on local lines of the Eastern Massachusetts Street Railway Co., Francis E. Varneck, president of the Trades and Labor Council and Timothy O'Rourke, trustee of that body, sat in conference for more than an hour yesterday afternoon with the public trustees of the road, in Boston. The Lowell men advanced propositions aimed to benefit the laboring man and argued for a flat 5-cent rate and the extension of certain fare zones to the city limits.  
 No definite action was forthcoming at the end of the conference, but the trustees expressed a desire to meet the local men again in conference later in the month, when they hoped to give reports on several experiments now being tried out on different divisions. The trustees assured the Lowell delegates that the present systems of fare were but experimental, in an effort to arrive at the proper scheme through the process of elimination and that all suggestions would be received and given earnest consideration.

#### STATUE FOR SEATTLE

WASHINGTON, Oct. 18.—In commemoration of the services of the United States navy in conveying American troops to France, Ambassador Jules Jusserand has presented to Secretary of the Navy Daniels, for the U.S.S. Seattle, a handsome bronze statue, a gift of the people of the city of Grasse, in southern France.

France. The first American troop-ship to reach France was the U.S.S. Seattle, then the flagship of Rear Admiral Gleaves, headed the convoy. The statue will later be placed aboard the Seattle, with appropriate ceremonies at the city of Seattle, Wash.

## Nasty Colds

Get instant relief with "Pape's Cold Compound"

Don't stay stuffed-up! Quit blowing and sniffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a cold and ends all grippe misery. The very first dose opens your clogged-up nostrils and the air passes freely; relieves the headache, dizziness, sore throat, sneezing, soreness, stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's Adv.

## HORSE CAN STAY DOWN LONGER IN A SUB

NEW YORK—Nineteen days "Yank," a horse from overseas stayed under an army pier in Brooklyn. Sometimes the water was so high he could hardly breathe. He had slipped from the gangplank while being put aboard a boat for a trip to Washington and wasn't found till the planking was ripped up to make repairs on the pier. Outside the need of a square meal, he seemed little the worse.

### Officers Elected by Sinn Fein

DUBLIN, Oct. 18.—The secret convention of the Sinn Fein, held here this week, besides re-electing Eamonn de Valera president of the organization, chose these other officers: Vice presidents, Arthur Griffith and Pader O'Mahoney; honorary secretaries, Austin Stook and Harry Boland; honorary treasurers, Mrs. Wyse Power and E. W. Duggan. Stook is in an English prison, Boland is with De Valera in the United States.

### THE AUDITORIUM FUNDS

#### On No Condition Will the Commission Ask for More Money

In view of the fact that the bids received for the construction of the Lowell auditorium exceeded the amount available, the idea seems to prevail in some quarters that the auditorium commission will go to the city council for more money to complete the structure according to the present plans.  
 The city council has no power under the law to grant another cent for the purpose. To secure more money, the commission or the city council would have to get authority from the legislature; but the commission has declared over and over again that it will not ask for more money, that it will keep within the appropriation even if it has to postpone the work in whole or in part as it may do under the provisions of the act of authorization.  
 It has five years within which to complete the work of constructing the building and there are various ways by which it can keep the expenditures within the appropriation. The commission may build only the main structure at first leaving some less essential parts to be done later but within the five years, when it is believed, the cost of building will be less than at present.  
 But whatever the commission decides to do, it will take good care to keep within its appropriation and to give the city the best value possible for the amount expended.

### PURE FOOD SHOW AT FAIRBURN'S MARKET

Fairburn's market recently enlarged by taking over Munn's store will be a place of special interest to Lowell housewives on next Wednesday afternoon when the big food fair will take place. The entire floor space of this market will be turned over to the exposition of the great variety of food and nationally known products which have made this market so popular as a food shop. According to plans this fair will be the biggest of its kind ever conducted; in fact it will eclipse in magnitude and variety a similar affair conducted in this market some months ago. Elaborate plans under the supervision of Manager Leo Gendron are well under way and everything will be in readiness next Wednesday afternoon when visitors will be welcomed to the fair. It will also be the occasion of the formal opening of the enlarged market.

The sole object of this splendid work will be to bring to the door of the busy housewife the same features of the mammoth food shows of the large cities where it is almost impossible for the women outside of such cities to attend. Nothing will be sold; everything will be free. Over 40 leading products will be demonstrated in prettily arranged and decorated booths and generous samples will be given away. One of the features of the exhibit will be the new bakery just installed by the market; another is the delicatessen department.

The store will be handsomely decorated giving the interior of the place a festive tone and atmosphere. Music will be furnished by a local orchestra. The management promises an unusually profitable and pleasurable treat to all who attend.

### ST. ANNE'S YOUNG PEOPLE DANCE

The young people of St. Anne's Episcopal church ushered in the winter social season last evening with a jolly dancing party in the parish house. Many attended and enjoyed the music furnished by Heller's orchestra. The Lucy Larcom Camp Fire Girls were the sponsors of the event and its success was much to their credit. The floor director was Salvin Burger, assisted by Prescott Wright and the girls themselves as aids. The punch bowl was kept filled to the brim by Mrs. Harvey Lafleur.

### ANNUAL PILGRIMAGE OF C. M. A. C. MEN

The annual pilgrimage of the members of the C.M.A.C. to St. Joseph's cemetery will take place tomorrow, weather conditions permitting and it is expected thousands of parishioners will attend. In conjunction with the pilgrimage there will be the unveiling of a Calvary by the clergy of St. Joseph's church.

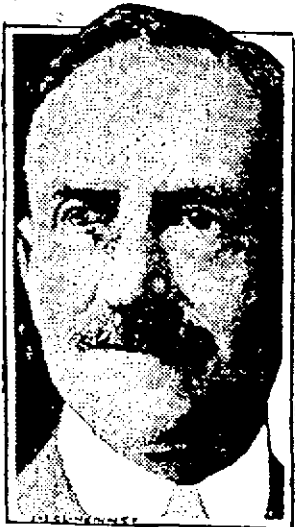

The members of the association will gather at their hall in Pawtucket st. at 1 o'clock and headed by a band, will march to St. Joseph's church, where at 2 o'clock a solemn Libera will be chanted. At the close of the service special electric lights will be boarded for the cemetery. At the burying grounds three valleys will be fired on the grave of Capt. Cosette, the first commanding officer of Garde d'Altonneur. There will be a sermon by Rev. Antoine A. Amyot, O.M.I., benediction by the pastor, Rev. Eugene Turcotte, O.M.I., singing of hymns by a large male choir and the chanting of the Libera.

#### STABBING AFFRAY

As a result of a stabbing affray at the corner of Merrimack and Suffolk streets last evening, Arthur Tessier, of 195 Hall street, was treated at the Lowell Corporation hospital for cuts in the hands, face and side. After receiving treatment he was able to return to his home. Tessier refused to give the police any information concerning the affray.

#### SUCCESSORS BARRETT

WASHINGTON — Dr. L. S. Rowe temporarily succeeds John Barrett, recently resigned, as director general of the Pan-American union. He probably will be officially named at an election

DR. L. S. ROWE

later. Dr. Rowe has travelled extensively in Central and South America. He now is chief of the Latin-American division of the state department and formerly was a professor in the University of Pennsylvania and an assistant secretary of the treasury.

### Away With Those Aches and Pains

Keep Sloan's Liniment handy to put the "feel good" back into the system

All it needs is just one trial—a little applied without rubbing, for it penetrates—to convince you of its merit in relieving neuralgia, lumbago, neuritis, lame muscles, stiffness, bruises, pains, aches, and strains, the after-effects of exposure.  
 The congestion is scattered, promptly, cleanly, without effort, economically. You become a regular user of Sloan's Liniment, adding your enthusiasm to that of its many thousands of other friends the world over, who keep it handy. Three sizes at all drug stores—35c, 75c, \$1.50.

### BOYS' CLOTHING SECTION

### LEGION DELEGATES RETURN HOME

With the return of the delegates from Lowell Post, 37 of the American Legion from the state convention at Worcester it became known that the local men were right in the thick of the fight to obtain next year's convention for this city, but were forced to withdraw because of inadequate hall and hotel accommodations. Springfield, a city of hotels and auditoriums, got the plum.  
 Among the alternates-at-large elected to attend the national convention at Minneapolis on Nov. 10, was John J. O'Rourke of Lowell. George Toye and Secretary James McCready of Lowell Post were elected district delegates and alternate respectively.  
 Registration for membership in Lowell Post goes on daily at the Community Service Club in Dutton street and it is hoped that the enrollment will extend so far as to embrace every local service man. Delegates to the state convention will report to the post at the regular meeting to be held on Monday evening, next.  
 A meeting of the auditing committee, James Hogan, Dr. Schuyler Waller, Rev. E. F. Camp, pastor of the North Tewksbury Baptist church. Notice was given of the annual state convention on Oct. 25-29, to be held in St. Anne's parish house. Songs by Mrs. Tuttle of Waltham, accompanied by Miss French at the organ and Miss Alice Guilford, violin, were much enjoyed. E. W. A. Jenkinson, Camp Devens Y.M.C.A. secretary spoke interestingly of his work. The women of the North Tewksbury church were the hostesses.

## AN EXCITING GAME BANTAMS TO PERFORM

Lowell Triumphs Over Salem, 6 to 5, in Fast Contest—Griffith in Lineup

Lowell and Salem, who finished "one, two" last season, met last night at the Crescent rink and the rivalry that characterized all games between these two clubs last season again prevailed, and the big crowd was treated to one of the most exciting and hotly contested battles ever seen in a polo cage, with Lowell finally coming out on top by the score of 6 to 5.

Three times in the final period the score was tied, and the hall rocked with enthusiasm. Both teams forgot all about it being the opening week of a long season, and cut loose with all their speed and played in mid-season form. Several times in the final session it looked like an overtime game, but with only a few minutes to go, Davies hooked one into the net that broke the deadlock and gave Lowell a glorious victory.

The game held the interest of all from the beginning to end, with the winner in doubt right up until the last blast of the big horn. Lowell, strengthened by the presence of Griffith, who arrived in town the night before, went right out to determine to win. Captain Harkins realized that he would have stiff opposition, and ordered his men to cut loose.

The game held the interest of all from the beginning to end, with the winner in doubt right up until the last blast of the big horn. Lowell, strengthened by the presence of Griffith, who arrived in town the night before, went right out to determine to win. Captain Harkins realized that he would have stiff opposition, and ordered his men to cut loose.

Then that speedy and exciting final session opened. Griffith got a too late on one and sent it into the cage. Harkins and the fans gave him a great hand. Here the score stood 3 to 1, and Lowell fans felt easier. But in a little over two minutes Williams and Alexander registered and the game was knotted. At this point excitement was at a high pitch and the fans yelled for Lowell to break the tie. But Alexander put Salem in front for the first time of the night. Three minutes and 15 seconds later Davies came through with a beautiful shot for the second tie of the period. Just 23 seconds later Capt. Harkins put Lowell in front, but in 15 seconds the count was even. Then Stephen when Williams tucked one in. Here both teams worked strenuously and the going was extremely fast, but Davies took a pass and sent it into the net for the victory goal. The fans showed their appreciation by vigorously applauding. The lineup:

SALEM  
Davies 1, Williams 2, Alexander 3, Griffith 4, Harkins 5, Pence 6, Lovegreen 7, Knowlton 8, Timmer 9, Sullivan 10.

FIRST PERIOD  
Won by Caged by Time  
Lowell 6, Salem 5 3:35

SECOND PERIOD  
Lowell 14, Salem 13 2:25

THIRD PERIOD  
Lowell 10, Salem 12 1:35  
Salem 12, Lowell 13 1:25  
Salem 13, Lowell 12 1:25  
Lowell 12, Salem 13 1:25  
Salem 13, Lowell 12 1:25  
Lowell 12, Salem 13 1:25  
Salem 13, Lowell 12 1:25

Summary: Score, Lowell 6, Salem 5. Rushes: Williams 10, Davies 4. Stops: Pence 1, Lovegreen 2, Fouts: Morris 1, Williams 2, Harkins 1, Griffith 1, Knowlton 1, Timmer 1, Sullivan 1.

## FIRST HOME GAME

## Lowell Textile Meets New Bedford Today

The Lowell Textile school football eleven meets New Bedford Textile on the local campus this afternoon in the first home game of the season. Coach Hudson has been putting his charges through stiff work-outs this week in preparation for a hard contest and brought preliminary practice to a close yesterday afternoon with a long signal drill.

Practically nothing is known of the New Bedford team, although it has a large student body to pick from, including a great many night and special students. Lowell Textile will have a well organized cheering section working today under the leadership of Milton Washburn, former high school teacher, and the non-graduate met yesterday to practice songs and yells.

Textile has one of the best eleven in its history this year and the team expected to place the school on an athletic footing equal to the smaller colleges.

## LOWELL ELEVEN OFF FOR MANCHESTER

The Lowell high school football team left for Manchester, N. H., this noon to meet the high school eleven of that city in the first of two games to be played this season. The team consists of 21 men on the trip and although he expects a hard game, feels that the local boys will break into the winning column for the first time this season. Much fruitful practice has been held this week and week spots which showed up in the games with Nashua and Wrentham have been plugged.

MANCHESTER VS. PENN.  
HANOVER, N. H., Oct. 18.—The match today between the Dartmouth and Pennsylvania State college elevens, drew the largest crowd here for several years. The game was a feature of Dartmouth's 150th anniversary celebration.

Roller Skating  
CRESCENT RINK  
TONIGHT

BOXING  
ROY MOORE vs. BENNEY MCCOY  
And Three Other Bouts  
Crescent Rink, Thursday Night

## Roy Moore Who Boxed at Toledo July 4th to Meet McCoy in This City

Benny McCoy of Baltimore and Roy Moore of St. Paul, who are to meet in the main bout of 12 rounds at the Crescent rink next Thursday night, are bantamweights and are regarded in the western part of the state as very classy performers.

Moore fought in one of the bouts preceding the Willard-Dempsey championship fight at Toledo, Ohio, on July 4th, and he made a great impression. In fact several of the judges hailed him as the coming champion.

Moore was anxious to come east. After hearing of the success of his fight at Toledo, he was anxious to come east. After hearing of the success of his fight at Toledo, he was anxious to come east.

Moore's manager, Hermon, recently fought a sensational ten-round draw at Superior, Wis., and according to clippings the bout was one of the best ever seen in that city.

The articles for the coming bout call for both men to appear in Lowell at least three days before the night of the fight, and both have agreed to be here on Sunday. McCoy will come with McCoy to assist the Baltimore boy in his training. Capable trainers will look after Moore while here.

Upon the arrival of the boxers and the assignment of training, the club members will be invited to call and see them work out.

Notations are under way to match Mike Castle and Kid Thomas, both of Lawrence, for the semi-final. If successful in landing this aggressive pair, fans will see a peppery bout. There is great rivalry between the two down-river boys, and the fans are sure to fly when they come together.

Matt Brock of Cleveland, who won from Philney Boyle last season, is anxious to come east again, and would like nothing better than a bout with Johnny Dundee, Benny Valgar, Jimmy Dwyer, or any other boy at or near his weight. Brock is a very classy performer and made a big hit here.

Nate Siegal of Revere and Billy Duffy of Everett boxed last night at the Commercial club, Boston, last night. Johnny Gray lost on a foul to Charlie Sheppard in the fifth round.

POLO NOTES  
Some game! We'll say so.

"Bob" Griffith was given a great reception when he hopped into the cage. "Griff" is popular here, and he should be for he played an important part in the success of the team in the past two seasons. Later Referee Knowlton presented the star center a beautiful bouquet in behalf of Lowell fans.

Frank Hardy got his usual greeting from the fans. He played great polo, and seems to fit in better with the Salem combination than he did with the Lawrence team in previous years.

"Bob" Hart of the New Bedford team was at the game and he agreed that it was a hummer. He said that polo is going big down in New Bedford and Fall River, the crowd to date taxing the capacity of both rinks.

Bob looks to be in great condition. He is popular in the American association last season and had great success. He left Lowell last night for New York city, where he is to confer with major league baseball officials. There is a possibility of "Bob" landing in the "big tent" for next season. We all wish him luck.

"Molly" Morrison put the ball through a window in the gallery and some fan piped "two bases."

Williams and Alexander, who did the rushing for Salem last season, are again on the job and they certainly team up well.

Pence had a busy night and he performed in expert style. He is some goal tender and his spectacular work last night had much to do with Lowell's great victory.

Providence will play here next Tuesday night.

The Lawrence polo team will be strengthened or Jack Cuddy will know the reason why. The present outfit is not strong enough to suit him. Bill Brennan is not down to playing weight, but a few hard games will go a long way to take off the superfluous flesh. —Lawrence Tribune.

Ben Keaveney expects to have a very pleasant time when he visits Fall River to referee there. He and Fred Jean missed it up Monday night and Fred is likely to have a lot of things to say to Benly the next time they meet. We were surprised to hear that Benly was in a fight. He hasn't been in one since Helme Wagner was here last week. —Lawrence Tribune.

Fred Jean and his speedy five of this city handed the New Bedford Whalers a 5 to 4 defeat Wednesday evening in an overtime game at the Morgan Street Casino. In the opening battle of the American league season here, aside from a very well played game, it was one of the most successful "first nights" this city has ever known. The auditorium was packed to the doors and many were turned away. Both teams were in first class form. Fred Jean, as he led his team on the floor, was given a loud burst of applause from the spectators. Jean had gathered about him an outfit that promises big things, judging from the showing made Wednesday night. He has in Steve Pierce, one of the most promising players in the game. George Hart and Pierce gave a fine display of teamwork. Bill Cusick, at half-back and Furell at goal, showed that when it comes to defense tactics they are right there. —Fall River News.

## LOWELL PEOPLE AT BIG "GRID" GAME

Many staunch supporters of Brown university athletic team left Lowell this noon to attend the Harvard-Brown football game at the Cambridge stadium. Harvard men also were included in the crowd which took the 12-10 trade. It is the Crimson's first big win from point of the season, and Coach Fisher has not under-rated it. Pears for a single minute. Reports from Providence say that Brown is tight and that the eleven has been especially groomed for the Harvard game.

FOOTBALL GAME  
The Lowell Indians will have as their opponents Sunday on the Fair grounds the American Legion football team of Boston. This team was formerly the Roslindale A.A. of Roslindale.

At the 22nd annual game of the season last Sunday 12 to 6 by the strong Filson A.A. of Boston in a hard fought game the Indians hope to see a victory Sunday.

Arthur Palmer has secured the services of "Hot" Young, the husky tackle, and George Boland, who is a stone wall of defence in guard, and Lou Heathcock, who will bear watching at quarterback.

"Grounds" Frank Roane will referee. The game will be called at 3 o'clock sharp. Indian players report at the club rooms at 1:30 sharp.

"It is the news, the truth and it is to print. This is the standard The Sun follows in printing city, state and national news."

## The Call-em

All lovers of horse flesh are intensely interested in the race of cavalry mounts from far off Port Ethan Allen to Camp Dovens at Ayer and that sure galloped old rascal, Bob, seems to rule a prohibitive favorite, not in the betting perhaps, but in admiration. Despite the fact that speed counts only one-quarter of the whole award at least half the battle will be won for the driver who pushes his mount into the contention at the head of the string.

Back in the Salky  
Old Pop Geers has apparently fully recovered from his nasty spill at Syracuse earlier in the grand circuit campaign and now drives a "place" horse almost daily. His last accident was so serious that for a time his friends and admirers really worried about his injuries, but his recuperative powers have again stood him in good stead and once more his wizardry and command features every subsequent meeting. Some may be relieved (2) n!

The Bear Will Kick  
It is fair to presume that Brown will boot the ball at every opportunity against Harvard today and to this time this week, stilling his punter, drop and placement men. Somehow or other Brown teams, like the Dartmouth eleven of yore, have the happy habit of rising to dizzy heights while in the stadium, and although this year's team at Providence is blessed with more speed and power and is rated below the Crimson in all-round ability, spectators may rest assured of a real battle.

Holding Himself Aloof  
It is not surprising to learn that Benny Leonard will meet Dundee in a 15-round bout on the 27th in a 15-round bout to a decision. The champion will box Johnny Dundee, no-decision, but take a chance on picking him to tie? Not Benjamin. It is safe to say that Dundee would not be too soft picking for Leonard, although he has beaten the Scotch brawler in his clubmen's set-ups in bouts in which the referee has a say-so.

Two Little Fellars Next Week  
The Adair-Duffy bout at the Crescent Thursday night was nothing to go by over all, though both men warmed up to their jobs pretty well at a halfway mark. Each was a careful scientific and deliberate worker and therefore the slant-bang attack was missing. Somewhat of a novelty is scheduled for next week's show when Benny McCoy of Baltimore and Roy Moore of St. Paul, bantamweights, meet in the main bout. Moore was a preliminary boy at the Dempsey-Willard fracas in Toledo and each boxer comes well fortified with a record.

A Boston Crowd  
A new middleweight wrestling champion was crowned in Boston Thursday night in true Massachusetts style. The new king, Les Berna, came from Salt Lake unheard of and more or less of a mystery and although Kauter was a popular champion in the Hub, Berna was carried from the hall on the shoulders of Boston men after he had thrown the Worcester champion for the second time. It was a genuine Boston reception, impartial and spontaneous.

MERRIMACK MFG. CO. BOWLERS ACTIVE  
The Corduroy Room Velvet Room Machine Shop and Carpenter's Shop minutists were the winners in the bowling tournament staged by the Merrimack Manufacturing league last evening. The scores:

LADY BATHURST

OWNS LONDON POST  
LONDON—Lady Bathurst is the only English woman owning a newspaper. She takes an active part in the management of the London Post, which she inherited from her father.

DANCE AND MUSICAL  
An enjoyable dancing party, followed by musical selections by various local artists, was held by the employees of Friend Bros. bakery in Odd Fellows hall, Centralville, Thursday evening. Robert Friend was presented a Knights Templar charm and R. W. Small was the recipient of a charm, gold chain and fountain pen. Dunfee's orchestra furnished music and refreshments were served.

WOMAN CANDIDATE FOR JUDGE  
Miss Bertha Rainbaugh is one of the few women candidates in New York city to win out in recent primaries. Miss Rainbaugh was nominated by the republicans as one of their district candidates for municipal court judges. At present the prospects of her election appear to be excellent. She is being enthusiastically supported by men as well as women.

LET JUMBO DO IT, WHEN THE ENGINEERS STRIKE  
NEW YORK—For switching purposes, now, where speed isn't the thing, like it is on the main line, y'know, what's the matter with a nice big elephant instead of a coal-eating engine? Anyway the circus men make 'em do the work.

SERVICE MEDAL FOR HON. JOHN T. SPARKS  
Hon. John T. Sparks today received a handsome medal from the war activities committee of the supreme court. Knights of Columbus, in recognition of distinguished and efficient service as a K. of C. Secretary in France in the world war. The medal is a striking souvenir in bronze, about the size of a silver dollar, suspended by a silk ribbon of red, white and blue.

On one side is a representation of a K. of C. secretary attending a wounded soldier on the battlefield, a many of them did. At the top is a shield and around the sides of the shield are the words: "Knights of Columbus." On the reverse side is the inscription: "Hon. John T. Sparks, in recognition of patriotic service as a secretary for the Knights of Columbus in their war activities, supporting our country's various participation in the great world war of 1914-1918."

Mr. Sparks is a prominent local representative from high officers of the American army for his work abroad. The medal he received today is prized highly by him as a tribute from a great organization.

Mr. Sparks is one of the most prominent K. of C. overseas secretaries, and a recent address in Cambridge that during the time that Mr.

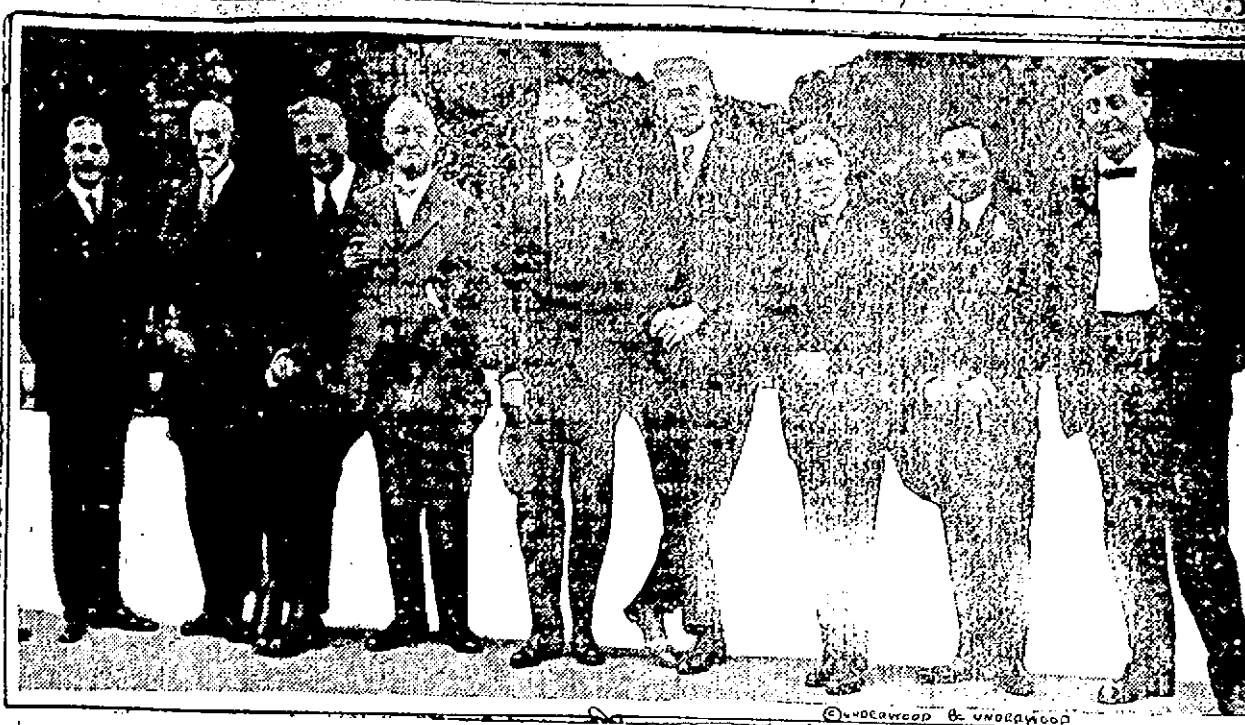

MOSQUITO BITE FATAL TO WOMAN  
LONDON, Oct. 18.—The first fatal mosquito bite ever reported in England caused the death of Mrs. Annie May Taylor, 10 years old. She was bitten on the face while in a park. Swelling and general infection ensued, and she died after ten days.

TRANSPORTATION CO. IN NO. CHELMSFORD  
(Special to The Sun)  
Articles of Incorporation have been granted the Merrimack Transportation Company of Chelmsford for the transportation by automobiles or auto trucks of goods, merchandise or passengers.

THE CAPITAL STOCK IS TO BE \$100,000. There being 100 shares of common stock at a par value of \$100. All of it will now be issued. Stock to the amount of \$7410 will be paid for by cash of \$7410 in an auto truck and of \$1500 in a trailer. Each of the incorporators has subscribed for 50 shares of the common stock.

JAPAN IS PAYING COUNTY FOR SHEEP  
TOKYO, Oct. 18.—The Japanese government to encourage sheep-breeding is paying bounties on all sheep between two months and five years of age brought into the country. All animals are insured at the cost by the government.

Katydid and crickets "sing" by the vibration of their wings.

RAIL BIRDS? OH, NO. DELEGATES TO ROUND TABLE CONFERENCE

WASHINGTON—Parade, rest! Here's a chance for a little study of some of the delegates to the president's round table conference that is trying to solve all the problems that perplex up. Left to right: Harry A. Wheeler, T. C. Atkinson, Thomas L. Chadbourne, William G. Lee, Edwin Farnum Green, Bernard Baruch, John D. Rockefeller, Jr., Matthew Wall and W. D. Mahon.

## HURRICANE MILL AT WILKESBARRE

(Special to The Sun)

WILKESBARRE, Pa., Oct. 13.—Eddie McAndrews of Philadelphia and Steve Lazio of Halleton fought 10 terrific rounds here last night before the peerless Athletic club. The contest was the hardest seen here since the club organized. Both men finished strong.

JOE WELLS FIGHTED  
Joe Wells, marathon pugger, who runs under the colors of the Red Wing Athletic club and who represented that organization in the Lawrence-Lowell road race was tendered a reception on Thursday night by his clubmates. Appreciation was expressed for the kindness of local business men who donated cups for the athletic events on Columbus day.

GOSH, HOW TIME DOES FLY!  
Here's a once-formidable group of American swatmen, each a headliner in his day. From left to right they are: Ad Wolgast, former light weight champion; Abe Attell, once king of the "featherers;" Jose Rivers, who all but appropriated Wolgast's crown; Billy Papke, "The Illinois Thunderbolt," and middleweight champ for a brief spell; the one and only Jim Jeffries; and "Gentleman Jack" Root, a high-class mauler of the "light-heavy" class some 15 years ago. They don't look to be such "abysmal brutes" eh?

## LUTHERANS OF POLAND TO GET \$1,000,000

According to a report published by the European relief committee of the National Lutheran council, 431 Fifth avenue, New York, it is likely that the Lutherans of America will make a loan of a million dollars to the Lutherans of Poland in order that they may be re-established on their farms and in their occupations.

Rev. G. H. Pannkeke of New York, in charge of the campaign for clothing and money, made the following statement: "We are facing two vexing problems in trying to help the Lutherans of Poland. The immediate problem is to bring relief. A group of 600,000 people are in danger of dying by tens of thousands unless clothing is supplied before the winter is far advanced. We have that task well in hand now. From practically every state clothing is on the way in carload lots. Much is already crossing the sea to Danzig.

"While this means much to the people over there it seems to us it is only a temporary palliative. It is not a cure. Next year will find them where they are this year, again a charge on our charity.

"There need is credit. They cannot get it in Europe. They are asked to pay 25 per cent. interest on insignificant sums. It is a pity the Paris conference did nothing to make credits available to rehabilitate life in Europe. "It seems our duty to do what the peace conference failed to do, viz., to see that those people are supplied with sufficient funds to get onto their feet by their own industry. That will be real charity. The matter has been placed before groups of influential Lutherans in various parts of the country, notably North Dakota, Minnesota, Illinois, Wisconsin and New York. They agreed to do it and promised to back it.

"The money is to be given to the National Lutheran council as a gift. It will administer the fund, making such arrangements as are necessary. Land mortgages will secure the loans.

"To my knowledge this is the largest charitable loan contemplated in the history of Christian charity. It is the only worth while thing to do in the situation, however. It means a permanent cure and not a temporary relief."

## THE PLACE WHERE MANY ARE "BROKE"

BY DAVID GIBSON.  
WASHINGTON, Oct. 18.—Every one seems to be broke here.

Most incomes are obviously derived from the national sugar can and the lid seems to be on rather tight so far as increased salaries are concerned; living charges having gone up and standards of living remain the same.

This condition is as true with those of large incomes as small ones. For instance, there are numberless widows of men once prominent in the political, business and social life of the nation who have for years lived here in retirement and with enough fixed income to maintain them in pretentious luxury.

But since the war income tax and the increased demands of tradesmen and servants have caused them to give up their houses and take to more modest quarters and ways of life.

Within the past two years many a fine old mansion in downtown Washington has been converted into a boarding and rooming house.

There is many a department employee still receiving \$50 per month just as they did 20 and 30 years ago.

One old man testified the other day before a congressional committee that he had reared a family on his present \$60 a month salary, but that he was now thankful that his family was off his hands in these times; for what he received was not enough to support

himself to say nothing of his good old wife.

One of the committee asked the witness what he did in the way of amusements, if he ever attended moving picture shows.

"Nothing," replied the witness, "the best my wife and I get in the way of moving picture shows is when we move past the show windows during our Sunday walks.

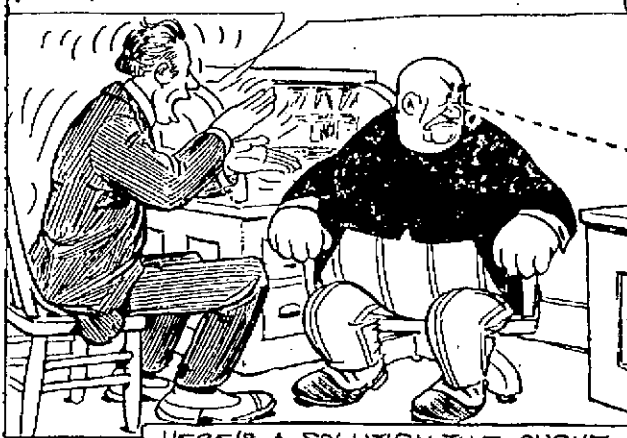

"But," continued the old man, "Sunday is my only time off and the merchants have recently taken to pulling down the curtains of the windows we like to look in the most, and so our only source of amusements has been largely reduced."

The government maintains no pension system for its employees, and there are numberless cases in blind and otherwise incapacitated clerks by reason of age and who are forced to go to their department each morning, ring in on the time clock and sit all day in idleness at the desks where once they were useful, and this in order to get the income to maintain themselves.

### ROMANCE REVIVED

AFTER 22 YEARS

EAST ROCHESTER, N. H., Oct. 18.—After a divorce and separation of 22 years, Sergt. Joseph Colby has remarried Mrs. Carrie Colby. Colby and

his wife quarrelled and Joe enlisted for service in the Spanish-American war. He stayed in the army, and after the St. Mihiel drive, got lonesome for his former wife and wrote to her, patching up the broken romance.

Charles Third of Germany in 1879, adopted the phrase "Year of Our Lord."

BY BL SSER

## Keep well

The best way to keep well is by proper diet, sufficient rest, enough exercise, and above all things by keeping the bowels regular. If you are unfortunate enough to be suffering from sick headaches, disordered liver dyspepsia, or constipation, you can get quick relief by a change of diet, by reforming your habits of hasty eating, by regulating the amount of rest or exercise, and by depending on the True "L.F." Atwood's Medicine to relieve you of the other disturbing symptoms. You can insure your health against sickness at little expense by a systematic use of this old and reliable household remedy; if you do not need it now for yourself, doubtless some relative or friend would be benefited by timely use of the medicine and would be grateful to you for suggesting it. It has helped thousands and is a household remedy today in hundreds of homes. Large bottle, sixty doses for 50 cents at any dealer's. Sample free for the asking. "L. F." Medicine Co., Portland, Me.

1 A DOSE

I'm intensely interested in the health of your baby. The infant needs all the attention a good physician and an up-to-date drug store can give. It needs properly balanced talcums for its delicate skin—and the purest of drugs for its little "tummy."

PAWTUCKETVILLE PLANS  
HOME WELCOME

Not to be outdone by Centerville, the Acra, the South End or any other section of the city, the residents of Pawtucketville have decided to give the world war veterans of that section of the city a welcome home reception and a celebration early in November and a mass meeting to perfect plans for the affair has been called for tomorrow afternoon at 3 o'clock in St. Columba's hall, Pawtucketville.

AMERICAN RED CROSS  
ANNUAL ROLL CALL

Between the dates of November 2 and 11 the American Red Cross will hold its annual roll call, which in substance, is a membership drive for the purpose of sustaining the present enrollment and adding new names to the chapter lists all over the country. Memberships expire in December, but the drive is being planned at an earlier date to obviate the necessity of so much work in conjunction with the natural Christmas rush.

Local interest in the roll call, of course, centres in North Middlesex chapter, which has its headquarters in Lowell. It will make an earnest appeal for all present members to renew their pledges to the extent of \$1 and will welcome additional members without limit.

The Red Cross abroad is still making great demands upon local chapters for funds and no chapter can hope to exist unless it has money in its treasury. The Red Cross has a work to do now, just as vital as its war time activities. It is not distinctly a war agent, but stands ready to rise to any emergency whenever aid is needed.

If people wish to endorse the work the Red Cross accomplished during the days of war and desire to show appreciation for the untold acts of mercy it did, a renewal of membership is all that is asked. Of course, gifts aside from membership dues will be thankfully received and further details as to the proper way of sending or giving contributions will soon be published.

American Red Cross work has its front line and its service of supply, as did the army in France. It was the S.O.S. of the army, working day and night, which kept the men in the fighting units supplied at all times with ammunition, food, clothes and transport and so enabled them to win the victory for the allies and civilization. It is the S.O.S. of the Red Cross which enables the workers in the front line of civilization to carry on the fight against hunger, disease and death.

The headquarters of the S.O.S. of the Red Cross for Europe is in Paris and there are advanced posts in every country where the work is being carried on. From Paris supplies are forwarded to the advanced bases and then taken to the "fighting line" by camion, wagon, ox-carts, dog-carts and some times, in places where there are no passable roads, on the backs of men. From the Baltic provinces in the north, the fighting line of the Red Cross crosses Europe lies in a circle down through Hungary, into the Balkans and Greece, and then, with a break of water, through the islands of the Aegean Sea to the east coast of the Black Sea and north into Russia following the advance of General Penkine's army that is liberating olive-green territory from a reign of terror. It is a far-flung line of men and women battling for starving peoples, and it is to keep this line in and never lacking in supplies, that S.O.S. workers overtime sending forward the shew of food, clothing and medicine with which to "carry" it.

To help support its S.O.S. the Red Cross will appeal to the people for members and funds in this roll call, November 2 to 11.

## MISS TRACY IN

## SONG RECITAL

Members of the League of Catholic Women are looking forward to the song recital to be given tomorrow afternoon at 3 o'clock in Lincoln hall by Miss Tracy, one of Boston's best known pianists. Miss Tracy has studied in Florence, Italy. Tomorrow she will bring a group of charming folk songs and will also read a short paper, "The Art of Singing from a Local Point of View." Musical criticism has been very much impressed by Miss Tracy's work and tomorrow afternoon's recital should be a treat to music lovers of the league.

## SERVICE AND EFFICIENCY

Speaking of service and efficiency it is very often these days that anybody will travel several hundred miles to deliver three cars to their owners. That's just what George R. Dana, did a few days ago when he went to Detroit, Mich., for the special purpose of getting three Cadillac cars which had been ordered at their service station at 2-24 East Merrimack street by anxious customers who wanted them as soon as possible.

Mr. Dana rode all three cars over the road from Detroit to this city so as to be able to accommodate the buyers. He can readily see what is meant by "service and efficiency" after this demonstration.

## RELIEF ASSOCIATION

At a meeting of the members of the 133 International Association of Chemists held last evening the matter of forming a relief association among the members of the organization was discussed at length. It is proposed that the relief association be entirely separate from the union and have the lines of the relief orders for Railroad Brotherhoods. This matter will be given further consideration at the next meeting.

## LAST LAP OF HORSE RACE

10 Remaining Horses in Cavalry Endurance Race Leave Concord, N. H., for Devens

CONCORD, N. H., Oct. 18.—The 10 remaining horses in the cavalry endurance race from Burlington, Vt., to Camp Devens, Mass., started from the local camp grounds on the last lap of the trip shortly after 7 o'clock this morning. It was considered probable today that the judges would have to add an extra day to the race with increased conditions to decide the winner. Fifty pounds of additional weight and the shortening of the time for the extra 60 mile jaunt was discussed as the probable conditions should the race be continued to the sixth day, the course to be selected by the judges.

Capt. Paul Hurlburt's 10-year-old brown Morgan, led the field in the matter of time when the start was made today, having a perfect score of 40 hours for the 242 miles covered. Rusten Bey held second place with 40.05, and "Bob," the 13-year-old half-bred, was a close third was 40.09.

Today's course was considered good, passing through Hooksett, West Manchester, Bedford, Amherst to Milford, the half way station, to Pownhall, West Groton and Camp Devens, Mass., which will be reached about 5 o'clock.

The judges today will devote considerable time watching the horses on the road to determine the condition of each mount at the close of the day's jaunt.

## SUN BREVITIES

Best printing, Tobin's, Associate bldg. Lydon for best catering. Tel. 4934.

J. F. Donohoe, 223 Eldredge Bldg., real estate and insurance. Telephone.

Mrs. J. L. Gaynor and grandson of Toledo, Ohio, who have been visiting Mrs. Gaynor's sister, Mrs. C. H. O'Donnell in this city, have returned home.

Joseph A. Proulx of 755 Merrimack street returned last night from a three weeks' hunting trip to Lake St. John, Canada. He reports great luck in his hunting experiences.

An enjoyable dancing party was held by the Shamrock club in Grafton hall last evening and a large number of members and friends of the organization were on hand for the event. Foley's jazz orchestra was there, too.

Alfred Lajeunesse of 37 Trotting Park road, left this morning for Montreal, Que., where he will spend a week visiting relatives and friends. Mr. Lajeunesse has made plans to spend two or three days hunting and fishing.

Molly Varnum chapter, D. A. R., will hold its first meeting of the season at the Spaulding house next Tuesday afternoon at 3.30 o'clock. Miss Florence Nesmith, recently returned from canteen service overseas, will give a talk on her interesting work.

The local park department received this morning a check from the Aetna Casualty Insurance Co. amounting to \$37.50 in payment for damages to a maple tree of the department in upper Westford street which were caused last June by an automobile running into it.

The following members of Lowell's "Inest," who were appointed to attend the annual convention of the Massachusetts Police Association in Worcester have returned to the city: Sergt. Patrick Crowley, Patrick P. Noonan, Daniel Murphy, James Whitworth, Owen Tansey, John J. Fanning and Edward F. Flanagan. All report the convention one of the most successful in the history of the organization.

a brother of the bride. The couple will make their home at 32 Burgess street.

**Tibbitts-Sherman**  
An out-of-town marriage of interest to Lowell people was that performed at the Church of the Epiphany, Winchester, Wednesday evening, when Miss Julie Sherman, daughter of Mr. and Mrs. Roland Henry Sherman of 14 Everett avenue, Winchester, was married to Howard L. Tibbitts, son of Mrs. Adele Tibbitts of 27 Wedgemere avenue, Winchester, and a former well known resident of this city. The officiating clergyman was Rev. Murray W. Dewar. Miss Katharine Starr of Winchester was maid of honor and the best man was Rev. Norris L. Tibbitts of Brunswick, N. Y., a brother of the bridegroom and also a former resident of Lowell. Among the ushers was Frederick C. Church, Jr., of this city. Mr. Tibbitts is a member of the class of 1920 at Harvard and served as ensign in the United States navy during the recent war. He will return to Harvard following the bridal journey.

**Kerins-Shea**  
Mr. John J. Kerins of North Chelmsford and Miss Josephine V. Shea of 53 Front street, this city, were united in marriage at St. Michael's rectory, Oct. 17, by the pastor, Rev. John J. Shaw. The bride was attended by her sister, Miss Mae Shea, and the best man was Mr. James O. Shevlin. The couple will make their home in this city.

## DEATHS

**KERSHAW**—Mrs. Mary Kershaw died yesterday afternoon at the home of her daughter, Mrs. Samuel Pilkington, 21 Otis street, at the age of 78 years, 11 months and 23 days. Mrs. Kershaw had been a resident of this city for the past 10 years. She leaves two daughters, Mrs. Samuel Pilkington and Mrs. James Howard of this city; two sisters, Mrs. Martha B. Sanders of Leominster and Mrs. Harriet Smithson of Glastonbury, Conn.; also four grandchildren and three great-grandchildren.

**DUNLAP**—Mrs. Ellen Dunlape, a well known resident of Lowell, widow of James Dunlape, died this morning at the home of her daughter, Mrs. George A. Marren, 13 Varnum street, at the age of 78 years. Mrs. Dunlape was a member of St. Columba's church and is survived by two daughters, Mrs. George A. Marren and Mrs. William J. Dunlape, one son, John C. Dunlape, all of Lowell.

**JOHNSON**—The many friends of Miss Mary Josephine T. Johnson will be grieved to learn of her death which occurred suddenly last night at her home, 325 Suffolk st. Decene was born in this city Oct. 21, 1868, and was educated by the Sisters of Notre Dame. She has always been active in the affairs of St. Patrick's church and was also until recent years prominent in amateur theatricals, appearing a number of times in the various productions of the Matthew Temperance Institute. She is survived by her brothers, Dr. Stephen J. Johnson, Michael J. Johnson, director and organist of St. Patrick's church choir, William J. Johnson, and her sisters, Mrs. J. and Joseph J. Johnson of this city, and one sister, Mrs. Thomas J. Tobin. Decene was a member of the choir of St. Patrick's church.

## FUNERAL NOTICES

**KERSHAW**—Died in this city, October 17, at the home of her daughter, Mrs. Samuel Pilkington, 21 Otis street. Mrs. Mary Kershaw, aged 78 years, 11 months and 23 days. Funeral services will be held at the home, 21 Otis street, on Sunday afternoon at 2 o'clock. Friends are respectfully invited. The funeral arrangements are in charge of Undertaker William H. Saunders.

**DUNLAP**—The funeral of Mrs. Ellen Dunlape will take place Tuesday morning at 8.15 o'clock from the home of her daughter, Mrs. George A. Marren, 13 Varnum street. Interment will be in St. Patrick's cemetery in charge of Funeral Director James W. McKenna. Motor cortege.

**POPE**—Mr. William Pope died Thursday at 1 p. m. He leaves his wife, Carrie Pope; two daughters, Cora and Lillian; two brothers, George of Clinton, N. Y., and Charles of Worcester; two sisters, Mattie Colburn of Breckton and Hanna Hamlet of Lowell. Services will be held in the chapel at St. Columba's church at 2 o'clock Sunday afternoon at 2 o'clock.

**JOHNSON**—The funeral of Miss Mary J. T. Johnson will take place Monday morning at 8.15 o'clock from her home, 325 Suffolk st. A funeral mass will be sung at St. Patrick's church at 9.30 o'clock. Burial in St. Patrick's cemetery in charge of Undertakers James W. McKenna & Sons, motor cortege.

## CARD OF THANKS

We, the undersigned, wish to express our sincere thanks to our friends and neighbors who, through their kind words and deeds, helped to lighten our burden in the death of our beloved wife, mother and sister, Mrs. Margaret O'Connell, who died on October 17, 1919. We assure them all that their kindness will ever be remembered by us all.

JAMES WELCH AND FAMILY,  
MARTIN WELCH AND FAMILY,  
MISS MARY AND MARGARET WELCH.

## BOARD OF TRADE TO MOVE NEXT WEEK

The Lowell board of trade will leave its present quarters at 117 Merrimack street, which it has occupied for well over a year, to take up its new abode in the reconstructed Carney bank building in Shattuck street the latter part of next week. It was announced today.

Although the building has not been thoroughly completed and the entire quarters to be occupied by the board eventually are not yet ready, nevertheless, one large room has been completed and heat installed. The board will occupy this until the remaining parts of its quarters are ready.

## KEEPAWAS CLUB ANNIVERSARY

The home of Richard Thomas, 19 Fourth avenue, was the scene of a pleasant gathering last evening, the occasion being the first anniversary of the Keeawas club, of which Mr. Thomas is president. There were about 40 members and friends of the organization present and all spent a most enjoyable evening. In the early part of the evening luncheon was served and later a varied program, including instrumental and vocal selections was given, those taking part being Miss Christina Martin, Miss Esther McLaughlin and Miss Evelyn Tremblay. Games were played and the guests present complimented the officers of the club for the success achieved during the past year, while they also extended their best wishes for the future. The officers of the club are as follows: Richard Thomas, president; Raymond Conley, treasurer; James Nolan, secretary; John McLaughlin, Joseph Haley and John O'Connor, board of trustees.

## FUNERALS

**EMMETT**—The funeral of Robert W. Emmett, who was killed by an electric car in Lakeview avenue Wednesday evening, was held from the rooms of Undertaker William A. Mack, 76 Grafton street, yesterday afternoon. The bearers were playmates of the deceased and attendants of St. Michael's school. The services were private and burial was in St. Patrick's cemetery.

**GLASGOW**—The funeral of Arthur Glasgow took place Thursday afternoon from his home, 788 Princeton st. Services were held at the home. The bearers were Herbert Marsh, Harry Nash, Robt. Conroy and Frank Brown. Burial was in Westlawn cemetery in charge of Undertakers James P. O'Donnell & Sons.

**LEMERISSE**—The funeral of Mrs. Adolphe Lemerisse took place this morning from her home, 490 Moody street. Solemn high mass of requiem was celebrated at St. Joseph's church at 9 o'clock by Rev. Charles Deniot, O.M.I., assisted by Rev. Armand Barou, O.M.I., as deacon and Rev. Joseph Bodard, O.M.I., as sub deacon. The bearers were N. J. Begin, Philippe Fortin, Joseph Marlet, Joseph Fournier, F. X. Rivet and J. E. E. Trempanier. Burial was in St. Joseph's cemetery, where the communal prayers were read by Rev. Rosario Jabbert, O.M.I. Funeral arrangements were in charge of Undertakers Amodee Archambault & Sons.

**LUCAS**—The funeral of Mrs. Ralph Lucas took place this morning from her home, 45 Madison street. Solemn high mass of requiem was celebrated at St. Joseph's church at 9 o'clock by Rev. Leon Lamothe, O.M.I., assisted by Rev. J. B. A. Barrette, O.M.I., as deacon and Rev. Joseph Denis, O.M.I., as sub deacon. The bearers were James McGovern, James Johnson, Thomas Markham, Ralph Jones and J. Ledoux. The following delegation from Notre Dame de Lourdes Ladies Aid, St. Elizabeth's Brotherhood, Trinitarian attended the funeral and exemplified the service of their order at the grave: Presiding, Charles J. Doherty, Ladies Aid, Chantain Hall and Sisters Simons, Herbert and Dunkley. Attending the funeral from out of town were Mrs. Napoleon McGroarty, Mrs. Samson, Thomas as Rohrer, of Berlin, N. H., and Mr. and Mrs. Theophilus Bourget of Quebec. There was a wealth of floral offerings. Burial was in St. Joseph's cemetery, where the communal prayers were read by Rev. P. Barrette, O.M.I. Funeral arrangements were in charge of Undertaker Joseph Albert.

## REQUIEM MASSES

**PLAHAVAN**—Anniversary mass Monday morning at 8 o'clock in St. Peter's church for David J. Plahavan, who died Oct. 20, 1918.

In Saint Patrick's kindly sleeping, Where the flowers sweetly wave, Lies the one I loved so dearly In his lonely, silent grave. He will never be forgotten; Nor shall his memory fade; Sweetest thoughts will always linger 'Round the grave where he is laid. Sadly missed by his mother, Mary Plahavan.

**McCarthy**—Anniversary mass for the repose of the soul of Mrs. Ellen McCarthy at St. Patrick's church, Monday at 8.45 a. m.

**McCarthy**—There will be a month's mind mass for Mary A. McCarthy at St. Patrick's church, Tuesday morning at 8 o'clock.

## SLIGHT INCREASE

## IN DEATH RATE

There was a slight increase in the local death rate this week, 31 deaths being reported in comparison with 32 last week and 27 the previous week. The rates for the three weeks were 14.37, 15.11 and 13, respectively. There were 11 deaths of children under five years of age this week and of these, six were less than a year old. Infectious diseases caused seven deaths, pneumonia, 2; diphtheria, 1; tuberculosis, 5, and influenza, 1.

Infectious diseases reported were: Diphtheria, 1; scarlet fever, 6; typhoid fever, 2; infantile paralysis, 2; tuberculosis, 2.

There have been six cases of infantile paralysis reported to the board of health so far this year.

In the corresponding week last year there were 160 deaths reported and of these, 55 were caused by pneumonia and 31 from influenza. A total of 1072 cases of influenza were reported a year ago this week.

## Shot Wife and Then Killed Himself

NORTH ADAMS, Oct. 18.—Angered because his wife from whom he had been separated for 12 years repeatedly refused to live with him again, John Coats, 45 years of age, went to her home at 8 Summer street at 7 o'clock this morning and shot her through the breast when she opened the door in response to his rap, and then shot himself through the head inflicting a wound from which he died an hour later at the North Adams hospital. Mrs. Coats is now on the dangerous list at the hospital and her recovery is in doubt. The police express the belief that Coats was mentally unbalanced and say that he had been annoying his wife lately by following her about and asking her to go back to live with him.

## Alleged Larceny Case

## Continued

tion, street car men—all are popularly supposed to be stealing these days, added Mr. Tierney. It seems to be the general opinion that almost everyone steals—with the exception of lawyers and clergymen—who are admittedly honest men!

Atty. Wier said that the greater majority of conductors are honest. The three defendants had not shown themselves honest in their transactions with the company, he alleged. The conductor is not allowed to deposit fares, he emphasized, and these three conductors had admitted doing this on various occasions. He objected, he said, to describing the five "operators" of the Philadelphia detective firm who had testified against the conductors as "spotters." A spotter is a man, he affirmed, who induces a man to commit an infraction of the law and then attempts to convict him of the crime.

The case was opened before Judge Enright over a month ago, when the three conductors, following their arrest, pleaded not guilty to the charge of stealing fares from the local lines of the street railway on different dates in September. The amounts given in the charge ranged from 10 cents to \$1.20; none of the total amounts credited to each man were for more than \$5.

Hearing of the cases commenced on Sept. 30 when the prosecuting attorney, Mr. Wier, presented evidence, given by the investigators, members of a railroad detective agency of Philadelphia, in connection with the alleged fare stealing.

A feature of the evidence was the statement of one of the "operators," who declared that he had made "blind notes" in his coat pocket, while riding in the vestibule of the cars under the very eyes of the suspected conductors.

The prosecution closed its case on October 9, and when the hearings were resumed last Tuesday the three conductors were called by Attorney Tierney to testify in their own defense.

All admitted they had withheld fares on various dates in September, but said they had done so to make up discrepancies caused by the inaccuracies of the Rooke register or portable fare boxes. In no instance had they kept any money rightfully belonging to the company and converted it to their own use, they declared.

One of the defendants affirmed that on some occasions he had made up money from his own pocket caused by the "over charging" of his Rooke register.

## FIRE IN MATTRESS

A blaze in a couple of mattresses on the roof of the building numbered 635 Middlebury street, caused, it is believed, by a carelessly thrown match, was responsible for a telephone alarm at 12.42 o'clock this afternoon. The mattresses were placed on the roof of the building by a family who was moving into the house. The damage was slight.

## CARD OF THANKS

We, the undersigned, take this means of expressing our sincere thanks to all those who by their many acts of kindness and spiritual and moral offerings helped to lighten our burden of sorrow in our recent bereavement. We also wish to thank the Alexander Lodge, No. 22, and the Ladies Auxiliary of Brotherhood of Trainmen. To each and all we are deeply grateful and will ever remember their kindness.

RALPH JONCAS and Family.

machine in the late afternoon of Sept. 12, as he was crossing the street to his home after alighting from a street car. He died soon afterwards.

In making his report on the inquest of McManis' death Judge Pickman found "that the death of George McManis was not caused or contributed to by the criminal negligence of Joseph Romroy in the operation of the automobile, or by the criminal negligence of any other persons."

The Stamatopoulos boy was fatally injured on Sept. 15 when he was struck by a motor truck driven by Jean as he was playing with other youngsters in the street. The inquest report finds in this case also "that the death of Theodore Stamatopoulos was not caused by the criminal negligence of Joseph A. Jean or any other persons."

## Charge Intent to Murder

On the charge of assault with intent to murder upon Gen. Juen, the waiter at the Canton restaurant, who was dangerously injured in a stabbing affray in the restaurant kitchen on the night of Sept. 17, Wong Loy was called on continuance in police court today and a further continuance ordered until Nov. 5, the victim of the affair still being unable to leave the hospital and give his testimony of the fracas. Loy is held in \$5,000 and has pleaded not guilty. He claims the stabbing was accidental.

## Pleading Not Guilty

Pleading not guilty to stealing \$50 from Agnes T. Haran on Oct. 11, James Laird had the case against him continued for one week. Bail was placed at \$300.

## THE STAR GAZING SCRIBE ELOQUENT

If you are one who arises betimes in the morning and adheres to the habit season in and season out, hot or cold, you are reaping a rich reward this month for the four beautiful planets, Jupiter, Saturn, Mars and Venus show in the heavens together just before dawn breaks in the east. Their milk white brilliance flashes from the sky like Koobinoors and on a clear, crisp morning, such as today they are as clean cut and sparkling as four precious stones resting in settings of pale blue velvet.

Jupiter, more majestic than the others, brighter and more fascinating, lies well over toward the east, while the other three stand higher in the early morning sky. It is Jupiter that entralls you most and strikes a note of wonderment not far removed from a desire to worship and as you feel it diamond-like influence, one might well say with the worshippers of old, as it seems to beckon you on:

"We three kings of Orient are,  
Bearing gifts, we travel afar;  
Field and mountain, moor and meadow  
Following yonder star."

Five thousand persons visited the grave of the late Theodore Hunsvelt one Sunday.

## NO OPERATION ON PRES. WILSON

WASHINGTON, Oct. 18.—President Wilson's condition showed no material change today but was considered satisfactory by his physicians, who issued the following bulletin: White House, October 18, 1919, 11.20 a. m.

"The president rested well last night. There is no material change to note in his general condition. No new symptoms have developed.

(Signed)

"GRAYSON  
"RUFFIN  
"STITT"

Four physicians, including Dr. Hugh H. Young, a Johns Hopkins hospital specialist, called in by the president's personal physician, reported last night following a consultation lasting more than three hours that the prostate gland swelling which had retarded Mr. Wilson's recovery had been reduced and that no operation would be necessary, at least not at this time. In order that a recurrence of the local irritation might be guarded against, Dr. Grayson had asked Dr. Young and the other physicians attending yesterday's consultation—Doctors H. A. Fowler, a Washington specialist on prostatic ailments; Dr. Sterlin Ruffin, another Washington physician, and Rear Admiral Stitt, head of the naval hospital here, to return today to the White House.

## Good for You, Lagloo

## Continued

first Eskimo to join the army since the signing of the armistice.

It was only a few days ago that Lagloo wandered into the office and expressed in broken English his desire to join the army so that he might learn the English language. Sergt. MacLeod pointed out in persuasive manner the benefits to be derived from service with the United States armed forces. Lagloo declared that his inability to speak English had proved a serious handicap to him and then the sergeant broached the "Americans All" unit at Camp Upton where foreigners are taught the rudiments of citizenship.

The idea seemed to appeal to Yunk immensely and he asked if he might be recruited. He was given a thorough examination, found hearty and fit from his exposure in the land of snow and ice and accepted. He was sent to the Boston office for final examination and today Sergt. MacLeod was notified that Lagloo had been accepted. He will be sent to Camp Upton at once.

Lagloo was of short stature, very dark and coarse-haired. The officers at the station say his features resembled greatly those of the Japanese. From what they could learn, he had been working on a whaling vessel which had anchored in Boston harbor and by chance had come to Lowell. He said his home was in the Rangier islands north of Alaska and that he had been away from it for some time.

During the war several Eskimos were drafted into the army from the Alaskan regions, but this is the first instance of a man of that nationality enlisting since the signing of the armistice.

## THE LUCY LARCOM CAMP FIRE GIRLS

The Lucy Larcom Camp Fire Girls held an enjoyable dancing party in St. Anne's parish hall last evening and the affair was attended by a large crowd of young people. Heller's seven-piece orchestra accompanied the dancers in excellent fashion. The punch table was in charge of Mrs. Lafleur. Miss Gertrude Pratt and Walter Bestick, Miss K. Kelly, the guardian of the organization, was ably assisted at the door by Mr. Lafleur, Mr. Cook and E. White. The matrons were Mrs. Heller, Mrs. Frenette, Mrs. Roberts and Mrs. Atkinson. Calvin Burger was floor director.

Before taking your train home from Boston get The Sun at either newsstand in the North station.

## NASAL CATARRH

Though Very Common It is a Serious Disease—Worse at This Season.

It is an inflammation of the mucous membrane, causing a discharge, and is aggravated by colds and sudden changes of weather, but depends on an impure condition of the blood. When chronic it may develop into consumption by breaking down the delicate lung tissues and impairing the general health. Best treatment with Hood's Sarsaparilla at once. This medicine purifies the blood, removes the cause of the disease, and gives permanent relief. It has been entirely satisfactory to three generations. If a cathartic is needed take Hood's Pills—they are gentle and thorough, cleanse the liver, regulate the bowels.

## THE LOWELL GIRL

## SCOUT MOVEMENT

A representative group of local people interested in the Girl Scout movement was present at the Community Service club last evening to solidify that outdoor organization and to discuss plans whereby larger numbers of girls under the age of 17 years might be induced to join troops.

The speakers were Mrs. Roblin and Miss Scott of the Massachusetts General Council of Girl Scouts and they told interesting stories of the growth of the scouts throughout the state. Leaders of local troops 1, 2, 3 and 6 also were present as well as a fine representation of the scouts, themselves. The meeting progressed so far as to allow for considerable follow-up work by the community club relative to the formation of a junior membership division, the definite plans for which, however, will not be formulated until later.

Miss Katherine Bailey and Miss Ann Taylor chaperoned a score of club girls on a trip to Camp Devens last evening. Dancing was enjoyed at the Soldiers' club and a beautiful evening made the trip delightful. The girls were taken to and from the camp in a truck loaned by the Merrimack Mfg. Co.

Dramatic tryouts for two plays to be given in the near future will be held at the club on Monday evening, next. On Tuesday night a group of girls will go to Devens to present a farce comedy, "The District School," at the hostess house.

## CATHOLIC CHURCH

## BURNED TO GROUND

PROVIDENCE, R. I., Oct. 18.—St. Joseph's Catholic church in the town of Burrillville, was totally destroyed by fire early this morning, the damage being estimated at \$35,000. The fire had been raging for more than an hour within the edifice when discovered by a milk peddler. Rev. John S. Dunn, pastor, a gas mask over his face, tried repeatedly to approach the altar to rescue the ciborium, but was driven back by the terrific heat and poisonous smoke. There had been a fire in the church for two days and the origin of the blaze is a mystery.

## TO PROBE LONG CONTRACTS

WASHINGTON, Oct. 18.—The select committee of congress on expenditure in the war department is making an investigation of the contracts secured during the war period by Richard I. Long, democratic candidate for governor of Massachusetts.

This investigation is in line with the examination that has been conducted for some weeks into contracts made with all industrial concerns during the war.

## Paris Gets Official Report of Capture of Former Capital of Russia

LONDON, Oct. 18.—The white flag was hoisted over the Bolshevik fortress of Kronstadt on Friday night, according to a Helsingfors despatch quoting a Finnish general staff report.

LONDON, Oct. 18.—General Yudenitch has captured Krasnoye-Selb and Gatchina, south of Petrograd, where he met workingmen from the city who asked that the North-western Russian army refrain from shelling Petrograd and pledging if this promise was given to join the anti-Bolsheviks, according to a Helsingfors despatch received here.

PARIS, Oct. 18.—The following notice was posted at the stock exchange this afternoon:

"Official—Petrograd has been taken."

Gen. Mangin Off For Battle  
PARIS, Oct. 18.—General Mangin, the French member of the inter-allied commission to superintend the evacuation of the Baltic states by the troops of General von der Goltz, will leave Paris immediately for the Baltic, it was decided today by the supreme council. Brig. Sherwood A. Cheney, U.S.A., and representatives of the other great powers will follow in a few days.

The peace conference has received messages to the effect that General Yudenitch was expected to take Petrograd within two days. It has not yet received, however, regarding the reports that his army had actually entered Petrograd.

## Report of Capture Confirmed

LONDON, Oct. 18.—The British war office today received confirmation of the news of the capture of Gatchina, 25 miles south of Petrograd, by the North-western Russian army of General Yudenitch. The Bolsheviks were driven from the town yesterday.

## NOTRE DAME ALUMNAE ANNUAL REUNION

The 24th annual reunion of the Notre Dame Alumnae association was held today at Notre Dame academy in Adams street and attracted about 200 former students of the school from all parts of New England and New York. Ideal weather and a number of happy features marked the occasion.

The reunion opened with the celebration of mass at 10 o'clock in the academy chapel by Rev. Francis Keenan of St. Patrick's church. Following the mass a general reception and exchange of greetings among the members of the association took place and at 12.30 the annual banquet was served. After an excellent meal had been partaken of, Miss Julia P. Donahue, president of the organization and presiding officer at the banquet, called to order and introduced Miss Anna Broadvine of Beachmont as the toastmistress. Miss Donahue then delivered an address of welcome in which she complimented the members of the association on their large representation at today's affair, thanked them for the support they had given her as president and predicted an even more brilliant future for the organization.

Following her address, there came the Notre Dame chorus and then Mrs. Nellie Brosnan Bagley spoke on the theme: "East Greets West." Next was the Alumnae hymn sung by the chorus, followed by an address on "A Reconstruction Problem," by Miss Madeline Peerin. The exercises closed with another selection by the chorus. The following officers were elected at today's reunion to serve for the coming year: President, Mrs. Joseph F. Donahue, Lowell; first vice president, Mrs. Patrick J. Bagley, Lowell; second vice president, Miss Anna Broadvine, Beachmont; secretary, Miss Josephine Dunlavy; treasurer, Miss Katherine Murphy; usher, Miss Alice Walsh, chairman; Miss Mary O'Hearn, Miss Alice Sullivan, Miss Mary Roark, Miss Katherine Holmes, Miss Marie O'Donnell and Miss Molly Sullivan.

At 5 o'clock this afternoon benediction was held at which the soloist was Mrs. Theresa Mahoney Donovan of Lawrence.

## ALLEGED LARCENY CASE

Judge Enright to Give Decision in Street Car Conductors' Case Tuesday

Judge Enright will make his decision in the case of the three Lowell street car conductors charged with stealing fares from the Eastern Massachusetts street railway on various dates in September, at 1.30 o'clock Tuesday afternoon. His honor made this announcement today after the final arguments had been presented by counsel. The conductors are J. J. Kelly, Camille Chieoche and John E. Wallace, whose trial consumed the greater part of last week.

Both attorneys, Edward J. Tierney for the carmen, and Fred N. Wier for the company, argued the case exhaustively at this morning's session, the evidence for both sides having been completed Tuesday afternoon.

Atty. Tierney called the court's attention to the alleged inaccuracies of the looker register and the portable fare boxes in use on the local lines of the street railway. The looker register is so constructed that it cannot jump backwards in favor of the conductor, he declared. When it skips forward, it skips forward, overcharging the employee. Conductors could not be found guilty of stealing when they had merely held out fares to make up for this over-charging by the register, he said.

## G.O.P. LEADERS ENTER PROTEST

Oppose Supreme Council Decision to Allow Americans on Commissions

Against Participation of Americans Until Peace Treaty Is Ratified

PARIS, Oct. 18.—The supreme council today adopted a resolution that delegates of the great powers may sit on the various commissions created under the German peace treaty, and may vote on questions before these commissions, whether or not their governments have ratified the treaty. If the United States senate does not object, it is stated to be probable that American delegates will take the places assigned to the United States on such commissions.

Germany is anxious to have the commissions begin their work fully organized, it is declared, and is particularly desirous of American representation on them.

Signor Tittoni, the Italian foreign minister, sat in the council today for the first time since his recent return from Rome. He has been ill for the past two days.

The subject of Finance was not taken up.

WASHINGTON, Oct. 18.—Republican leaders declared emphatically today that the senate would not consent to participation by American representatives in the League of Nations or other international commissions until the peace treaty had been ratified by the senate and specific laws enacted later by congress, authorizing such representatives and providing for their expenses.

## BIG DROP IN INFANT MORTALITY RATE

One of the lowest infant mortality rates which Lowell has ever recorded is that checked up for her by the federal authorities for the week ending Oct. 11, according to a report received at the office of the local board of health this afternoon.

This city's rate was 2.4 and only four cities out of the 45 large cities that report on infant mortality had lower rates than Lowell.

Dayton, Ohio, was in the lead with 30, Jersey City second with 27.7, Birmingham, third, with 27.5, and Fall River and Buffalo tied for fourth place with 26.7. San Francisco was low with zero and the average rate was 15.8.

Rates for the large cities were as follows: New York, 16.1; Boston, 12.3; Philadelphia, 17, and Chicago, 15.2.

A count of vessels in the port of New York on October 1 showed 505 were locked there.

## RESCUE OF 355 IN MID-OCEAN

Story of How Passengers and Crew of Burning Steamer Were Picked Up

Liner Reaches New York With Survivors Driven From Ship by Fire

NEW YORK, Oct. 18.—The story of a rescue in mid-Atlantic of 355 men, women and children from the burning French steamship Venezia was told with the arrival of the French liner Chicago, which had picked them up in lifeboats after fire and exploding casings of rum had driven them off the ship.

Captain Paul Bonifacio of the Venezia, his first officer and two men stayed with the ship an hour after the Chicago had picked up the boats. Frequent explosions of casings of rum drove them to the poop deck. Finally after an unusually severe explosion which caused the ship to become practically a mass of flame from stem to stern, the men dropped hastily to a lifeboat and pulled away from the burning hulk.

Because of the prompt response of the Chicago to the wireless call of distress from the Venezia none of the latter's passengers or crew had any ill-effects to show from their early morning shipwreck. The sea was calm at the time, the temperature moderate.

The Venezia, Havana for St. Nazaire, had a cargo of 230 tons of rum and 1550 bags of sugar. The fire started amidships at 2 a. m., last Monday morning. It was here that the rum was stored. Efforts to check the flames were of no avail. An S.O.S. call was sent out immediately and at 3 a. m., the Chicago, 80 miles away, bound for New York, answered. The Venezia shifted her course toward the Chicago, but an hour before the latter was in sight had to stop because fire and heat made the engines unworkable.

Meanwhile the passengers had been put into the lifeboats, this operation taking from 6 o'clock until 7 o'clock. The Chicago arrived on the scene at 7.30 and had picked up all the lifeboats an hour later. The boats had remained as near the burning vessel as safety permitted.

Minute by minute the passengers were put into the lifeboats, this operation taking from 6 o'clock until 7 o'clock. The Chicago arrived on the scene at 7.30 and had picked up all the lifeboats an hour later. The boats had remained as near the burning vessel as safety permitted.

## ENDS RECORD FLIGHT AT 1.50

Flies From Coast to Coast and Return in Remarkably Fast Time

Large Crowd, Including Wife and Children, Greets Noted Airman

MINNEOLA, N. Y., Oct. 18.—Lieut. Belvin W. Maynard, victor in the army's air race across the continent and return, the greatest aviation endurance test of history, landed here at 1.50.05 p. m.

The grim spectre of death winged its tragic flight with the army's great transcontinental air derby. Ten lives had been the toll to the time Lieut. Maynard crossed the finish line. Seven had died actually in the contest and three in connection with it.

From New York to San Francisco the route of the flight was dotted with disabled planes which were forced to land and quit the race, or crashed to destruction from the air. Many of the flyers were injured and the 20 control stations between terminal points saw first aid work from day to day as the derby progressed.

Sixty-two contestants started the big race—the most adventurous peaceful air competition the world has known. Forty-seven took the air from Minneola and 16 from San Francisco, on Wednesday, October 9 for the 5200 mile round trip, high speed aerial journey.

Maynard's actual flying time from Minneola to San Francisco consumed a little over 25 hours and the flying time of Spatz and Kiel came within the 27 hour limit, they said. Army air service authorities computed Smith's actual flying time, however, at 28 minutes better than Maynard's.

Lieut. Maynard flew the 142 miles of the last stage in his great flight from ocean to ocean and return at a speed of almost two miles a minute. Several minutes before he landed his plane was visible flashing across the cloudless sky in the brilliant sunshine of a perfect autumn day. The first persons to greet him as he stepped from his machine at the conclusion of his historic flight were his wife and two little girls, who rushed across the field amid the frantic cheering of the hundreds of spectators.

Lieut. Maynard declared with a smile that he would be off again within a few days in an attempt to make a one-stop transcontinental flight. The single stop will be made at Dallas, Tex., and the lieutenant said that he expected to make the attempt within the coming week.

The official congratulations of the army were given to the victorious aviator by Col. Archie Miller, commander of the Long Island flying field.

Wife and Children There

MINNEOLA, N. Y., Oct. 18.—Two very small girls were up bright and early today to watch with their mother for a little black speck to appear on the horizon at about 1 o'clock. The little black speck, they knew, would loom quickly into the outlines of a rushing airplane, and pretty soon "Daddy" Maynard, famous now as the "flying parson" would climb out and give him a big hug and kiss.

Mrs. Maynard and the little girl, Evelyn, five, and Rose, four, weren't the only ones, however, waiting to welcome Lieut. Maynard home from the longest and fastest airplane race ever run. Roosevelt field, Lieut. Maynard's goal, was dotted early with crowds from New York, assembled to cheer the plucky resourceful parson. A squadron of army and private planes were lined up ready to fly out and escort him over the last leg.

Army officials and spectators alike alike appeared to regard it as a certain that Maynard would arrive on time.

MIKE GILHOOLEY  
AMERICAN NOW

Persistent Stowaway Under  
Wing of Woman of the  
Same Name

Mike Will Have Every  
Chance To Make Good  
in Adopted Land

NEW YORK, Oct. 18.—Michael Gilhooley has attained his heart's desire. He won't have to spend the rest of his life sailing the Atlantic ocean like a flying Dutchman of mixed Irish and Belgian descent, knocking at Uncle Sam's door and getting the icy hand again and again. It certainly did begin to look as if Mike were fated to a watery career, for when you want to be an American and your home, such as it is, is in Brest, there is nothing to do but take the first ship that sails. Taking ships had got to be a habit with this energetic young stowaway, by intention on the other side and compulsion over here; but he can drop the habit now if he wants to. As the adopted son of Mrs. Marlan Gilhooley Curry of Cleveland, Ohio, he can call his marine life off with this his ninth voyage, and pursue a peaceful existence on dry land forever more.

Peace and Mike have had scant acquaintance heretofore, but when Mrs. Curry appeared yesterday at Ellis Island, where the lad has been sojourning since his arrival Oct. 6 on the transport Orizaba, and told him that her trip to Washington in his behalf had been successful, and that Commissioner Caminetti said she could bring him in to the country, he vowed that from now on the gentle lamb would have nothing on him for good behavior. In fact, since early morning, when news came that the kind lady with a middle name like his who had miraculously appeared on his horizon and taken up the cudgels in his behalf was coming over to escort him to the Hotel Vanderbilt, Mike had been hard at work fixing himself up to look just as nice as nature would let him.

Dolls Up After Chaw

The minute he flashed his morning chaw Mike astonished the Ellis Island laundry staff by asking to be allowed to wash and iron his blue sailor suit. Then he demanded his shoes, which had been taken from him because he had used them to kick in the door of the ship's brig, where he was confined as a stowaway, and putting them on he proceeded to give them a good shine. The Ellis Island barber was visited next, and one of Mike's ingratiating grins melted that artist to the point of trimming the lad's rough locks and giving them a dash of the nice smelling stuff that Mike insisted on.

Then young Gilhooley allowed serenely that he was about dolled up to go to the Hotel Vanderbilt, and he put in the time till Mrs. Curry arrived taking lessons from the island chef in absorbing chew without getting it on his face—being worried, in spite of his nonchalant bearing, at the prospect of the public dinner in the hotel which some young gay goes on the island piously assured him would be his first ordeal in this land of his dreams.

A happy boy was the sixteen-year-old Irish-Belgian when Mrs. Curry appeared with the \$500 bond required by law. Meek and docile the boy who had outwitted ship's officers any number of times, who thought nothing of jumping off Ellis Island and swimming for the Jersey shore in the pursuit of American citizenship, who had been characterized by the island as "a liberty motor in breeches," stood by while Mrs. Curry completed formalities with Superintendent Baker, and then trotted after her to the boat.

To Farm It for a While

What the curious folk at the Vanderbilt saw when he stepped through the entrance was a lad of stocky Belgian build with an Irish cast of countenance; a reserved, almost bashful lad, who cast down his eyes and said little. Meekly he allowed himself to be taken to the roof and photographed, but he heaved a big sigh of relief when Mrs. Curry swept him off to start his journey to New Milford, Conn., where he will live on the farm of Mrs. Curry's sister till his newly adopted mother decides what school is best fitted to contain him.

Mrs. Curry says he is going to have a chance to learn to do what he wants to do. Mike has not yet decided what that is. For a long time, ever since the dreadful day when a German bomb destroyed Mike's home in Charleroi and killed his mother—his father was already dead—and since drifting about with the American doughboys over there convinced him that they and their relatives would be pretty nice folks to live among—ever since then,

25 YEARS OF SQUARE DEALING

Mike's mind has been so filled with the desire to land in America that he has had no room for any other wish. Now he is an American, and while on account of birth he can't be president, there is nothing else, Mrs. Curry says, that he can't aspire to if he has it in him.

**Escapes Public Dinner**  
Mike, much relieved that the public dinner he was dreading was not to take place, said goodby to Mrs. Curry with a heartfelt assurance that he was going to be a good boy on her sister's farm in New Milford and cut out smoking and crap shooting and not set fire to the hay with cigars or demoralize the roosters with bad language. Mrs. Curry said, after he had departed under the care of a friend of hers who had volunteered to take him to the farm, that she wasn't worried one bit over his alleged incorrigibility.

"What appeals to me is the energy he showed trying to get into this country," she said. "We need men with determination and I believe if rightly trained he will grow up into a useful one. And he is a Gilhooley, and I've a soft spot in my heart for one with that name. My father was Patrick Hamilton Gilhooley of New Jersey, one of the best lawyers that state ever had; and by the way, he introduced Woodrow Wilson when the latter, as candidate for governor in 1910, made his first speech in Elizabeth."

"My father wouldn't have liked to see a Gilhooley shut out of America, and I just had to get busy on the case."

**REPORT OF BIRTHS**

AUTO-INTOXICATION  
OR SELF-POISONING

"FRUIT-A-LIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Itches, Eczema and other Skin Affections disappear when "Fruit-a-lives" are taken to correct Constipation.

"Fruit-a-lives" (or Fruit Liver Tablets) will protect you against Auto-intoxication.

AMENDMENTS KILLED

Senate Rejects Changes Urged by Fall to Limit Power of U. S.

WASHINGTON, Oct. 18.—After a long debate and without the formality of a record vote, the senate yesterday threw out two more of the amendments written into the peace treaty by the foreign relations committee.

The two amendments had been introduced by Senator Fall, republican, New Mexico, and had as their common purpose, curtailment of the power of the American representative on the reparations commission, an international body set up by the peace treaty to fix and collect Germany's reparations bill.

The vote came sooner than had been expected, the leaders agreeing to it as part of a plan to complete the consideration of amendments as soon as possible, that the senate might get down to the real work of drafting a ratification resolution.

During the day some progress was made in the formal reading of the treaty text and the foreign relations committee took under advisement an offer from Col. E. M. House to appear before it.

The only speeches made on the amendments were by Senator Fall and by Senator Kellogg, republican, Minnesota, who argued that the purpose could be served sufficiently by reservations. In the course of the day various other features of the treaty and the peace negotiations were discussed, Senators Brandegee, republican, Connecticut, and Wadsworth, republican, New York, attacking the dispatch of troops for Silesia duty and Senator Hitchcock and Senator Nelson, republican, Minnesota, defending the action.

The authority of the war department to take such a step was questioned by Senator Brandegee, republican, Connecticut, and the scarcity of information available to the senate on such subjects was deplored by Chairman Wadsworth of the military committee. The department's action was defended by Senator Nelson, republican, Minnesota, and others.

"Nobody knows under what authority these troops are being sent," said Senator Brandegee. "It may be that the war department has some idea that the status of war technically exists, although it does not."

Senator Wadsworth said he had been informed by the assistant secretary of war and the chief of staff that the troops referred to had left New York a few days ago, their immediate destination being Coblenz, where they

THE DOUBLE PLATOON SYSTEM IN THE FIRE DEPT.

**Does Not Mean  
a Double Roster**

The addition of only 18 new men will be necessary to make the change. 207 of the leading cities in the country have already accepted the Double Platoon System. In every case it has meant GREATER EFFICIENCY and Better Service.

THE FIREMEN ALWAYS RESPOND TO YOUR CALL

Will you respond to their request for a humane system of working hours?  
BOARD OF DIRECTORS LOWELL FIRE DEPT.

were to await orders to go to Silesia. "I was given to understand," said the New York senator, "that the dispatch of this force was due to some arrangement made by the American peace commission at Paris. It was intimated also that the authority for sending them springs from the fact that technically we are still at war with Germany."

Senator Nelson interrupted to suggest that the plebiscite was to determine whether upper Silesia should become a part of Poland and added: "They simply want our troops there to see that there is a fair plebiscite, that's all. Unless the senator opposes the establishment of Poland as a free country he ought not to object to this."

Senator Hitchcock said the president had the power to reinforce the American Expeditionary Force along the Rhine and that when the troops reached Coblenz it would be decided whether they should go to Silesia. He added that under the treaty Germany was required to pay the expenses of policing that country during the plebiscite.

Senator Wadsworth said that it had been intimated to him at the war department that authority to send the troops was found in the rejection by the senate of the amendment to the treaty by Senator Fall, proposing that the United States should not participate in the Silesian plebiscite.

Replying to Senator Wadsworth, Senator Hitchcock declared the criticism of the Silesian expedition appeared to be another attack on the administration. "All the votes that have been taken by the senate on this treaty," Senator Hitchcock said, "indicate that the senate will ratify it without a textual change; that an overwhelming majority propose to ratify it without dotting of an i, and that any other action will be in the form of reservations. The question remaining is whether these ratifications with qualifications and those for ratification without qualifications will be able to unite."

He added that the treaty stipulates that troops for the Silesian plebiscite must be sent within 15 days of the treaty's ratification and that therefore the despatch of the troops at this time was necessary.

Senator Borah, republican, Idaho, interjected that the statement of Senator Hitchcock gave the fundamental reason for his opposition to the treaty. "American troops will be constantly crossing the ocean if it is ratified," said he.

5724 War Contracts Await Liquidation

WASHINGTON, Oct. 18.—The war department still has on its hands 5724 emergency contracts awaiting liquidation according to a report issued today. The sum involved aggregates more than \$1,600,000,000 but the official schedule estimates that these contracts can be liquidated at a cost of \$300,000,000. Since the armistice 22,611 contracts have been settled with a total valuation of \$2,000,000,000 for which contractors were paid \$300,000,000 in the final settlement.

Ship Abandoned at Sea; Crew Saved

BOSTON, Oct. 18.—The wooden steamer Ammonoosie, which has been in distress at sea for the past week, has been abandoned in a sinking condition, radiograms announced today. The crew was saved and the coast guard cutter Acushnet and the steamer Issequena are bringing them to this port.

Surplus Leather to be Sold

WASHINGTON, Oct. 18.—Stocks of surplus leather stored at Chicago will be sold at auction Nov. 14, the war department announced today. The material includes russet harness leather, sides and backs, sole leather and "fatigo," all valued at \$1,500,000.

Army Chaplain on All Transports

WASHINGTON, Oct. 18.—An army chaplain must accompany every transport carrying more than 200 soldiers, Secretary Baker today instructed officials of the Hoboken embarkation headquarters.

## CHARTERS GRANTED TO LOCAL CORPORATIONS

(Special to The Sun)  
**STATE HOUSE, Boston, Oct. 18.**—A charter of incorporation has been issued to the Saunders Market company of Lowell, wholesalers and retailers in meats, groceries and other provisions. The incorporators are William S. Johnston of Lowell; Cecil Keith of Chelmsford; John Brady, Lowell, and James Johnston, Lowell. William Johnston is named as president and Keith as treasurer.  
 The capital stock is to be \$30,000, there being 300 shares of common at par of \$100. All of it will now be issued and will be paid for in cash. Each of the incorporators has subscribed for 60 shares.  
 Incorporation papers were also issued to the Middlesex Paper Tube company of Lowell. Samuel Porton, Max Kaplan and Fannie M. Porton are the incorporators, Samuel Porton being named as president and Kaplan as treasurer.  
 The capitalization is to be \$15,000, there being 150 shares of common stock with a par value of \$100 a share. Max Kaplan has subscribed for 60 shares, Porton to 50 shares and Fannie Porton to one share. The 120 shares will now be issued and will be paid for to the extent of 70 shares in cash and 50 shares in real estate.

HOYT.

### FARE SCHEDULE

#### Lowell Labor Men Meet Road Trustees

In an effort to bring about some changes in the schedule of fares on local lines of the Eastern Massachusetts Street Railway Co., Francis E. Warnock, president of the Trades and Labor Council and Timothy O'Rourke, trustee of that body, sat in conference for more than an hour yesterday afternoon with the public trustees of the road, in Boston. The Lowell men advanced propositions aimed to benefit the laboring man and argued for a flat 5-cent rate and the extension of certain fare zones to the city limits.

No definite action was forthcoming at the end of the conference, but the trustees expressed a desire to meet the local men again in conference later in the month, when they hoped to give reports on several experiments now being tried out on different divisions. The trustees assured the Lowell delegates that the present systems of fare were but experimental, in an effort to arrive at the proper scheme through the process of elimination and that all suggestions would be received and given earnest consideration.

**STATUE FOR SEATTLE**  
**WASHINGTON.**—In commemoration of the services of the United States navy in conveying American troops to France, Ambassador Jules Jusserand has presented to Secretary of the Navy Daniels, for the U.S. Seattle, a handsome bronze statue, a gift of the people of the city of Grasse, in southern

France. The first American troopships to reach France were conveyed into the harbor at Grasse. The Seattle, then the flagship of Rear Admiral Gleaves, headed the convoy. The statue will later be placed aboard the Seattle, with appropriate ceremonies at the city of Seattle, Wash.

## Nasty Colds

Get instant relief with "Pape's Cold Compound"

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a cold and ends all griping misery. The very first dose opens your clogged-up nostrils and the air passages of your head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness, stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Inlet on Pape's Adv.

### HORSE CAN STAY DOWN LONGER 'N A SUB

**NEW YORK.**—Nineteen days "Yank," a horse from overseas stayed under an army pier in Brooklyn. Sometimes the water was so high he could hardly breathe. He had slipped from the gangplank while being put aboard a boat for a trip to Washington and wasn't found till the planking was ripped up to make repairs on the pier. Outside the need of a square meal, he seemed little the worse.

### Officers Elected by Sinn Fein

**DUBLIN, Oct. 18.**—The secret convention of the Sinn Fein, held here this week, besides re-electing Eamonn de Valera president of the organization, chose these other officers: Vice presidents, Arthur Griffith and Father O'Flanagan; honorary secretaries, Austin Stock and Harry Boland; honorary treasurers, Mrs. Wyse Power and E. W. Duggan. Stock is in an English prison, Boland is with De Valera in the United States.

### THE AUDITORIUM FUNDS

#### On No Condition Will the Commission Ask for More Money

In view of the fact that the bids received for the construction of the Lowell auditorium exceeded the amount available, the idea seems to prevail in some quarters that the auditorium commission will go to the city council for more money to complete the structure according to the present plans. The city council has no power under the law to grant another cent for the purpose. To secure more money, the commission or the city council would have to get authority from the legislature; but the commission has declared over and over again that it will not ask for more money, that it will keep within the appropriation even if it has to postpone the work in whole or in part as it may do under the provisions of the act of authorization.

It has five years within which to complete the work of constructing the building and there are various ways by which it can keep the expenditures within the appropriation. The commission may build only the main structure at first leaving some less essential parts to be done later but within the five years, when it is believed, the cost of building will be less than at present.

But whatever the commission decides to do, it will take good care to keep within its appropriation and to give the city the best value possible for the amount expended.

### PURE FOOD SHOW AT FAIRBURN'S MARKET

Fairburn's market recently enlarged by taking over Munn's store will be a place of special interest to Lowell housewives on next Wednesday afternoon when the big food fair will take place. The entire floor space of this market will be turned over to the exposition of the great variety of food and nationally known products which have made this market so popular as a food shop. According to plans this fair will be the biggest of its kind ever conducted; in fact it will eclipse in magnitude and variety a similar affair conducted in this market some months ago. Elaborate plans under the supervision of Manager Leo Gendron are well under way and everything will be in readiness next Wednesday afternoon when visitors will be welcomed to the fair. It will also be the occasion of the formal opening of the enlarged market.

The sole object of this splendid work will be to bring to the door of the busy housewife the same features of the mammoth food shows of the large cities where it is almost impossible for the women outside of such cities to attend. Nothing will be sold; everything will be free. Over 40 leading products will be demonstrated in prettily arranged and decorated booths and generous samples will be given away. One of the features of the exhibit will be the new bakery just installed by the market; another is the delicatessen department.

The store will be handsomely decorated giving the interior of the place a festive tone and atmosphere. Music will be furnished by a local orchestra. The management promises an unusually profitable and pleasurable treat to all who attend.

### ST. ANNE'S YOUNG PEOPLE DANCE

The young people of St. Anne's Episcopal church ushered in the winter social season last evening with a jolly dancing party in the parish house. Many attended and enjoyed the music furnished by Heller's orchestra. The Lucy Larcom Camp Fire Girls were the sponsors of the event and its success was much to their credit. The floor director was Salvin Burger, assisted by Prescott Wright and the girls themselves as aids. The punch bowl was kept filled to the brim by Mrs. Harvey Ladue.

### ANNUAL PILGRIMAGE OF C. M. A. C. MEN

The annual pilgrimage of the members of the C.M.A.C. to St. Joseph's cemetery will take place tomorrow, weather conditions permitting and it is expected thousands of parishioners will attend. In conjunction with the pilgrimage there will be the unveiling of a Calvary by the clergy of St. Joseph's church.

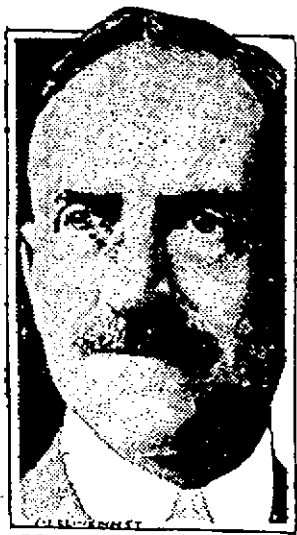

The members of the association will gather at their hall in Pawtucket at 1 o'clock and headed by a band, will march to St. Joseph's church, where at 2 o'clock a solemn Libera will be chanted. At the close of the service special electric lights will be boarded for the cemetery. At the burying grounds three volleys will be fired on the grave of Capt. Cosette, the first commanding officer of Garde d'Honneur. There will be a sermon by Rev. Antoine A. Amyot, O.M.I., benediction by the pastor, Rev. Eugene Turcotte, O.M.I., singing of hymns by a large male choir and the chanting of the Libera.

### STABBING AFFRAY

As a result of a stabbing affray at the corner of Merrimack and Suffolk streets last evening, Arthur Tessier, of 195 Hall street, was treated at the Lowell Corporation hospital for cuts in the hands, face and side. After receiving treatment he was able to return to his home. Tessier refused to give the police any information concerning the affray.

### SUCCEEDS BARRETT

**WASHINGTON.**—Dr. L. S. Rowe temporarily succeeds John Barrett, recently resigned, as director general of the Pan-American union. He probably will be officially named at an election

DR. L. S. ROWE

later. Dr. Rowe has travelled extensively in Central and South America. He now is chief of the Latin-American division of the state department and formerly was a professor in the University of Pennsylvania and an assistant secretary of the treasury.

### Away With Those Aches and Pains

Keep Sloan's Liniment handy to put the "feel good" back into the system

All it needs is just one trial—a little applied without rubbing, for it penetrates—to convince you of its merit in relieving sciatica, lumbago, neuralgia, lame muscles, stiffness, bruises, pains, aches, and strains, the after-effects of exposure.

The congestion is scattered, promptly, cleanly, without effort, economically. You become a regular user of Sloan's Liniment, adding your enthusiasm to that of its many thousands of other friends the world over, who keep it handy. Three sizes at all drug stores—50c, 70c, \$1.10.

**Sloan's Liniment**  
 Keep it handy

# A. G. POLLARD CO.

THE STORE FOR THRIFTY PEOPLE

## The Great Underpriced Basement

YARDS AND YARDS OF

## Plush and Mohair

For Children's, Misses' and Women's Coats

ONLY \$2.98 A YARD

A lucky purchase on the part of our alert basement head enables us to offer this remarkable saving of \$1 to \$1.50 a yard on every yard sold.

You'll find plenty of browns, greens and blacks, and they're just the material you want for making coats for the children, not to forget that the grown-up folks wear plush coats, too.

We suggest that you seek information from the young lady on the Butterick Pattern counter as to how much cloth it requires to make a coat.

We also mention the fact that patterns numbered 1873, 1943, 1996, are suitable coat styles for the children while numbers 1886, 1888, 1890, 2013 are for the grown-ups. Ask to see these numbers in the new fashion book that has just arrived.

### LEGION DELEGATES RETURN HOME

With the return of the delegates from Lowell Post, 57 of the American Legion from the state convention at Worcester it became known that the local men were right in the thick of the fight to obtain next year's convention for this city, but were forced to withdraw because of inadequate hall and hotel accommodations. Springfield, a city of hotels and auditoriums, got the plum.

Among the alternates-at-large elected to attend the national convention at Minneapolis on Nov. 10, was John J. O'Rourke of Lowell. George Toye and Secretary James McCready of Lowell Post were elected district delegates and alternate respectively.

Registration for membership in Lowell Post goes on daily at the Community Service Club in Button street, and it is hoped that the enrollment will extend so far as to embrace every local service man. Delegates to the state convention will report to the post at the regular meeting to be held on Monday evening, next.

A meeting of the auditing committee, James Hogan, Dr. Schuyler Waller and Dr. Nathan Pulsifer, will be held tomorrow afternoon at the community service club at 3 o'clock.

### DEVENS "Y" MAN

#### THE SPEAKER

The monthly meeting of the woman's auxiliary to the Y.M.C.A. was held yesterday at the home of Mrs. Albert F. French, 213 Lakeview avenue. The president, Mrs. Bowen, presided. The meeting was opened with an organ recital by Miss Mildred French and devoted to the service of the war.

volitional services were conducted by Rev. G. F. Camp, pastor of the North Tewksbury Baptist church. Notice was given of the annual state convention on Oct. 25-27, to be held in St. Anne's parish house. Songs by Mrs. Titfiski of Waltham, accompanied by Miss French at the organ and Miss Alice Guillard, violin, were much enjoyed. E. W. A. Jenkinson, Camp Devens Y.M.C.A. secretary spoke interestingly of his work. The women of the North Tewksbury church were the hostesses.

Surplus government property to the value of \$700,000,000 has been sold.

OBJECTIONABLE "MOVIES"

In every city in which there are moving picture theatres, the action taken by the city government of Harrison, N. J., in requiring a license fee of \$10,000 for every movie theatre will attract attention and cause discussion.

Mayor Kirdan drew up the ordinance having this provision and it was upheld by the council in the belief that many of the screen dramas are indecent.

Other cities will now begin to investigate in order to determine whether they are giving free rein to agencies calculated to poison the minds of our youth or to dwell mainly upon the salacious, appealing to prurient tastes instead of confining their exhibits to what is legitimate, cultural and uplifting.

To prostitute such a splendid medium and such a powerful medium of education to the purpose of sensationalism would be a grave offense which no city should tolerate. The movie shows have become so popular and are capable of conveying such a vast variety of instruction and entertainment, that it becomes a matter of the utmost importance to see that they shall not present indecent or objectionable scenes.

The movies have almost completely displaced the legitimate drama and indeed have practically killed dramatic art. Where now is it possible to attend a presentation of a Shakespearean drama or one of any other great author by a first class company? Before the introduction of moving pictures, the dramatic performances at the theatres were usually not only entertaining, but instructive and cultural. If they portrayed unrighteousness and villainy, they never failed to show its proper punishment in the course of the plot; but in the movies, such incidents are crowded upon the audience without any attempt to show that crime usually brings its retribution.

But in the picture shows today, unfortunately we often find a tendency to the salacious, the sensational, appealing to the lower tastes by an attempt to go to the extreme limit of suggestiveness so that little is left to the imagination of the audience, so clear is every detail in the work of the libertine, the gambler, the swindler, the burglar, the robber, the murderer.

It is not too much to say that the boy or girl who is a regular attendant at the moving picture shows will be well schooled in practically all the criminal arts and when young people are so versed in criminal methods, they are naturally prone to apply their knowledge whenever the temptation presents itself, unless they are restrained by the strongest kind of moral or religious guidance by parents, relatives or teachers.

We are convinced that many of the bank robberies, the thefts of bonds by bank messengers and many other crimes in the line of holdups, are due to the lessons in crime conveyed almost daily through the moving picture shows throughout this nation.

The ribaldry of Charles Chaplin is harmless in itself, although it instills habits of levity into the minds of children, but it is much to be preferred to the suggestive, the sensational and the so-called sex plays which are presented ostensibly for the purpose of conveying a moral lesson.

Another objectionable feature about many of the motion picture shows is that they often portray the Germans as very much worse than they really are. The Germans have done many things that have been exceedingly bad, but we believe it is a serious mistake on the part of picture producers to create films presenting scenes intended to stigmatize the Germans or to show them guilty of crimes they probably never committed. And if during the horrors of war, some Germans did do very disgraceful things, that is no reason why the picture makers should condemn the entire race for the acts of a few. No race wants to be represented by its worst. There are black sheep in every flock and the picture house that makes a specialty of showing up the worst that it can find in every race is in poor business.

It seems to us that there is a need of a more severe censorship of motion picture shows

than has yet been put in operation. The producers are allowed to bring out practically whatever they please and occasionally we find a perfect epidemic of salacious shows with various picture houses competing in sensational appeals to the lowest tastes of the public. This is certainly an unhealthy state of affairs that should not be tolerated.

Local teachers testify that their work has been made much more difficult as the result of the restlessness of children who attend motion picture shows. It is very difficult to get them to settle down to sustained work and often, when they are expected to give attention to their studies, they are imitating the antics of Charlie Chaplin or some other star in the movie filmament.

In our opinion, it would be well for managers of moving picture theatres to get together and make a stand for decency in the general character of the shows presented. By doing this, they will probably succeed in postponing the day when higher license fees will be demanded in addition to a more rigid censorship.

CHANDLER M. WOOD

Much interest is being shown in the candidacy of Chandler M. Wood for state treasurer on the democratic ticket and his supporters in the republican party are quite outspoken in favor of his election. Many prominent republican papers have bolted the nomination of Fred J. Burrill for treasurer on the republican ticket on the ground that he secured his nomination by leading the voters to believe he was Charles L. Burrill, the present treasurer and a republican office holder of high standing in the esteem of his party.

It is charged that the present nominee coined the slogan "Burrill for treasurer" and followed it up with the advice "vote for an experienced man," although he had no experience to justify any such appeal. In spite of the fact that he must have understood that republican voters were being deceived by this method of campaigning, he took no steps to correct the wrong impression, and hence republicans feel that he secured the nomination by deception.

What incensed the republicans most of all was the defeat of Lieut. Colonel Perkins, a gallant veteran of the Yankee Division, who was a candidate for the nomination for treasurer. Under the circumstances it is likely that Chandler M. Wood will be elected by an overwhelming majority and certainly it would be difficult to find within the limits of the state, a man more admirably fitted by education and training for discharging the onerous duties of this high office.

Chandler M. Wood who is but 35 years old is a graduate of Tufts college, class of 1903, Boston University law school, 1906, and has been professor of law at that university since 1912. He is president of the Metropolitan Trust Co., of Boston, a director of the Commercial National Bank of Washington, D. C., a trustee of Tufts college, a director of the Chandler School for Women, and director or other officer in many business and financial companies. He enjoys the highest reputation for character, financial ability, business judgment and integrity so that he is thoroughly equipped to serve as treasurer of the commonwealth with eminent distinction. After all, Fred J. Burrill may have unconsciously rendered an important service to the commonwealth in getting himself nominated for treasurer. He has made Mr. Wood's election a foregone conclusion.

It may be mentioned that Mr. Wood has already announced that if elected none of the interests with which he is connected will handle state money. That assurance was unnecessary.

THE INDUSTRIAL CONFERENCE

It would indeed be most unfortunate if the Industrial Conference from which so much was expected should go to pieces upon technical issues between capital and labor. The labor union demand the right of collective bargaining and unless this is conceded they are not likely to proceed further in the negotiations.

It is significant that Judge Gary stands out most firmly against the principle of collective bargaining, while John D. Rockefeller, Jr., ap-

peals for a compromise. When the corporations wish to present their case, they employ whomsoever they please and will allow no dictation or interference with their right of selection in this respect. In demanding the privilege of collective bargaining, the unions ask only the same right that has been exercised by the employers, either individually or collectively.

If no compromise can be reached on this question, then the only course left is to establish law courts, whose special function will be to pass upon the constitutional rights and privileges of labor unions and the employers of labor, so that there will be equal justice for both sides and no abridgment of the legal rights of either.

Should this conference slip up at the present time without accomplishing anything, the issues upon which the delegates divided would be taken up and fought out by the unions throughout the country, with strikes that would entail enormous loss. All these questions will have to be settled sooner or later, and it is well to reach a decision as soon as possible. This can be done only through compromise or a judicial application of the constitutional provisions bearing upon the issues in controversy.

RATIFICATION CERTAIN

The test vote in the United States senate upon the Shantung amendment presented by Senator Lodge shows clearly that no amendments to the treaty will have any chance of adoption. The vote of 55 to 35 against the amendment is quite decisive.

This vote indicates that the treaty will be adopted without any amendment which would send it back to Germany and keep the United States out of the League of Nations. There will, however, be reservations and interpretations of some of the provisions of the covenant that might be open to a construction to which we would not agree. Perhaps it was just as well after all that the opponents of the treaty should have had every opportunity to criticize its provisions. Both sides certainly have been well represented and it is hoped that the final ratification will come without further delay.

The report of the action on the Shantung amendment will offer great encouragement to President Wilson and will probably have a more beneficial effect upon his health than anything the doctors can prescribe. Judging from the state of industrial unrest and the number of strikes throughout the country, it is absolutely necessary that the treaty should be disposed of at the earliest possible moment so that congress may give some attention to the industrial situation before adjournment.

SUGAR HOARDING

The sugar refineries set down their product as consumed once it leaves their possession, but they know not whether it is really consumed or whether some speculator is hoarding it for the time when the government control is to be lifted. They thought Dec. 31 of this year would be the limit, but in this they are likely to be mistaken as congress will extend federal control for another year. It will serve them right who have had the tenacity to hoard sugar while thousands of people are suffering for lack of it. Statistics prove that the consumption of sugar in this country increased this year nine pounds per capita but nobody believes that this is actually the case. Where then, is the sugar? Time will tell.

It may be that those who have been afraid of a coming sugar famine and who have had the opportunity to procure it, have laid up a store for home consumption. Thus the hoarding of sugar, like the hoarding of money, will prove highly detrimental to the nation as a whole.

POLITICS BARRED

By voting to bar political partisanship and in favor of the deportation of alien slackers, the American Legion at its Worcester convention made thousands of friends. It is working out its own salvation and no one thing could have been such a barrier to its success as the countenancing of political discussion in open meetings. It would immediately have become a house divided against itself, with men of one political belief siding against those of another and would have stunted its growth at practical infancy. People outside the Legion ranks cared not who became state officers of the organization, but they did show a great interest in the policies it favored.

SEEN AND HEARD

Climbing, climbing and never reaching the top. Hully gee, what a sentence!

No snake, frog, toad or lizard has ever been seen in Newfoundland. And all kinds of booze has been sold there, too.

We don't know who John is, but the poem dedicated to him in this column today by our old friend, Bernard Ward, is pretty good, we'll say.

Alvin Bonser of New York married a wife, and then thought he had made a mistake, and married another. Then, according to his testimony in court, he knew he had made a mistake and went back to his first wife.

While in New York recently, John J. Dawson of the Richardson hotel stopped at Hotel Pennsylvania, where he met a former Lowell boy, Leo Molony, son of Police Officer Thomas Molony. Leo Molony selected the hotel business for his life work and has met with great success. He is assistant manager of the Pennsylvania hotel and that is going some when one takes into consideration the fact that this hotel has 2200 rooms and also, boasts 2200 baths and 300 chefs. Leo started his hotel career in Lowell at the old Waverly, and he has been reaching out for and attaining something better ever since. More power to you, Leo!

The street railway company is parking cars not infrequently now in Fletcher street and somebody has remarked that it is a case of adding insult to injury. When a horse is afraid of the cars he is brought in contact with them until he experiences a suspension of fear and then he is labeled "car broke." Perhaps the cars in question are afraid of Fletcher street and are being parked there for the purpose of getting acquainted. Shortly before the Fletcher street cars were taken off, one of them left the rails and made for a saloon. Perhaps the street railway company has discovered something new in the perversity of things inanimate, and who knows but the Fletcher street line is to be opened up again.

By O. B. Joyful  
When Dr. Voronoff uncovered the Ponce de Leon discovery—he says it's a discovery—he opened a wide field for speculation.

If you can make an old man young—  
If you can make an aged scientist youthful again—  
It puts the eternal kibosh on minor league recruits!

Pittsburg can slip a monkey gland into Hans Wagner and have that great shortstop back short-stopping as in the days of yore.

Cy Young can come back and pitch for Cleveland.

Big Bill Lange can bust fences in Chicago again.

Cal McVey can outfield for Cincinnati once more.

And no baseball team need be rejuvenated by the expensive method of purchasing players or drafting rookies from the tall grass. It'll be cheaper grafting ape glands onto the old-timers, even though they do have to tie up their white whiskers so they can keep an eye on grounders.

Jim Corbett—plus a monkey gland—might make it decidedly uncomfortable for Jack Dempsey.

The faculty, aided and abetted by a few monkey glands, could lick the varsity football team.

Father, with a monkey gland and a shingle, could at 30 continue his pleasant pastime of spanking sixty-year-old sonny.

But, let us repeat, there will be no chance left for the youngster.

Youth will not be served—if old age can annex a sufficient supply of chimpanzee glands.

Youth will sit around and wait until it gets old and can make use of a pet gorilla.

When everybody lives forever physically will conserve a million dollars worth of sole leather, and undertakers can start monkey farms for a living.

And when everybody lives forever nobody's rich uncle is going to leave his fortune for the nephew to spend.

Such is life eternal on earth.

The Ma Preen John  
True love is like a bonnie floor,  
And love is like a nutmeg tree,  
Kenning use class, nor place, nor bar,  
Its charms the land.

And sheds a fragrance over us as  
A humblest flame or mansion hat,  
The rich, the poor, the great, the small,  
In common blend.

Nor marks there greater joy than this,  
The love, and the loved, sweetest bliss,  
The bridge that spans the great abyss,  
The gift divine.

By which two souls are brought together,  
In wedlock's holy bonds forever,  
Which Death alone on earth can sever,  
For time and thine.

So John, ma preen, may you and yours  
Count life's long years as happy days,  
May thorny paths be strewn w' flowers  
And Heaven befriend ye.

May health and wealth and happiness,  
Arise ye cast a fond care,  
May God your sacred union bless,  
God's luck attend ye.

And this is the wish for which I pray,  
On this your happy wedding day,  
BERNARD D. WARD,  
133 South St.

MAN ABOUT TOWN

Here's a little sidelight on Americanization in its simplest form: The scene is a local laundry office and one of the characters is the good lady who presides behind the counter. Other characters include men of various foreign nationalities who are employed in

**Cadum Ointment**  
for  
**Pimples**

Cadum Ointment makes pimples dry up and fall off, leaving the skin soft and smooth. Its soothing, anti-itching and healing powers stop the itching at once. Cadum Ointment is also good for rash, blotches, scaly skin, eruptions, sores, burns, chafes, ringworm, scabs, itch, insect bites, etc. Cadum Ointment is a French preparation made in America from the original formula.

Feeling fine and hearty after taking

RED PILLS

for Pale and Weak Women.

MRS. J. MERCIER

I tried RED PILLS as I was in such a weakened condition that I was unable to keep up any longer. My working companions really pitied me and were constantly advising me to try RED PILLS. I did so, and they strengthened my constitution. I took them for quite a long while, with the satisfying result that my good health returned. I am now married and feeling fine and hearty; I have five healthy children and am able to do all my own work alone and without any difficulty, and so am quite happy. If ever I become sick again, it will be RED PILLS which I will be sure to take.

Mrs. J. Mercier,  
591 Somerville, St.,  
Manchester East, N.H.

RED PILLS are for women only. They are always sold in boxes of fifty pills, 50 cents box, 6 boxes for \$2.50. See that the name of the "Franco American Chemical Company Limited" is on every box.

local mills and are accustomed to bring their overalls weekly to the laundry to be washed. First enters a tall, husky looking sort of fellow whom one immediately classes as of Polish descent. "What name?" queries the lady, as she takes the soiled bundle. "Mike," comes back the husky one unabashed. "Mike what?" "To, Mike," is the limit of nomenclatural information. Enter one of Greek origin. "What name?" "Mike." Another Greek. "What name?" "John." John and Mike seem to furnish sufficient elasticity for the needs of the patrons. But the Americanization point to the story comes from the lady in the office who explains that the foreigners hear one of the men working near them in the mill or shop being called "Mike" or "John" and rather than try to give their own long-winded names, they resort to the easily pronounced American names, perhaps the first bit of English language they learn.

This is emphatically not a story of the kind of hosiery worn by the Spindie City's feminine contingent.

We had no such idea when we started jazzing our trusty Remington—and, anyway, it's none of our business.

This is a free country—at least the air is still free, although it costs one a little change to ride in it yet—and therefore we don't see why or wherefore Lowell women can't wear any kind, brand or shape of hosiery they wish. God bless 'em.

Out in Los Angeles, also in gay Paece, we understand that they're not wearing any at all, but we don't anticipate that this so-called "stocking-less fad" will ever become popular in our city. Not that we are directly opposed to it. We just feel that Lowell women don't approve. And what they say goes.

No; hosiery is not our subject at all today. What we started in to unroll from our think tank was a little discourse on the cause of so many street car accidents, which appear to be becoming more and more common in these days of H.C.L. The hosiery part is really incidental.

A friend of ours, who calls himself an "observant citizen" volunteered the information the other day as we were discussing a plate of ham and eggs at our regular quick lunch resort, that

NOW IS THE TIME

To Guard Yourself Against the Coming Cold and Winter Months

Perhaps you are tired.  
Perhaps your appetite is poor.  
Perhaps you are constipated.  
Perhaps you don't sleep well.  
Perhaps you are nervous.  
Perhaps your blood is poor and you are losing strength.  
Why not think of your health and at the proper time? Iron-Lax-Tonic will cleanse your system. It will put iron in the blood, which will make you strong and vigorous. This will help ward off disease by purifying your blood, which a great majority of people need.  
You owe it to yourself to keep strong and healthy.  
Iron-Lax-Tonic has helped thousands. It will help you. Why not start now? Buy it at all Drug Stores, but be sure you get the genuine. Don't accept substitutes. Each tablet stamped I-L-T. Registered Trade-Mark. Remember the name Iron-Lax-Tonic—Ad.

166 CENTRAL STREET

most women get off street cars the wrong way, thereby inviting accident. They alight facing backwards, affirmed my friend. Instead of frontwards, and this he declared to be the cause of the greater share of street car casualties. We weren't prepared to argue with him, for we had never had the time to enquire ourselves against a convenient lamp post and give Lowell's fair sex the "north and south" as they alight at Merrimack Square from the incoming cars. Also and furthermore, we did hear of one fellow who lost his eye doing so, and we had no desire to emulate his experience. But if we meet this same observant citizen today we can tell him that he's all wrong, for we have since convinced ourselves that whatever the cause of street railway accidents, it can't be blamed on the women. No sir! The majority of local ladies do not step off street cars facing backwards. We kinda thought all along that they had too much sense to do so. How did we find out? Well, we just took a tight grip on our courage and hung around the square for a while today and casually noticed how they do it. We saw 50 women alight from the cars, and only four got off facing the wrong way. Incidentally we saw 54 men say adieu to friend conductor and over half of them carelessly faced the wrong way. There's something to tell your husbands, ladies, when they attempt to convince you that their sex is superior in all respects. Now about the hosiery, which, as aforesaid, only enters into this tale incidentally, we noted that of these 50 women, 23 wore silk hosiery, 11 wore lisle, and six wore cotton. Which only proves that we've always contended that most local women believe in wearing nothing but the best.

AN EXCITING GAME BANIANIS TO PERFORM

Lowell Triumphs Over Salem, 6 to 5, in Fast Contest—Griffith in Lineup

Lowell and Salem, who finished "one, two" last season, met last night at the Crescent rink and the rivalry that characterized all games between these two clubs last season again prevailed and the big crowd was treated to one of the most exciting and hotly contested battles ever seen in a polo cage, with Lowell finally coming out on top by the score of 6 to 5.

Three times in the final period the score was tied, and the hall rocked with enthusiasm. Both teams fought all about it being the opening week of a long season, and cut loose with all their speed and played in mid-season form. Several times in the final session it looked like an overtime game but with only a few minutes to go, Davies hooked one into the net that broke the deadlock and gave Lowell a glorious victory.

The game held the interest of all from the beginning to end, with the winner in doubt right up until the last blast of the big horn. Lowell, strengthened by the presence of Griffith, who arrived in town the night before, went right out and determined to win. Capt. Harkins realized that he would have stiff opposition, and ordered his men to cut loose.

Lowell  
Davies Jr. 3  
Griffith 2  
Harkins 2  
Pence 1  
Williams 1  
Lovegreen 1

Summary: Score, Lowell 6, Salem 5. Rushes: Williams 10, Davies 4, Stoper 1, Lovegreen 2, Harkins 1, Griffith 1, Pence 1, Williams 1, Lovegreen 1, Harkins 1, Griffith 1, Pence 1, Williams 1, Lovegreen 1.

Lowell 6, Salem 5.  
Fall River 4, Providence 3.  
Worcester 4, Lawrence 0.

Lowell Textile Meets New Bedford Today

The Lowell Textile school football eleven meets New Bedford Textile in the local campus this afternoon in the first home game of the season. Coach Hudson has been putting his charges through stiff workouts this week in preparation for a hard contest and brought preliminary practice to a close yesterday afternoon with a long session drill.

Lowell Eleven Off for Manchester

The Lowell high school football team left for Manchester, N. H., this noon to meet the high school eleven of that city in the first of two games. They played this season Coach Conway took 21 men on the trip and although he expects a hard game, feels that the local boys will break into the winning column for the first time this season.

ROY MOORE vs. BENNEY MCCOY

And Three Other Bouts  
Crescent Rink, Thursday Night

The Call-em

All lovers of horse flesh are intensely interested in the race of cavalry mounts from far off Fort Ethan Allen to Camp Devens at Ayer and that sure called old rascal, Bob, seems to rule a prohibitive favorite, not in the betting perhaps, but in admiration. Despite the fact that speed counts only one-quarter of the whole affair, at least half the battle will be won for the driver who pushes his mount into the cantonment at the head of the string.

Back in the Sully  
Old Pop Geers has apparently fully recovered from his nasty spill at Syracuse earlier in the grand circuit campaign and now drives a "place" horse almost daily. His last accident was so serious that for time his friends and admirers really worried about his injuries, but his recuperative powers were again shown in good stead and once more his whirling rosinship features every subsequent meeting. Long may he reel (s) n!

The Bear Will Kick  
It is fair to presume that Brown will host the ball at every opportunity against Harvard today and to this end Coach Harkins has spent much time this week drilling his punters, drop and placement men. Somehow or other Brown teams, like the Harvard team, have the happy habit of rising to dizzy heights while in the stadium and although this year's team at Providence is blessed with more speed and power and is much below the Crimson in all-round ability, spectators may rest assured of a real battle.

Holding Himself Aloof  
It is not surprising to learn that Benny Leonard will meet Dundee on the 27th in a 15-round bout to a decision. The champion will box Johnny 10 rounds, no-decision, but take a chance on risking his title. Not Benjamin. It is safe to say that Dundee would not too soft picking for Leonard, although he has beaten the Scotch Wop, but the fact remains that Benny is not meeting even set-up in bouts in which the referee has a say-so.

Two Little Fellers Next Week  
The Adair-Duffy bout at the Crescent Thursday night was nothing to go wild over, although both men warmed up to their jobs pretty well at the half-way mark. Each was a careful, scientific and deliberate worker and therefore the slam-bang attack was missing. Somewhat of a novelty is scheduled for next week's show when Benny McCoy of Baltimore and Roy Moore of St. Paul, banianweights, meet in the main bout. Moore was a preliminary boy at the Dempsey-Williams fight in Toledo, and each boxer comes well fortified with a record.

A Boston Crowd  
A new middleweight wrestling champion when he showed in Boston Thursday night in true Massachusetts style. The new king, Ira Bern, came from Salt Lake unheard of and more or less of a mystery and although Ketonen was a popular champion in the Hub, Bern was carried from the hall on the shoulders of Boston men after he had thrown the Worcester grappler for the second time. It was a genuine Boston reception, impartial and spontaneous.

RAIL BIRDS? OH, NO. DELEGATES TO ROUND TABLE CONFERENCE

WASHINGTON—Parade, rest! Here's a chance for a little study of some of the delegates to the president's round table conference that is trying to solve all the problems that perplex us. Left to right: Harry A. Wheeler, T. C. Atkinson, Thomas L. Chadbourne, William G. Lee, Edwin Parnum Green, Bernard Baruch, John D. Rockefeller, Jr., Mathew Woll and W. D. Mahon.

HURRICANE MILL AT WILKESBARRE

(Special to The Sun)  
WILKESBARRE, Pa., Oct. 15.—Eddie McAndrews of Philadelphia and Steve Latzo of Halleton fought 10 terrific rounds here last night before the Peerless Athletic club. The contest was the hardest seen here since the club organized. Both men finished strong.

JOB WELLER FETTERED  
Joe Wells, marathon plunger, who runs under the colors of the Red Wing Athletic club and who represented that organization in the Lawrence Lowell road race was tendered a reception on Thursday night by his club-mates. Appreciation was expressed for the kindness of local business men who donated cups for the athletic events on Columbus day.

WOMAN CANDIDATE FOR JUDGE

Miss Bertha Ramboagh is one of the few women candidates in New York city to win out in recent primaries. Miss Ramboagh was nominated by the republicans as one of their district candidates for municipal court judges. At present the prospects of her election appear to be excellent. She is being enthusiastically supported by men as well as women.

OWNERS LONDON POST

LONDON—Lady Bathurst is the only English woman owning a newspaper. She takes an active part in the management of the London Post, which she inherited from her father.

GOSH, HOW TIME DOES FLY!

Here's a once-formidable group of American swatsmiths, each a headliner in his day. From left to right they are: Ad Wolgast, former light weight champion; Abe Attell, once king of the "feathers"; Jose Rivers, who all but appropriated Wolgast's crown; Billy Papke, "The Illinois Thunderbolt," and middleweight champ for a brief spell; the one and only Jim Jeffries; and "Gentleman Jack" Root, a high-class mauler of the "light-heavy" class some 15 years ago. They don't look to be such "abysmal brutes" eh?

LET JUMBO DO IT, WHEN THE ENGINEERS STRIKE

NEW YORK—For switching purposes, now, where speed isn't the thing, like it is on the main line, y'know, what's the matter with a nice big elephant instead of a coal-eating engine? Anyway the circus make 'em do the work.

SERVICE MEDAL FOR HON. JOHN T. SPARKS

Hon. John T. Sparks today received a handsome medal from the war activities committee of the supreme council, Knights of Columbus, in recognition of distinguished and efficient service as a K. of C. Secretary in France in the world war. The medal is a striking souvenir in bronze, about the size of a silver dollar, suspended by a silk ribbon of red, white and blue.

On one side is a representation of a K. of C. secretary attending a wounded soldier on the battlefield, as many of them did. At the top is a shield and around the sides of the medal are inscribed the words: "Supreme Council, Knights of Columbus." On the reverse side is the inscription: "Awarded to John T. Sparks in recognition of patriotic service as a secretary for the Knights of Columbus in their war activities, supporting our country's victorious participation in the great world conflict of 1914-1918." Mr. Sparks has received a commendation from high officers of the American army for his work abroad but the medal he received today is prized dearly by him as a tribute from a great organization.

TRANSPORTATION CO. IN NO. CHELMSFORD

(Special to The Sun)  
STATE HOUSE, Boston, Oct. 15.—Articles of incorporation have been granted the Merrimack Transportation Company of Chelmsford for the transportation by automobiles or auto trucks of goods, merchandise or passengers.

The incorporators are George C. Moore, Jr., North Chelmsford, Walter L. Chase of Lowell and Edgar Dixon of Lowell, Moore being named as president and Chase as treasurer of the firm. The capital stock is for \$15,000, there being 150 shares of common at a par value of \$100. All of it will now be issued. Stock to the amount of \$7410 will be paid for in cash of \$5000 in an auto truck and of \$2410 in a trailer. Each of the incorporators has subscribed for 50 shares of the capitalization.

MOSQUITO BITE FATAL TO WOMAN

LONDON, Oct. 15.—The first fatal mosquito bite ever reported in England caused the death of Mrs. Annie May Taylor, 19 years old. She was bitten on the face while in a park. Swelling and general infection ensued, and Mrs. Taylor succumbed after ten days of suffering.

THREE SHOT OVER PIECE OF CHEESE

DETROIT, Oct. 15.—An argument started in Mike Izzo's restaurant over a piece of cheese. The cheese was dropped to the floor and guns drawn. Izzo was wounded in the arm and hand; one of his patrons was hit in the knee, another in the hip.

JAPAN IS PAYING BOUNTY FOR SHEEP

TOKIO, Oct. 15.—The Japanese government, to encourage sheep-breeding, is paying bounty on all sheep between five months and five years of age brought into the country. All animals are inspected at the ports by the Ministry of Agriculture.

## LOWELL MEMORIAL AUDITORIUM

CONGRESS FAVORS VIGOROUS STEPS  
TO PREVENT SUGAR FAMINE

Bill to Extend Work of Sugar Equalization Board  
---Congress May Authorize Purchase of  
What Remains of Cuban Crop

(Special to The Sun)  
WASHINGTON, D. C., Oct. 18.—Here are a few high-lights on the sugar shortage as shown by testimony before the senate committee investigating existing conditions: There is a shortage of three million tons of sugar in world production. There was an abnormal demand for sugar during the year 1918 as the per capita purchase indicated 90 pounds a year while the normal purchase and consumption is but 50 pounds.

The United States did not take advantage of its option on the Cuban crop but permitted it to go by default whereupon one-third of the crop was sold Great Britain and the rest is now on the open market. The Hawaiian crop has not been secured and although our own beet sugar crop is normal the cane sugar crop will fall far below normal.

The United States Board of Sugar Equalization found itself unable to purchase the Cuban crop without specific authority from the president, and before he had given it such power to act he became ill and the matter cannot now be pressed. The committee has just put before congress a bill asking that the existence of the board be extended one year and that it be authorized by the president to purchase such sugar supply as may be necessary. In case that bill fails to pass of the president does not act immediately it is proposed to have congress enact some law under which the board will be authorized to make the necessary purchase. It was evident all through the hearing that the illness of the president softened all criticism and that there is no desire on the part of the committee or the board to burden him with the sugar question if it can be met in any other way. But it is realized that the comfort and perhaps health of the country is at stake and some action must be taken if a famine is to be averted.

**The Sugar Situation**  
That is a brief summary of the situation, which in detail is something like this: The Board of Equalization is a war time organization incorporated under the laws of Delaware with a capital of \$5,000,000. It expires by limitation 60 days after peace is declared. It acts under direction of the president in making purchases and whatever profit results is to be turned back into the United States treasury. It is estimated the 1919 transactions, probably \$15,000,000 being thus disposed of. Its duty was to purchase sugar crops,

direct equitable distribution of sugar throughout the country, stabilize prices and prevent profiteering. It can make no purchase without authority from the president and there is just where the hitch came in on the Cuban crop. It took an option on the entire crop but the president was deeply engaged in the league and put off giving orders to buy; then his sudden illness overtook him and now the time of the option has expired, and Cuba, fearing the United States may not purchase her crop has yielded to the demands of Great Britain and sold to that country one-third of its entire crop for 1920. If the United States acts quickly enough it may yet secure the other two-thirds, and that is what congress is trying to bring about. Although the Board of Equalization is an incorporated body, the United States is its only stockholder and the president its only authority, as representing the nation and its interests.

The senate sub-committee conducting the investigation consists of Senators McNary of Oregon, Keyes of New Hampshire and Henshell of Louisiana. They give great praise to the board and urged its continuance after peace is declared. It was made plain that refineries hesitate to buy until they know what federal action is to be taken, and they have waited for the president to act. The result is that although we shall probably have a fair amount of sugar this winter the price will be very high, especially if the board goes on, as existing and there is now regulating power. A good many interesting features of the use of sugar developed during the hearing. For one, it was officially stated by experts that prohibition had greatly increased the demand for sugar, as taking away liquor from a man made him crave sweets. This was proven, so it was said, by the experience of the men in France during the war. So candy was included in the permissible things, even though it might not have been a part of the regular rations. The board proposes to zone the country during the present shortage. The crops of Idaho, Colorado, Michigan and other western and middle west states will be used for certain sections of the country, while the hoped for Cuban crop will be assigned to the east. The native crops come in from the first of October to the last of November but the winter and early spring supply must be obtained from Cuba or other outside localities. Committee Keyes of New Hampshire, the duty was to purchase sugar crops,

Perspective of the New Auditorium  
Indicates Imposing Memorial  
For Lowell Heroes

Plans Call For City's Largest and Most Ornate Structure  
—Opportunities For Later Development—A Resume of  
the Building's Features

The Sun prints today a perspective of the public memorial auditorium which the citizens in grateful remembrance are to erect to the honor of the men and women of Lowell who have participated in the great wars in which the United States has been engaged.

This will certainly be a worthy memorial and a credit to the citizens of Lowell as a suitable expression of their gratitude to their sons and daughters who took part in the greatest crises in the world's history.

As will be noted by the inscription, this gem of architecture is the work of the eminent architects, Blackall, Clapp & Whittemore, and while they have already something over 300 theatres and auditoriums to their credit, it is generally conceded by competent critics that this is to be their masterpiece and that it will be by all odds the most imposing building of its kind ever erected in New England. When the approaches and surroundings have been completed and beautified in accordance with the plans the auditorium will be a veritable thing of beauty and joy forever for the people of the city of spindles.

Bids for the principal work were received last Wednesday and on account of the unprecedented and rapid increase in the cost of labor and materials, even such the project started, were so high that the commission who had charge of the construction found it absolutely impossible to accept any of them, but it is hoped that while vigorous cuts and changes to reduce the cost are now under way by Architects Blackall, Clapp & Whittemore, there will be no change to the beautiful exterior as indicated on the drawing presented herewith.

The front elevation is practically a separate building through which visitors must pass to enter the auditorium proper. This portion will contain the hall of trophies and hall of records which the commission has hopes to embellish in a manner worthy so prominent a repository for the large records and trophies indicating the patriotism and loyalty of the sons and daughters of Lowell as well as Low-

ell's proud history in the upbuilding of this great republic. Whether these details can be carried out as elaborately as originally planned there may be some question, nevertheless, there will be ample opportunity for adornment by the patriotic and liberty-loving people of future generations.

The exterior decorations may be reduced to plain lines among the curbing until such time as the building has been turned over to the city, when the park department can provide flowers and shrubbery suitable for the most magnificent and attractive structure in the city.

The balustrade and river wall may have to be simplified but the river walk will not be eliminated. The plaza indicated in front will be left in condition so that citizens may erect thereon a group or equestrian statue for some favored hero.

The wing facing the river at the extreme end of the walk indicates where patriotic societies will be housed. This wing will contain quarters for the G. A. R., G. A. R. Women's Relief Corps, the Red Cross and other women's patriotic societies, Sons of Veterans, veterans of the Spanish-American war, while the upper story will be for the young and sprightly lads of the American Legion. All of these quarters will have suitable access to the auditorium proper.

At East Merrimack and Brown streets, which of course, cannot be shown on the drawing, there will be a beautiful wing with majestic entrance to be known as Liberty Hall, which will have a stage and gallery for 100 people with a floor suitable for small dancing parties, banquets, socials, etc.

The main auditorium which will be oval-shaped and which is indicated in the centre elevation of the drawing, will be capable of seating upwards of 4000 people. There will be but one gallery and in order that there shall be no interference with the acoustics the gallery will not overhang the parquetry seats. About one-third of the parquetry seats will be on a slight incline and on the oval centre the other

two thirds will be movable. This level space will be suitable for dancing and it may be surprising for the reader to know that although this space is but a fraction of the auditorium, it is larger than the floor space in old Huntington hall.

The stage will be unique. It will be divided into three parts, running horizontally with the entrance. The central part will be set on hydraulic plungers so that it may be dropped to the level of the floor, making it possible to drive directly from Brown street to the floor of the auditorium in case of auto shows, etc., and this portion of the stage can drop farther into the basement and serve as an elevator for the removal of seats to be stored below.

The stage will be divided into three parts, crosswise, with three drop curtains. The first curtain space will reveal a large stage for lectures and when it is desired to have more space the second curtain will be lifted, making the stage one-third larger, and when chorals, school graduations or overflow meetings require it, the last curtain can be raised, showing an amphitheatre capable of seating 400 people. The proscenium arch will be sufficiently large to permit of a perfect view of persons in the amphitheatre seats by everyone in the hall. Each division of the stage will have its own lighting system. The upper portion of the gallery will be made suitable for the latest type of moving picture apparatus.

The acoustics were very carefully planned. Beneath the steel arches will be strung a thin wooden sounding board ceiling which will carry every sound distinctly to every part of the hall.

Provisions have been made for a grand organ set on either side of the proscenium with a portable console, so constructed that it may be used for the operation of the organ from the orchestra pit, the floor or any other portion of the auditorium.

There will be suitable dressing rooms, waiting room and reception rooms and a grand kitchen with cook-

CROWDED LONDON DRIVES MEMBER  
OF PARLIAMENT TO HOUSEBOAT

M. P. Has River Thames as His House Address,  
But Thousands Are Less Fortunately  
Housed—Almshouse Takes Boarders

BY ZOE BECKLEY  
LONDON, Oct. 18.—With a member of parliament taking the River Thames as his house address and the almshouse taking in boarders, it is apparent that London is having its own troubles in the matter of overcrowding.

For weeks now, people crossing Westminster bridge have been interestedly eyeing a trim 50-ton yacht which rides at anchor before the house of commons. American millionaires might not give the little boat, "The Bantam," a glance. It does not look impressive even to me. But it does look homelike. Which distinguishes it from the barges, coal-boats and other river craft that constantly cut around it.

"What is that homey-looking little yacht?" I asked a tall policeman on the embankment.

"Ow—that!" said he, jerking a thumb toward the bobbing boat. "That's where George Terrell's livin', m'm. 'E couldn't find a 'ouse in all London, m'm, 'not for money nor for love, though 'e is a M. P. So 'e sent for his boat and 'e is 'ousekeepin' there, for many's the mornin' I see the cook throwin' haggishells and tea leaves 'out of the galley, m'm."

Terrell has a handsome home at Chippenham, Wiltshire, and a bank account quite capable of supporting a London house as well. Only he can't find the house.

Nobody can find a house. Nobody can find a flat. Nobody can find anything. The M. P. is lucky to have his boat.

**Temporary Refuge**  
I visited eleven hotels without finding so much as a spare attic. The 12th agreed to take me for "the week end" if I would swear to get out of the stroke of noon on Monday. Gratefully and cheerfully I swore. I felt like a homeless pup in the rain, at night, on an endless road.

I visited police headquarters, had my photograph taken and was duly registered as an alien. Then it was time to go out and hunt hotels again.

**Same Old Cause**

The reason for London's crowded state is probably the same as for New York's or Kansas City's. There has been no building for years, the normal increase in population being met without normal accommodation. The activities of war have drained people from small towns and packed them in cities. The floating population has augmented a thousand-fold.

At this moment the streets are a-buzz with the picturesque soldiers of Australia, New Zealand, thousands of whom I am told ought to be back home, but won't go. And it is a com-

mon sight to see a score or so of Indian officers in British khaki topped by majestic turbans with long silk veils floating therefrom. Their breasts are covered with medals and foreign bars and victory stripes, and they troop about the corridors of fashionable hotels, or walk, or ride in taxis, gravely surveying the metropolis and hankering not at all for Benares and Bombay.

At the theatres (\$3.25 per seat) any reference to the troubles of the house hunter is a sure-fire joke. A "mind reader" at a vaudeville show guaranteed to answer any question put by persons in the audience and eight men shouted, "Where's there a flat to let?" The performer nimbly responded, "I promised to read minds, not to answer riddles that have no answer."

At Newport county cough a meeting was held the other day at which dozens of indignant ex-soldiers shouted out from their seats in the gallery to the mayor who was proposing from the platform to provide rooms for 60 families in what had formerly been the workhouse!

"What good is housing 60 families?" roared a husky Tommy. "There's 600 that need homes. Building something for us?"

"Is it right," someone shouted, "for us fighting men to come home from this job and live with the wife and six children in one room? Why didn't you prepare for us?"

Workhouses are being used as hostels, one family consisting of man, wife and two children, moving right in, bag and baggage, and paying 60 shillings a week (roughly \$12.50) to the guardians for maintenance!

CARDBOARD RELICS  
IN SACRED SHRINES

KOVO, Lithuania, Oct. 18.—The soviet government has instituted an investigation of shrines of Russian saints where peasants have been paying fees for many years. Remains supposedly human are found to have been made of cardboard. St. Mitrofan's body, miraculously preserved, was stuffed with cotton.

## LAST LAP OF HORSE RACE

## 10 Remaining Horses in Cavalry Endurance Race Leave

Concord, N. H., for Devens

CONCORD, N. H., Oct. 15.—The 10 remaining horses in the cavalry endurance race from Burlington, Vt., to Camp Devens, Mass., started from the local camp grounds on the last lap of the trip shortly after 7 o'clock this morning. It was considered probable today that the judges would have to add an extra day to the race with increased conditions to decide the winner. Fifty pounds of additional weight and the shortening of the time for the extra 50 mile jaunt was discussed as the probable conditions should the race be continued to the sixth day, the course to be selected by the judges.

Castor, Capt. Paul Hurlbut, 10-year-old brown Morgan, left the field in the matter of time when the start was made today, having a perfect score of 40 hours for the 212 miles covered. Rusten Bey held second place with 40.05, and "Bob," the 13-year-old half-blood, was a close third with 40.03.

Today's course was considered good, passing through Hooksett, West Manchester, Bedford, Amherst to Milford, the half way station, to Ponemah, West Groton and Camp Devens, Mass., which will be reached a about 5 o'clock.

## SUN BREVITIES

Best printing, Tobin's, Associate bids Lydon for best catering, Tel. 1334.

J. F. Donohoe, 228 Hildreth Bldg., real estate and insurance. Telephone.

Mrs. J. L. Gaynor and grandson of Toledo, Ohio, who have been visiting Mrs. Gaynor's sister, Mrs. C. H. O'Donnell in this city, have returned home.

Joseph A. Proux of 159 Merrimack street returned last night from a three weeks' hunting trip to Lake St. John, Canada. He reports great luck in his hunting experiences.

An enjoyable dancing party was held by the Shamrock club in Grafton hall last evening and a large number of members and friends of the organization were on hand for the event. Foley's jazz orchestra was there, too.

Alfred Lajeunesse of 37 Trotting Park road, left this morning for Montreal, Que., where he will spend a week visiting relatives and friends. Mr. Lajeunesse has made plans to spend two or three days hunting and fishing.

Molly Varnum chapter, D. A. R., will hold its first meeting of the season at the Spalding house next Tuesday afternoon at 3:30 o'clock. Miss Florence Nesmith, recently returned from a canteen service overseas, will give a talk on her interesting work.

The local park department received this morning a check from the Aetna Casualty Insurance Co. amounting to \$37.50 in payment for damages to a maple tree of the department in upper Westford street which were caused last June by an automobile running into it.

The following members of Lowell's "Quest," who were appointed to attend the annual convention of the Massachusetts Police Association in Worcester have returned to the city: Sergt. Patrick Frawley, Patrick P. Noonan, Daniel Murphy, James Whitworth, Owen Tansey, John J. Fanning and Edward F. Flanagan. All report the convention one of the most successful in the history of the organization.

## MATRIMONIAL

Mr. Kendrick W. Walton of Amesbury and Miss Madeline Ruth Clark of this city were married Oct. 15 at the home of the bride's parents, Mr. and Mrs. Robert L. Clark, 32 Burgess street, the ceremony being performed by Rev. Elmer F. West. Mrs. Carrie C. Walton was matron of honor, while the best man was Mr. Harold P. Clark.

Before taking your train home from Boston, get The Sun at either newsstand in the North station.

A brother of the bride. The couple will make their home at 32 Burgess street.

Tibbitts-Sherman

An out-of-town marriage of interest to Lowell people was that performed at the Church of the Epiphany, Winchester, Wednesday evening, when Miss Julie Sherman, daughter of Mr. and Mrs. Roland Henry Sherman of 14 Everett avenue, Winchester, was married to Howard L. Tibbitts, son of Mrs. Adele Tibbitts of 27 Wedgemere avenue, Winchester, and a former well known resident of this city. The officiating clergyman was Rev. Murray W. Dewart. Miss Katharine Starr of Winchester was maid of honor and the best man was Rev. Norris L. Tibbitts of Brunswick, N. Y., a brother of the bridegroom and also a former resident of Lowell. Among the ushers was Frederick C. Church, Jr., of this city. Mr. Tibbitts is a member of the class of 1920 at Harvard and served as ensign in the United States navy during the recent war. He will return to Harvard following the bridal journey.

Kerins-Shea  
Mr. John J. Kerins of North Chelmsford and Miss Josephine V. Shea of 53 From street, this city, were united in marriage at St. Michael's rectory, Oct. 7th, by the pastor, Rev. John J. Shaw. The bride was attended by her sister, Miss Mae Shea, and the best man was Mr. James O. Shevlin. The couple will make their home in this city.

## DEATHS

KERSHAW—Mrs. Mary Kershaw died yesterday afternoon at the home of her daughter, Mrs. Samuel Pilkington, 21 Otis street, at the age of 78 years, 11 months and 23 days. Mrs. Kershaw had been a resident of this city for the past 10 years. She leaves two daughters, Mrs. Samuel Pilkington and Mrs. James Howard of this city; two sisters, Mrs. Martha B. Sanders of Leominster and Mrs. Harriet Smithson of Glastenbury, Conn.; also four grandchildren and three great-grandchildren.

DUNLAVEY—Mrs. Ellen Dunlavey, a well known resident of Lowell, widow of James Dunlavey, died this morning at the home of her daughter, Mrs. George A. Warren, 12 Vermont ave., after a brief illness. Mrs. Dunlavey was a member of St. Columba's church and is survived by two daughters, Mrs. George A. Warren and Mrs. William J. Dwyer; one son, John C. Dunlavey, all of Lowell.

JOHNSON—The many friends of Miss Mary Josephine T. Johnson will be grieved to learn of her death which occurred suddenly last night at her home, 328 Suffolk st. Deceased was born in this city Oct. 24, 1868, and was educated by the Sisters of Notre Dame. She has been active in the affairs of St. Patrick's church, and was also until recent years prominent in amateur theatricals, appearing a number of times in the various productions of the Mother Temperance Institute. Miss Johnson is survived by five brothers, Dr. Stephen J. Johnson, Michael J. Johnson, director and organist of St. Patrick's church, and Henry J. Johnson of Concord, N. H., and Henry J. and Joseph J. Johnson of this city, and one sister, Mrs. Thomas J. Tobin, 205 Suffolk st. The funeral of the choir of St. Patrick's church.

## FUNERAL NOTICES

KERSHAW—Died in this city, October 17, at the home of her daughter, Mrs. Samuel Pilkington, 21 Otis street, Mrs. Mary Kershaw, aged 78 years, 11 months and 23 days. Funeral services will be held at the home, 21 Otis street, on Sunday afternoon at 2 o'clock. Friends are respectfully invited. The funeral arrangements are in charge of Undertaker William H. Saunders.

DUNLAVEY—The funeral of Mrs. Ellen Dunlavey will take place Tuesday morning at 8:15 o'clock from the home of her daughter, Mrs. George A. Warren, 12 Vermont ave. Burial will be in St. Patrick's cemetery in charge of Funeral Director James W. McKenna. Motor cortege.

POPE—Mr. William Pope died Thursday at 1 p. m. He leaves his wife, Carrie Pope; two daughters, Cora and Lillian; two brothers, George of Clinton and Charles of Worcester; two sisters, Mattie Colburn of Brockton and Hanna Hamlet of Lowell. Services will be held in the chapel at Northlawn cemetery, 230 N. H. st., Sunday afternoon at 2 o'clock.

JOHNSON—The funeral of Miss Mary J. T. Johnson will take place Monday morning at 8:15 o'clock from her home, 238 Suffolk st. A funeral service will be in St. Patrick's church at 9:30 o'clock. Burial in St. Patrick's cemetery in charge of Undertakers James P. O'Donnell & Sons. Motor cortege.

## CARD OF THANKS

We, the undersigned, wish to express our sincere thanks to our friends and neighbors who through their kind words and deeds helped to lighten our burden in the death of our beloved wife, mother and sister, Mrs. Margaret Welch, and we also thank those who have helped to lighten our burden. We assure them all that their kindness will ever be remembered by us all.

JAMES WELCH AND FAMILY.  
MARTIN WELCH AND FAMILY.  
JESSE MARY AND MARGARET WELCH.

## BOARD OF TRADE TO MOVE NEXT WEEK

The Lowell board of trade will leave its present quarters at 117 Merrimack street, which it has occupied for well over a year, to take up its new abode in the reconstructed Carney bank building in Shattuck street the latter part of next week, it was announced today.

Although the building has not been thoroughly completed and the entire quarters to be occupied by the board eventually are not yet ready, nevertheless, one large room has been completed and heat installed. The board will occupy this until the remaining parts of its quarters are ready.

## KEEAWAS CLUB ANNIVERSARY

The home of Richard Thomas, 29 Fourth avenue, was the scene of a pleasant gathering last evening, the occasion being the first anniversary of the Keeawas club, of which Mr. Thomas is president. There were about 10 members and friends of the organization present and all spent a most enjoyable evening. In the early part of the evening luncheon was served and later a varied program, including instrumental and vocal selections was given, those taking part being Miss Christina Martin, Miss Mary McDougall and Miss Evelyn Tremblay. Games were played and the guests present complimented the officers of the club for the success achieved during the past year, while they also extended their best wishes for the future. The officers of the club are as follows: Richard Thomas, president; Raymond Conley, treasurer; James Nelson, secretary; John Nelson, Joseph Haley and John O'Connor, board of trustees.

## THE LOWELL SUN SATURDAY OCTOBER 18 1919

RELATIONS!

## FUNERALS

EMMETT—The funeral of Robert W. Emmett, who was killed by an electric car in Lakeview avenue Wednesday evening, was held from the rooms of Undertaker William A. Mack, 78 Cornhill street, yesterday afternoon. The bearers were playmates of the deceased and attendants of St. Michael's church. The services were private and burial was in St. Patrick's cemetery.

GLASGOW—The funeral of Arthur Glasgow took place Thursday afternoon from his home, 735 Princeton st. Services were held at the home. The bearers were Herbert Marsh, Harry Nash, Robt. Conroy and Frank Brown. Burial was in Westlawn cemetery in charge of Undertakers James P. O'Donnell & Sons.

LEMERISSE—The funeral of Mrs. Adolphe Lemerisse took place this morning from her home, 438 Moody street. Solemn high mass of requiem was celebrated at St. Joseph's church at 9 o'clock by Rev. Charles Denton, O.M.I., assisted by Rev. Armand Baron, O.M.I., as deacon and Rev. Joseph Hodges, O.M.I., as sub-deacon. The bearers were N. J. Beggs, Philippe Fortin, Joseph Martel, Joseph Fournier, P. X. Rivet and J. L. E. Tremblay. Burial was in St. Joseph's cemetery, where the communal prayers were read by Rev. Rosario J. Albert, O.M.I. Funeral arrangements were in charge of Undertakers Amador Archambault & Sons.

FOUCAULT—The funeral of Mrs. Ralph Foucault took place this morning from her home, 45 Madison street. Solemn high mass of requiem was celebrated at Notre Dame de Lourdes church at 9 o'clock by Rev. Leon Lande, O.M.I., assisted by Rev. J. K. A. Barrette, O.M.I., as deacon and Rev. Joseph Denis, O.M.I. The bearers were Edmund Twohey, James McGovern, James Johnson, Thomas Markham, Ralph Jones and J. Ledoux. The following delegation from Alexander Lodge, 260, Ladue auxiliary, Brotherhood of Trainmen, attended the funeral and extended the service of their order at the grave: President Walsh, Vice President Bellisle, Charles Hall and Sisters, Stinebaugh, Hebert and Dunkley. Attending the funeral from out of town were Mrs. Napoleon McCready, Mrs. Samson, Thomas, Robarge, all of Berlin, N. H., and Mr. and Mrs. Theophile Bourget of Quebec. There was a wealth of floral offerings. Burial was in St. Joseph's cemetery, where the communal prayers were read by Rev. J. K. A. Barrette, O.M.I. Funeral arrangements were in charge of Undertaker Joseph Albert.

## REQUIEM MASSES

FLAHAVAN—Anniversary mass Monday morning at 8 o'clock in St. Peter's church for David J. Flahavan, who died Oct. 20, 1918.

Where the flowers sweetly wave,  
Lies the one we loved so dearly  
In his lonely silent grave,  
He will never be forgotten;  
Never shall his memory fade;  
Sweetest thoughts will always linger  
Round the grave where he is laid.  
Sadly missed by his mother, Mary Flahavan.

McCAHILL—Anniversary mass for the repose of the soul of Mrs. Ellen McCarthy at St. Patrick's church, Monday at 8:15 a. m.

McCARTHY—There will be a month's anniversary mass for Mary A. McCarthy at St. Patrick's church, Tuesday morning at 8 o'clock.

## SLIGHT INCREASE IN DEATH RATE

There was a slight increase in the local death rate this week, 34 deaths being reported in comparison with 32 last week and 27 the previous week. The rates for the three weeks were 16.37, 15.41 and 13, respectively. There were 11 deaths of children under five years of age this week and of these, five were less than a year old. Infectious diseases caused seven deaths, pneumonia, 2; diphtheria, 1; tuberculosis, 3; and influenza, 1.

Infectious diseases reported were: Diphtheria, 4; scarlet fever, 5; typhoid fever, 2; infantile paralysis, 2; tuberculosis, 2.

There have been six cases of infantile paralysis reported to the board of health so far this year.

In the corresponding week last year there were 160 deaths reported and of these, 55 were caused by pneumonia and 21 from influenza. A total of 1922 cases of influenza were reported a year ago this week.

## Shot Wife and Then Killed Himself

NORTH ADAMS, Oct. 18.—Angered because his wife from whom he had been separated for 12 years repeatedly refused to live with him again, John Coats, 45 years of age, went to her home at 8 Summer street at 7 o'clock this morning and shot her through the breast when she opened the door in response to his rap, and then shot himself through the head inflicting a wound from which he died an hour later at the North Adams hospital. Mrs. Coats is now on the dangerous list at the hospital and her recovery is in doubt. The police express the belief that Coats was mentally unbalanced and say that he had been annoying his wife lately by following her about and asking her to go back to live with him.

## Alleged Larceny Case

Continued  
tion, street car men—all are popularly supposed to be stealing these days, added Mr. Tierney. It seems to be the general opinion that almost everyone steals—with the exception of lawyers and clergymen, who are admittedly honest men!

Atty. Wier said that the greater majority of conductors are honest. The three defendants had not shown themselves honest in their transactions with the company, he alleged. The conductor is not allowed to deposit fares, he emphasized, and these three conductors had admitted doing this on various occasions. He objected, he said, to describing the five "operators" of the Philadelphia detective firm who had testified against the conductors as "spotters." A spotter is a man, he affirmed, who induces a man to commit an infraction of the law and then attempts to convict him of the crime.

The case was opened before Judge Enright over a month ago, when the three conductors, following their arrest, pleaded not guilty to the charge of stealing fares from the local lines of the street railway on different dates in September. The amounts given in the charge ranged from 10 cents to \$1.20; none of the total amounts credited to each man were for more than \$5.

Hearing of the cases commenced on Sept. 30 when the prosecuting attorney, Mr. Wier, presented evidence, given by the investigators, members of a railroad detective agency of Philadelphia, in connection with the alleged fare stealing.

A feature of the evidence was the statement of one of the "operators," who declared that he had made "blind notes" in his coat pocket, while riding in the vestibule of the cars under the very eyes of the suspected conductors.

The prosecution closed its case on October 2, and when the hearings were resumed last Tuesday the three conductors were called by Attorney Tierney to testify in their own defense.

All admitted they had withheld fares on various dates in September, but said they had done so to make up discrepancies caused by the inaccuracies of the Rooke register or portable fare boxes. In no instance had they kept any money rightfully belonging to the company and converted it to their own use, they declared.

One of the defendants affirmed that on some occasions he had made up money from his own pocket caused by the "over charging" of his Rooke register.

PHIL IN MATTRESS  
A blaze in a couple of mattresses on the roof of the building numbered 625 Middlesex street, caused, it is believed, by a carelessly thrown match, was responsible for a telephone alarm at 12:12 o'clock this afternoon. The mattresses were placed on the roof of the building by a family who was moving into the house. The damage was slight.

CARD OF THANKS  
We, the undersigned, take this means of expressing our sincere thanks to all those who by their many acts of kindness and spiritual and floral offerings helped to lighten our burden of sorrow in our recent bereavement of Brotherhood of Trainmen. To each and all we are deeply grateful and will ever remember their kindness.

## NO OPERATION ON NASAL CATARRH

## PRES. WILSON

WASHINGTON, Oct. 18.—President Wilson's condition showed no material change today but was considered satisfactory by his physicians, who issued the following bulletin: White House, October 18, 1919, 11:20 a. m.  
"The president rested well last night. There is no material change to note in his general condition. No new symptoms have developed."  
(Signed)  
"GRAYSON"  
"RUFFIN"  
"STITT"

Four physicians, including Dr. Hugh H. Young, a Johns Hopkins hospital specialist, called in by the president's personal physician, reported last night following a consultation lasting more than three hours that the prostatic gland swelling which had retarded Mr. Wilson's recovery had been reduced and that no operation would be necessary, at least not at this time.

In order that a recurrence of the local irritation might be guarded against, Dr. Grayson had asked Dr. Young and the other physicians attending yesterday's consultation—Doctors H. A. Fowler, a Washington specialist on prostatic ailments; Dr. Stevlin Ruffin, another Washington physician, and Rear Admiral Stitt, head of the naval hospital here, to return today to the White House.

## Good for You, Lagloo

Continued

first Eskimo to join the army since the signing of the armistice.

It was only a few days ago that Lagloo wandered into the office and expressed in broken English his desire to join the army so that he might learn the English language. Sergt. MacLeod pointed out in persuasive manner the benefits to be derived from service with the United States armed forces. Lagloo declared that his inability to speak English had proved a serious handicap to him and then the sergeant broached the "Americans All" unit at Camp Upton where foreigners are taught the rudiments of citizenship.

The idea seemed to appeal to Yunk immensely and he asked if he might be recruited. He was given a thorough examination, found hardy and fit from his exposure in the land of snow and ice and accepted. He was sent to the Boston office for final examination and today Sergt. MacLeod was notified that Lagloo had been accepted. He will be sent to Camp Upton at once.

Lagloo was of short stature, very dark and coarse-haired. The officers at the station say his features resembled greatly those of the Japanese. From what they could learn, he had been working on a whaling vessel which had anchored in Boston harbor and by chance had come to Lowell. He said his home was in the Rangier Islands north of Alaska and that he had been away from it for some time.

During the war several Eskimos were drafted into the army from the Alaskan regions, but this is the first instance of a man of that nationality enlisting since the signing of the armistice.

## THE LUCY LARCOM CAMP FIRE GIRLS

The Lucy Larcom Camp Fire Girls held an enjoyable dancing party in St. Anne's parish hall last evening and the affair was attended by a large crowd of young people. Heller's seven-piece orchestra accompanied the dancers in excellent fashion. The punch table was in charge of Mrs. Laflair. Miss Gertrude Pratt and Walter Roelick, Miss K. Kelly, the guardian of the organization, was ably assisted at the door by Mr. Laflair, Mr. Cook and L. White. The matrons were Mrs. Heller, Mrs. Frenette, Mrs. Roberts and Mrs. Atkinson. Calvin Burger was floor director.

Before taking your train home from Boston get The Sun at either newsstand in the North station.

## CATHOLIC CHURCH

## BURNED TO GROUND

PROVIDENCE, R. I., Oct. 18.—Joseph's Catholic church in the town of Burrillville, was totally destroyed by fire early this morning, the damage being estimated at \$35,000. The church had been burning for more than an hour within the edifice when discovered by a milk peddler. Rev. J. S. Dunn, pastor, a gas mask over his face, tried repeatedly to approach the altar to rescue the eucharist, but was driven back by the terrific heat and poisonous smoke. There had been fire in the church for two days and the origin of the blaze is a mystery.

## TO PROBE LONG CONTRACTS

WASHINGTON, Oct. 18.—The select committee of congress on expenditures in the war department is making investigation of the contracts secured during the war period by Richard Long, democratic candidate for governor of Massachusetts.

This investigation is in line with the examination that has been conducted for some weeks into contracts made with all industrial concerns during the war.

## Lady Lookabout

With the stupendous welcome home of the South End to its heroes already among the occasions of historical interest of the city of Lowell, it is not wholly out of order to call attention to the beautiful and patriotic decorations in honor of the event, of the Butler school. Outside the immediate families of the returned soldiers and sailors, I doubt if any welcome were more genuine or more sincere than the welcome of the teachers of that school extended to their former pupils. It is difficult for the teachers to express their happiness personally, so rarely do they meet their old pupils, yet these returned soldiers and sailors should know that it was the teachers who kept fresh in the minds of their present pupils the sacrifices, the hardships, the heroism of those who once had sat in those very class rooms. Could these returned boys but realize the unending labor with which these teachers, and the other teachers of the city, directed the work of preparing necessities and comforts for the boys "over there," I am sure their gratitude would be boundless. I could not help thinking how pleased Mr. Callahan, master of the school for so many years, would have been to see his boys back again—a glad hand for those who came back, a pang and a tear for those who lay where they fell. But "The

king is dead; long live the king!" The welcome extended by Mr. Ginty, the present principal, was none the less genuine even though he had not had those boys in school. He it was who directed the placing of the decorations, and with his teachers gladly met the expense involved, for I am told the city does not pay for the decorations placed on public buildings.

## College Girls' Questionnaire

A most interesting questionnaire sent out to various colleges for women, Vassar, Wellesley, Smith, Bryn Mawr and Mount Holyoke, by the editors of a well known women's magazine, has been answered by about six hundred seniors. The answers have been tabulated and appear in the current issue of the magazine. In any case these answers are entertaining and they may be pertinent or merely absurd, so you will, I consider them somewhat portentous, coming as they do from young women who have had nearly four full years of college training and who soon are to become an important factor in the social and political economy of the country. I shall not attempt to reproduce the entire article. A few of the questions and answers will suffice to show the trend of mind of these six hundred seniors.

One question was this: "If you could do exactly as you wanted what occupation would you follow? Stage, business, writing, teaching, editing, law, medicine, etc." Here are the answers given by four hundred forty-three young women: Business, 130; writing, 71; stage, 72; editing, 62; medicine, 58; teaching, (note this) 25; social service, 22. These answers may be considered portentous. It means that the business world is calling to our best equipped—educationally speaking—women. It means that many will find in writing, the stage, and editing, a means of outward expression for the spirit within. It also means—and this is actually portentous—that teaching appears attractive to only about five per cent. of these young women who are to be graduated from college next June.

Another question which may be of interest to prospective college girls is this one: "How much money, approximately, did it cost you to dress per year in college?" Thirty-eight dressed on less than \$100; one hundred twenty-nine expended from \$100 to \$200 on clothing; one hundred twenty-seven from \$200 to \$300; ninety-seven, from \$300 to \$400; and so on to eleven who dressed to the tune of \$100.

Here is an interesting one: "How much money do you think a man and girl need to marry on?" Seven expressed a willingness to share the joys and sorrows of life with a man who earned less than \$1000 a year; one hundred sixty-eight would take a chance with a man earning from \$1000 to \$2000; two hundred sixty would need from \$2000 to \$3000 to feel actually comfortable—and so on to fourteen who would feel unsafe with less than \$5000 or more. (Note these figures in connection with the next question.)

"At how much money, per year do you estimate the value of your services as a wife and housekeeper, provided you sacrifice a career to home-life?" Seventy-nine placed this value at \$1000 or less; two hundred forty-three considered their services in the home worth from \$1000 to \$2000; fifty placed a value on their services of from \$2000 to \$3000; while eleven felt sure they could render service to the value of more than \$3000.

As I quote these figures I should be very sorry if some young man contemplating matrimony developed chilled pedal extremities on reading them. If most of these girls placed the estimate of their worth as housekeepers somewhere between one thousand and two thousand dollars and at the same time estimate the necessary income of a husband between fifteen hundred and twenty-five hundred dollars, either bankruptcy or a Klondike awaits their prospective husbands; bankruptcy, if the wife should press her claim for remuneration, and the Klondike for her own part. In any case it is a hazard and the person responsible for the sacrifice. "It costs no more to feed one than two," continues to have much to answer for. Let us hope that with these weighty problems solved, the charming seniors returned to their books and class-rooms, seeking new worlds to conquer.

**Woman Suffrage**  
To those who are following the fortunes of woman suffrage in Massachusetts, it will be interesting to learn that the full bench of the supreme court has dismissed a petition brought by persons opposed to equal suffrage

## ARTISTIC LAMP SHADES

Lend Much Decorative Value to Interiors—How To Make Them at Home

There is no one thing that gives a room a cosier, homier look than low lighting.

Ceiling lights produce a glare that eliminates shadows. It is the dim corners of a room that are restful to the eye, and it is by such contrasts of darkened corners and circles of light that the most pleasing interior effects are produced.

In living rooms where the lights are used for reading, table lamps are most desirable. In dining rooms bracket wall lights are always an added decoration to the stateliest as well as simplest of furnishings.

## Made at Home

At least half the attractiveness of lamps lies in their shades. These may be elaborate or plain as the room in which they are to be used indicates, but in either case they may be made

for a writ of mandamus to compel the secretary of state to furnish blanks for a referendum on the joint resolution of the general court to ratify the amendment to the federal constitution to extend suffrage to women.

The supreme court decided that a joint resolution, which means an act of the general court, is not subject to a referendum. But in order that the petitioners should be dealt with fairly, while the case was pending, blanks were issued and an effort made to secure the number of signatures required by law, namely 15,000. The petitioners succeeded in getting only 12,000, and even though they should feel the decision of the supreme court unjust, they could but fall while short 3000 signatures.

## LADY LOOKABOUT.

## GUIDED A PRINCE

BOSTON—A lot of formal plans for entertaining royalty were brushed aside by Miss Anna Hamlin, daughter of Chas. Hamlin of the Federal Re-

ANNA HAMLIN

serve bank. Miss Hamlin's smiling invitation to the Belgian Crown Prince, Leopold, to motor with her when the royal party landed in Boston, was accepted and the young man was shown all the classic sights of Boston, including Harvard and the Stadium.

## SPORTY CLOTHES FOR AUTUMN

BY BETTY BROWN

NEW YORK, Oct.—With the coming of fall days and their accompanying crisp mornings, warmer out-door gar-

ments for a brisk walk in the park or golf links are in demand.

It seems to me that I have never seen more attractively sporty sports clothes than this autumn. The outfit sketched today is fetching enough to lure the laziest woman in the world out of doors—just for the sake of wearing it.

The killed skirt of Scotch plaid is the keynote for the costume. Its predominant color is peacock blue with cross bars of brown and dull sage green, relieved with threads of black and white. The jersey sweater coat repeats the blue in the plaid, with its long throw scarf lined in sage green, while the narrow leather belt, dog skin gloves and spats are of brown.

The smart little cane which gives an added air of jaunty to the outfit has a "crook" handle wrapped in brown leather.

Nearly 700,000 wine gallons of industrial alcohol is made daily in the United States.

At St. Peter's parochial residence last evening (Oct. 17), a quiet wedding occurred, the contracting parties being Mr. John J. Gardner, employed by

the marriage of Capt. Arthur D. Prince of this city and Miss Bortha Inez Bass of Waterville, Me., occurred yesterday (Oct. 17), at St. Mark's church, Waterville, the officiating clergyman being Rev. J.H. Sparks. The bride was attended by Miss Madelon Cane and the best man was Capt. George E. Lull in this city. The ushers were Messrs. Fred P. Heald and Joseph C. Bass of Waterville.

**Jones-Hewes**  
A pretty wedding occurred Wednesday evening in which the contracting parties were Mr. Avery Jones of Pelham and Miss Mabel Hewes of this city. The ceremony occurred in Pelham and the officiating clergyman was Rev. Dr. Chamber. The bridesmaids were Miss Mary Cutter and Miss Nellie Richardson and the maid of honor Miss Bessie Jones. The ushers were Messrs. Otis Butler and Joseph Varnum. Mr. Sidney R. Fleet of this city presided at the organ.

**Harrington-Harnden**  
The marriage of Mr. John J. Harrington and Miss Adelaide G. Harnden, daughter of Mr. Fred G. Harnden of the American Express Co., took place yesterday afternoon (Oct. 17), at the Immaculate Conception church, Rev. Fr. Joyce, O.M.I., performing the ceremony. Miss George Harnden, a sister, attended the bride and the best man was Mr. William A. Donovan. The ushers were Mr. Fred Harnden, a brother of the bride, and Frank J. Doherty.

**Gardner-Blessington**

## FURS AND LACE ENHANCE SUIT

BY BETTY BROWN

NEW YORK, Oct.—Nothing could be richer in conception than the winter street suit sketched today.

It is made of velour de laine in the wonderful new color called bronze eliron. The fur pockets, collar, cuffs

to deceased Union officers, by C. H. Coburn, on behalf of the donors, occurred during the evening.

**Prize Essay Contest**  
The prize essay and declamation contest for the members of the Young Men's Catholic Literary society was held in St. Patrick's school hall last evening.

Among those present were Rev. Frs. Michael O'Brien, John J. Shaw, Richard S. Burke, D. J. Gleason, M. J. Leonard and J. J. Gilday.

There were three participants in each contest and the prizes were gold and silver medals.

For the best essay on "How the Crusades Benefited Religion," the gold medal was awarded to John J. Tancred and the silver medal went to Thomas Pendergast. In the declamation contest Thomas H. Muldoon won the gold medal and John J. Sullivan the silver medal. John J. Loneragan presided over the exercises.

**Alpine Pool Tournament**  
The Alpine club conducted a pool tournament 26 years ago of which the preliminary games resulted as follows:

First class: William Doherty defeated Michael Daily, 3 to 2; Edward P. Donohoe defeated J. Egan, 4 to 1; John O'Brien defeated James Doherty, 4 to 1.

Second class: William Hogan defeated Thomas Murphy, 3 to 2; Martin H. McGuane defeated James Morris, 3 to 2; Thomas McOsker

# LOWELL THE HOME OF INDUSTRY

At the present cost of living it is hard enough to pay one's own bills without being obliged to support the fellow who doesn't pay.

Most milk dealers sell on credit, collecting weekly or monthly. Some customers pay promptly, some are slow and owe old balances, and some never pay. Those who pay promptly help support the rest. Buy your milk from the Turner Centre Creamery and you will not only get the best milk but you will save one-half cent per quart which is what the ordinary dealer loses in bad bills.

We retail only on the ticket system.

Pure Milk, 10 qt. tickets, \$1.55  
Heavy Cream, 10 1/2 pt. tickets, \$2.40

Pure Milk, 10 pt. tickets, 88c  
Buttermilk or Skimmed Milk, 10 qt. tickets, 95c

This is the late Chinese Empress' first lady-in-waiting, who prefers the simple name of Mrs. Thaddeus C. White to her more flowery title of the Princess Der Ling. She and her husband today occupy a unique place in Oriental affairs. The Empress sanctioned their marriage when Uncle Sam returned the Boxer indemnity. The photo shows the Princess as she is today, and as she formerly appeared in the garb of a Manchu princess.

## EAST AND WEST MEET WHEN LOVE DIRECTS

PEKING, Oct. 15.—"The Princess Der Ling shall marry the man of her choice. The Great Ancestress has so decided."

It was the Great Ancestress herself—Lao Tai Ho, aged Empress of China, now dead—that spoke these words, and nothing could have been more significant of the fact that the old regime in China was approaching its end.

For the empress was actually granting permission for her first lady-in-waiting, the Princess Der Ling, to wed a foreigner, Thaddeus C. White, an American.

Today, fourteen years later, there is

no happier or more influential couple in the entire Orient than Mr. and Mrs. White. They live in Peking, where White is a mining expert, and Mrs. White—as the Princess prefers to be called—is the acknowledged leader of the Chinese and foreign social life of the great Celestial City.

Love vs. Politics

There was an unusual romance. Thaddeus White was United States vice-consul at Shanghai. The blue-eyed, fair-haired New Yorker symbolized everything the empress hated and feared; the foreign invasion into China, and surging New Age that was destined to leave the Manchu government high and dry on the rocks.

But—White loved the empress' personal favorite. The little princess was European-trained and speaks five languages fluently. She acted as the empress' interpreter and special emissary

In dealing with foreign visitors at the Chinese court. Her position as go-between was unique and important.

Moreover, being a talented musician and singer, it fell to her lot to entertain the empress and help her to while away the dark days that were beginning to lower.

Moreover, from time immemorial it had been the empress' privilege to determine whom her favorites should marry.

Baron Her Freedom

But the little princess earned her freedom. The Boxer trouble brought to the Peking court the emissaries of Europe's greatest nations. Here was an international problem greater than any Chinese empress had ever faced.

For two years the Princess Der Ling rendered sterling service as an interpreter in the all-important audiences which the empress held.

These audiences cemented the empress' hatred of foreigners. They seemed to put a final quibus on the love-hopes of one Thaddeus White, American.

Then—Uncle Sam remitted the Boxer indemnity.

The empress appreciated that. She saw that Americans were different.

And at that critical moment, the Princess Der Ling sent her brother to kneel before the empress as suppliant and ask that his sister might marry White.

"The request is granted. Go to the Princess Der Ling and tell her that she has my blessing," said the empress. As she said it, her voice trembled. It meant a breach in the Great Wall of China's isolation—a breach that could never be mended.

The Changed World

The empress is long since dead, the empire is no more. But the years have brought nothing but happiness to one couple in Peking—Mr. and Mrs. Thaddeus C. White, Americans.

They have one son, whose privilege it is to listen to the most fascinating tales that a mother ever told—tales of the Chinese old regime, and of the great American and European cities as well.

The princess—or rather Mrs. White—is prominent in the American Red Cross and also the Chinese Ladies' societies, which typify the Chinese progressive movement. She is a delightful conversationalist and has met more persons of world-prominence than almost any other woman alive. Her book, "Two Years in the Forbidden City," is regarded as a classic, and has been translated into many languages.

White has won wealth, and a unique international position as America's adviser-in-chief on Oriental affairs.

## To Prevent Sugar Famine

Continued

only New England man on the committee said today: "If the president does not act congress must, and the Board of Equalization must have the power to purchase the 1920 crops. I believe the country will have a supply of sugar this winter but am afraid the price will be high. It is unfortunate the president has not acted but it is now important congress shall not promptly and secure the supply from Cuba and elsewhere which otherwise will go to foreign countries." Any attempt to rush the market and buy a larger amount than absolutely necessary at this time will only add to the shortage and price, and the senate committee and the board are hoping people will realize this and so help stave off a repetition of the famine of last year. At this moment Washington, with its 500,000 people has practically no sugar on sale, but relief all over the country is looked for as soon as the president or congress are able to give the needed authority to the Board of Equalization to purchase foreign supplies.

The Fess Bill

The Fess vocational bill which Congressmen Rogers, Walsh and Townsend of Massachusetts fought so hard passed the house and the workmen of the country will probably share with the wounded soldiers rehabilitation benefits from the federal government. The two bills are separate but aim towards the same end inasmuch as they both propose vocational training for men who are injured to such an extent that they need help. While the bill was under discussion it looked as if it would fall but when the vote was taken it passed by a safe majority. It is regarded by workmen as one of the strongest pieces of constructive legislation accomplished at this session, and was warmly endorsed by organizations.

Compulsory Education of Aliens

Proposed compulsory education of aliens, as advocated by Senator Walsh on his return from the Pittsburgh districts has opened up much comment here. The idea of educating aliens meets with strong favor, and it is evident that Senator Walsh hit the nail on the head when he issued his statement that education was the best way to Americanize foreigners. With the example of American home life before them and a sufficient knowledge of the English language to meet their daily needs, Senator Walsh believes they would very quickly respond to American ideals, and many of his colleagues share this opinion.

Sympathy for President

Washington freely shows its sympathy for the president in his illness regardless of political faith it is earnest in its expressions of hope for his speedy recovery. There is but little social gaiety and practically all preparations for entertaining distinguished foreign visitors have been stopped.

Mines are still found floating loosely in the Atlantic ocean.

The first auto mail service in the Orient has been introduced in Madras, India.

EMPLOYEES ELECT CO-WORKER AS

A DIRECTOR IN COMPANY—

SOMETHING BRAND NEW

(N.E.A. Special to The Sun)  
CINCINNATI, Oct. — A new kind of election held recently in Cincinnati marked a new era in business and labor association.

More than 3000 employees, men and women, voted by ballot to choose one of their co-workers as a director of the Precor & Gamble company, one of the

largest industries in the United States.

While this selection was being held in Cincinnati, there were similar elections being held at the company's plants at Port Ivory, New York and at Kansas City, Kansas.

These elections, the first of their kind ever held in the United States, mark a new order of things in industrial management. Never before have employees been allowed representation in the policy and management of the company by which they were employed.

MIRIAM FLAHERTY

SHE CHRISTENS "CANAN"

PHILADELPHIA—Miss Miriam Rita Flaherty is sponsor for the shipping board freighter launched Saturday, October 11 and named "Canan" in appreciation of work done for the United States troops by the Knights of Columbus. She is a daughter of James A. Flaherty, supreme knight of Knights of Columbus.

A special weather map has been designed for aviators.

CAPT. LE JOHNS

FIGHTING STOCK

VLADIVOSTOK—Captain Lindsay P. Johns was captured by the Cossacks in Siberia. He escaped, with a private of his company and the Cossack commander was compelled to apologize abjectly to the commander of the American forces for their detention. The captain is 39, a graduate of Chicago university, eight years in the army and commissioned for service in the Philippines.

## Perspective of Auditorium

Continued

ing, warming and cooling appliances and apparatus for banquets. This kitchen apparatus is so designed that it can be used for either hall or the veterans' wing, proper approaches having been provided for either case.

The exterior lighting, as will be seen, is effectively designed and outlets and feeds for these lights will be provided, and if the commission has sufficient funds, will be installed. If, on the other hand, the commission does not have sufficient money, the city at its leisure can do this work.

The lettering as inscribed by incised letters provides for prominent inscriptions of land and naval battles, from Lexington and Concord to the battle of Argonne forest, and from the heroic naval encounters of John Paul Jones and Jack Barry down to the magnificent operations of our navy under the indomitable Sims; also the names of the land and naval generals and heroes in the history of our country. These inscriptions will represent the expenditure of quite a sum of money and it may be impossible to complete them with the appropriation, but there will be nothing to prevent cutting these names from time to time on panels, friezes and columns for which space will be left.

The walk and driveway along the river front will be so arranged that vehicular traffic will not interfere with the safety of pedestrians.

All in all, the perspective of Lowell's greatest monument indicates a building and surroundings that will reflect faithfully and expressively the appreciation of a people grateful for the services of their hero men and women in times of national and world strife.

The commissioners have declared repeatedly and now reiterate that they will not ask for any more money than is contained in the original appropriation. The commission was appointed for a term of five years and some time during the five years will give the people of Lowell an auditorium erected within the appropriation allowed for the purpose or will not build it at all.

## DUTTON STREET TIRE SHOP

The Dutton Street Tire Shop, conveniently situated at 253 Dutton street is one of the most popular auto accessories shops in the city. There at all times are to be found any of the thousand and one things so essential in making the life of that autoist enjoyable. In addition to an unusually large supply of the smaller articles for automobiles this shop excels in vulcanizing and retreading of tires; this latter department being in charge of experts. Globe and Flisk tires and tubes are two of the drawing cards which tend to the popularity of this establishment. Mr. Macheras, the proprietor, has a big surprise up his sleeve for autoists which he expects to spring in the near future.

Nearly three billion dollars is proposed to be spent by France for improvement of ports, interior navigation and railroads.

"MOTHER AND THE LADY NEXT DOOR WENT TO THE MOVIE."

THE GREAT AMERICAN HOME

## NO PLACE TO LIVE CRY IN DETROIT

Plight of City, in Pressing Need of Homes, Typical of Many Cities  
Lake Boats to be Used as Family Hotels to be Tied at Docks

N.E.A. Special to The Sun  
DETROIT, Oct. 13.—Detroit is suffering from an acute case of undigested prosperity. So rapid has been the growth of the industries of the city that, while there is still a demand for thousands of new workers, there are no houses to put them in.  
Every large American city, and many of the small ones, are having trouble with the housing situation, due to the decline in construction during the war. But no other big American city has grown anywhere near as fast as the town where the thirty-odd makes of automobiles are made. Therefore none has a problem so acute.  
Now it is proposed to moor lake passenger steamers at downtown docks and to use them as hotels during the winter. Several thousand people can be given living quarters in this way, or at least sleeping rooms.  
Real estate was in a slump during the war in Detroit. So many men went away that families "doubled up" in houses and flats, rents went down and landlords wondered what was going to become of them.  
Now the situation is reversed.  
Tent Colonies in Suburbs  
The landlord is having his day.  
People are living in tent communities in Detroit and in the outskirts there are camps that look like war times. It is probable that some of these tenters will have to hunk up their habitations with sod and live in them during the winter.  
People having flats or houses to rent have taken bids and awarded the premises to the highest bidder. Janitors having the renting of apartments are as susceptible to tips—and not stingy ones either—as a headwaiter in a high-priced restaurant and just as haughty in manner. Heads of families advertising for a flat or house.  
The earliest editions of the newspapers are grabbed by home hunters who race out to the address given like gold-washers stampeding to a new "strike."  
City and county officials have called a grand jury to investigate stories of rent profiteering and lawyers have volunteered to defend families whose landlords sought to evict them after unmercenary increases in rent. It has developed, however, that very few families have actually been put out in the street. Detroit is "doubling up" more than ever and some kind of a place to live can usually be found.  
Emergency quarters have been found by the community union for wandering families.  
There is a large percentage of single men and women who have recently come to the city who live in rented rooms and these have found it anything but an easy matter to locate themselves. This has been especially the case with girls but various welfare agencies are now looking after them in this regard.  
One factory superintendent executed a coup and disbanded rival superintendents by conducting a canvass of the neighborhood in which his plant

PROBABLY IT WOULD RUN BACKWARDS EASIER

AMSTERDAM.—The photographer brought the picture back from the Isle of Wieringen, where the former crown prince is in exile. The former prince was trying out a new motorcycle. Cecile, former crown princess, and many of the natives, were spectators at the initial ride.  
Is situated, optioning all the rentable rooms and assigning them to workmen who come to work for him.  
Sleep in Hallway  
One result of the shortage of housing was that many residents flocked to the hotels and took rooms by the month, creating a shortage of hotel accommodations so that travelers have had to stand in line for hours to get even a cot.  
At one big downtown hotel a bride and groom spent part of their honeymoon on twin cots in a hallway next to a stair.  
Two couples arrived at the same hotel on vacation tours and found that there was only one room available. The clerk offered to let them match for it but, although total strangers, they agreed to share the room for a week.  
One set of visitors who have discovered a new virtue are the "furniture for sale" shoppers. They secure a flat or house in some manner, rent it for a month, furnish it with second hand goods and then advertise that the buyer of the furniture can secure the rental of the place. The price of the furniture sold runs from a few hundred dollars up to \$1500, and, such is prosperity in Michigan's big boom town, they find buyers for their junk and turn over the place to play the game somewhere else.  
Families with children always have trouble finding places to rent, but in Detroit they are in a particularly sad predicament.  
It was figured at the beginning of the year that Detroit needed 35,000 homes. The rent is now 30,000.  
For Any Old Place  
Some families have their own lots but cannot afford to build houses are putting up shacks on the rear ends of the lots and using them to live in them temporarily while they are occupying polling booths. No one has yet thought

**Excess Weight Can Be Avoided**  
The Gardner Machine reduces flesh easily, systematically, and scientifically. Operating in a way to assist nature, it REDUCES WEIGHT TO NORMAL, and at the same time BUILDS UP HEALTH AND VITALITY. It is equally effective and harmless for children and elderly people; for those who inherit fat, and those who are just beginning to acquire it. The fat cells are actually broken down, and not simply starved, as in the case of dieting. WHEN METABOLISM IS ESTABLISHED, THE REDUCED WEIGHT IS PERMANENT. Physicians have found it ideal for men and women who suffer from high blood pressure, valvular heart, or a slight stroke or paralysis. In such cases, exercises of sufficient intensity to bring down fat are prohibitive.

city, while at the left is a riot  
squad of two in motorcycle and  
side car which always gets the  
right-of-way.

### NEW ERA FOR RED Bold Yakima Braves Start Saving Coin—Only Indian Bank in U. S.

BY BETTY DISHON  
WAPATO, Wash., Oct. 15.—In the  
heart of the Washington hills lies this  
little town of Wapato. As Indian as its  
name, it is the center of the Yakima  
Indian reservation.  
Majestic braves, straight-backed,  
and long-haired, reminiscent of the  
barbarians who fought the fiercest bat-  
tles of a fierce race, stalk down the  
main street. Behind them trail their  
shawl-wrapped, gaily turbaned squaws,  
patient, stolid, enduring, not one white  
changed except in dress from the  
squaws who carried the warrior's tepees  
and cooked their meals back in the  
1800s.

With an air of pride, they halt be-  
fore a small concrete building which  
bears the legend "American Commer-  
cial Bank."  
The American Commercial Bank is  
an Indian bank. Its officers, from the  
president to the board of directors, are  
all Indians, with the exception of the  
cashier. Half of its depositors are  
Indians, and the money that goes into  
its coffers is nearly all the product of  
the fertile Yakima valley where the  
Indians own thousands of acres. It is  
the only bank of its kind in the United  
States, and it is a good bank.

It was founded last year by Philip  
Olney, president, and a group of In-  
dians associated with him.  
"A descendant of the Yakima chiefs  
and the Scotch settlers who first built  
their homes in the valley, Olney is a  
shrewd business man and a tenacious  
one."

He is tremendously proud of his In-  
dian ancestry, and it is one of his  
ambitions to live up to the best of  
their traditions.  
"I have always been anxious," he  
said, "to awaken the Indians to the  
business possibilities which lie all  
around them. They are prone to be  
lazy and to let things slide along. Just  
as they happen to come."

"The Yakima valley is a wonderfully  
fertile one, and the reservation is com-  
posed of the most fertile of that land.  
I thought that if the Indians could be  
roused to the opportunity which is  
standing at their door, there was no  
limit to what they could not go."  
"I believe thoroughly in the abilities  
of the Indian. He is a strong man,  
physically and mentally—if he can be  
made to see the necessity of using his  
facilities."

"I thought that perhaps a bank that  
was their own might help to make  
them realize their opportunities and  
might encourage them to work and  
save their money. Whether I have ac-  
complished that end, I do not know.  
But I do know that about half the In-  
dians on the reservation carry ac-  
counts with us."  
Merchants of the town are enthusi-  
astic in their praise of him and his  
bank.  
He himself owns 210 acres of land

### DEMAND FOR WASHING MACHINES

At a recent convention of the agents  
of the federal electric washing ma-  
chine, which was held at the head-  
quarters of the manufacturing com-  
pany in New York, Alberic Favreau,  
general manager of the firm of Favreau  
Bros., Inc., electrical contractors and  
supplies of this city, received first  
prize in the contest organized among  
all the agents of the company through-  
out New England for the sale of ma-  
chines. This speaks well for the local  
concern, which although organized but  
five or six years, is rated as the most  
active in New England for the sale  
of electric washing machines.  
The campaign for the sale of the  
federal was organized in this city a  
few weeks ago and business was so  
good with Favreau Bros. that a few  
days after the campaign was launched,  
an order for several carloads of ma-  
chines was sent in. The first consignment  
of the big order, one carload, has  
arrived and most of the machines have  
been sold to local housekeepers. Yes-  
terday Messrs. Favreau wired to the  
Federal Co. to send along at the shortest  
delay another carload. Favreau  
Bros. have opened sub-agencies in this  
city and in Lawrence and according  
to reports received from the down-  
river city the Federal is taking a great  
hold there.

### AUTO PAINTING COMPANY

The Independent Auto Painting Co.  
at 575 Broadway is now ready to paint  
your automobile and the manager of  
this prominent concern states that this  
is the best time of the year to have  
such work done. Nothing but the  
best of work comes out of this com-  
pany's shop, while the best of paints  
and varnishes are always used.

### MAINED CAPTAIN SAVES HIS SHIP

ST. JOHNS, N. L., Oct. 15.—The  
British schooner, Solene, arrived here  
after battling a hurricane off Cape  
Race, with the captain losing orders  
despite the fact that his log was  
crushed. The vessel's deck load of  
humber had been swept off and she was  
otherwise damaged. The captain's log  
was mutilated soon after the Solene  
reached port.

### WHISPERING PEDDLERS PROFITEER IN BERLIN

BERLIN, Oct. 15.—The police are at-  
tempting to clear the streets of ped-  
dlers who sell food and other articles  
in violation of restrictions. Women  
peddlers and others sell chocolate  
soap, cigarettes and matches at exorbi-  
tant prices. They carry their wares in  
their pockets and solicit trade by  
whispering to pedestrians.  
which he farms to the best advantage.  
He is every ready to loan money to the  
Indian who deserves it, and more and  
more of his associates are coming to  
him to find out how he does his work,  
and how he can help them.  
The American Commercial bank  
was capitalized at \$25,000, with a \$1500  
surplus. It had on deposit June 1, 1919,  
\$50,000.

### PLUMBING AND HEATING WORK

Before you let out that contract for  
the plumbing and piping of your new  
home, consult the manager of the  
Thomas E. O'Day Co., the plumbing  
and heating contractors at 51 Apple-  
ton street. This firm has been in busi-  
ness in Lowell for a great many years  
and has the distinction of having  
among its customers the very first  
party to give them work, which means  
that if you do business with the  
Thomas E. O'Day Co., Inc., you will  
forever remain a patron of theirs.

### VERY BUSY TAILOR

Sam Cohen, the Boston Tailor, is  
one of the busiest of sartorial artists  
in town. He is in great demand by  
the young men who are keen on plenty  
of style and "fit" in their garments.  
In ordering a suit from Mr. Cohen one  
may supply his own cloth and have  
Sam do the designing and tailoring, or  
one may select according to his taste  
any cloth from the large variety of  
suitings or overcoatings with which  
this shop at 215 Middlesex street, is so  
amply stocked. Mr. Cohen makes a  
special offer in the form of a liberal  
discount to all former service men who  
desire to wisely invest some of their  
"bonus money" in a fall or winter suit  
or overcoat.

### SECOND HAND FURNITURE

There are many people in Lowell  
who furnish their homes with furniture  
purchased in second hand furniture  
stores, and in many instances such  
household goods cannot be sold from  
brand new furniture. Ladame & Le-  
doux, second hand dealers of furni-  
ture at 575 Middlesex street carry a  
large stock of second hand furniture  
that is as good as new, and they offer  
these goods at most reasonable  
prices. They also carry a full stock  
of store fixtures, and they specialize  
in the buying, selling and exchanging  
of household paraphernalia. Their tele-  
phone number is 356.

### FINNEY WILL MOVE

Numerous real estate transactions  
are being reported these days and in  
practically every instance it means  
that someone has bought a home and  
is ready to move into the new quar-  
ters. If you are one of the lucky ones  
to have purchased property and are  
planning to move, consult M. J.  
Finney, the long distance piano and  
furniture mover at 15 Kinsman street.  
He employs nothing but honest work-  
men and particular attention is given  
to furniture of a breakable nature.  
His telephone number is 5175-W.

### GREAT FLESH REDUCER

Many Lowell people have benefited  
since the Gardner machine for reduc-  
ing flesh has been installed at the  
private hospital of Miss Helen M. Gar-  
ratt, 55 Marlborough street. This ma-  
chine systematically and scientifically  
reduces superfluous flesh, and brings  
back patients to their normal con-  
dition. It is one of the greatest inven-  
tions in the medical world and its use  
is being recommended by leading phy-  
sicians. Miss Garratt is a registered  
nurse and has given the machine a  
thorough study. She may be consulted  
by telephone if you cannot call at her  
hospital. Her number is 1622.

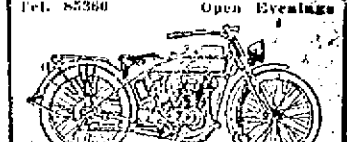

You can order the most magnificent  
monument or the most modest one here  
with the knowledge that you are se-  
curing the maximum value in hand-  
someness of design, perfect execution  
of the workmanship, and the highest  
grade marble or granite.  
Our stock is most complete, our  
prices exceptionally close, and for  
verification of our claims of quality  
we can show you many examples  
hereabouts of our work.  
Prices, etc., gladly furnished.

News of the Film World Stage and Movie Gossip Other Theatrical News

News of the Screen Artists

A western drama without a barroom scene or a hairy-chapped cowboy with two ready "six-guns" is the novelty that will soon be offered the motion picture public—which, of course, includes Lowell movie fans—by the Catharine Curtis corporation, which is now filming the story in the wilds of northern Idaho.

The third First National "Connie" Talmadge picture will be "At the Barn" from Anthony Wharton's play which ran in London for two seasons.

Emory Johnson will have the leading role in support of May Allison in "The Walk Offs."

William Duncan has finished ten episodes of his new serial, "Smashing Barriers" at the Hollywood studios.

Famous Players corporation has leased a plot of ground near Elmhurst, Long Island, on which special sets representing a city will be built for "The Copperhead," Lionel Barrymore's next.

Kitty Gordon is now playing the lead in a legitimate production entitled, "Love for Sale." Francis X. Bushman is another temporary desertion from the films, being now engaged in rehearsing "The Master Thief" for the legitimate stage.

Harrison Ford is coming east to appear with Marguerite Clark in "Easy to Get."

M. B. Warner's first wife was killed in an auto accident as he sat beside her holding her hand.

Peggy Hyland, Elinor Fair and Al Hay are leaving Fox. Maybe next week we'll be able to tell you where they are going—they haven't even sent us a wire as yet.

Jane Novak has a two-year-old daughter—yes, we were surprised to hear about it, too.

Low Cody's second starring vehicle will be called "The Butterfly Man."

The Lasky company is now filming "The Sea Wolf," Jack Londons great story. Noah Berry will play the role

of Hobart Bosworth, the leading male part.

Jane Caprice is hard at work on "Little Mother Hubbard," which is scheduled for a local appearance later in the season.

Bryant Washburn is the father of a new baby boy.

Ruth Chatterton, well known as lovers of the spoken drama, is Metro's latest acquisition.

Doris Pawa is Tom Moore's new leading lady.

Jack Pickford's first Goldwyn picture is to be "The Little Shepherd of Kingdom Come," in which he is seen in one of the best roles of his youthful career.

NEXT WEEK WILL BE FESTIVAL WEEK AT H. F. KEITH THEATRE—SEVEN STERLING ACTS

Opening Fall Festival Week at the H. F. Keith Theatre, tomorrow afternoon and evening, will be presented a show of seven sterling acts, and which, with concert, etc., will occupy full three hours of time. Among the acts which will appear on the program are Bert Baker & Co., Pearl Allen, Gertrude Dudley & Co., and Webster and Stuart, and Burlon and Flynn, the latter two being brought on here for the day.

The Festival Week proper begins Monday when a bill of superlative merit will be offered. It will be headed by that newest of all quartets, the Quixey Hour, with Messrs. Miller, Owens, Posidick and Stuckes making the melodies and injecting the action.

"Quixey" is a coined word having to do with speech or pep. The boys call themselves "The Boys with the Pep," and they have enough of it to run a dynamo. Here is a quartet that has all of the necessities of a lively act, and they give it a variety of turnings which make for added value.

Arthur Havel is one name to conjure with and Will M. Cressy is another one. In this instance Havel and his company are to play Cressy's comedy playlet called "Playmates." Mr. Cressy in his writings usually dramatizes one of his many incidents, but there is always the strain of wholesome humor running underneath. This is a story of children of the upper and the lower crusts of society, who, despite the chasm that is supposed to separate them, merge their lives into complete

harmony. Mr. Havel is an admirable actor and his associates are right up to the mark.

James Mullen, who used to work with Allen Cogan, is now "tied up" with Anna Francis, and together they make one of the best comedy and musical teams imaginable. Miss Francis is splendid as a foil for Mr. Mullen's antics. This act is guaranteed to furnish 100 per cent. pure fun.

"After Dark" is the name of the skit which Walter Clinton and Julia Rooney are presenting. It is a fluctuation in song, story and dance. Miss Rooney is a sister of the only Pat Rooney, and she has inherited much of the ability of her illustrious father. She has copied her brother's best methods. Clinton is a clean cut, amiable young chap who knows his amusement book thoroughly. The pair constitute one of the newer teams of entertainers.

Martin and Fabbri are tried and true terpsichoreans. One of their strongest points is that they never allow a dance to become old with them. They are constantly on the lookout for new numbers and what they present on the stage is only a part of their repertoire.

Dave Kinder is a whistler, among other things. He is literally a virtuoso and his program is an exceedingly diversified one. And then there is Esclimo and his seals. All brought down from the very tip of Alaska. This is a true novelty. It is so real that one almost feels a thrill while watching the dances of the far north and his trick-performing seals. Kinograms, Topics of the Day, and a Bruce Seale will constitute the remainder of the program.

BIG ATTRACTION FOR FIRST THREE DAYS OF WEEK AT THE STRAND—SUNDAY CONCERT

"The Brat," proclaimed by these in a position to judge Nazimova's greatest screen effort, will be the feature film offering at The Strand for the first three days of the coming week. This picture was shown at Boston and New York at dollar prices and for longer engagements than any of the other big pictures. The prices at the Strand will remain the same.

Gladys Leslie in "The Gray Towers Mystery" will be the other good thing, and for the last three days of the week Tom Mix in "Rough Riding Romance" and Peggy Hyland in "The Merry-Go-Round" will be shown.

For Sunday's sacred concert the following high class vaudeville will be given: Dar King, singing and talking comedian; Collier & Collier, character comedians; The Dalleys, character comedians; Ferguson & Francis, general entertainers. The feature picture will be "The Great Adventure," with an all-star cast.

Nazimova's greatest production, "The Brat," which comes to this theatre the coming week for a three days engagement, beginning Monday, is the story of ennobling influences of love, its heroine and dominating character is a waif of the city slums who has never known any name but "the brat." To eke out a precarious existence she plays in the chorus of a cheap musical comedy. But the pitance she receives for wages is not enough to clothe her in even the half decent style of the other girls. "Fired" for being shabby, she faces the world desperate. A masher insults her; she slaps his face and is haled into court on an outrageous charge falsely made by the man she rebuffed. There a celebrated

Lowell Players to Present

"THE BOSS" AT THE OPERA

HOUSE NEXT WEEK

"The Boss," Edward Sheldon's enthralling drama, which is to be presented by the Lowell Players at the Opera House during the coming week, is an offering of rare merit that should make a strong appeal to all patrons of Lowell and vicinity. The place will introduce the engaging cast in several new characterizations, and will offer to John Mehan, the talented leading man of the company, one of his biggest parts of the year. The play itself is coming to us entirely different from anything in the nature of its story that has been presented here this season. It is a play that caused a work to sit up and take notice at the novelty and daring of early in its plot; during its original run of several months on Broadway, Holbrook Blinn made one of his biggest hits in the "The Boss" that time. The plot is laid in a jaded port, where the grain traffic and transportation is controlled by Grissold & Co., a father and son. The "Boss" seen them know rich and determined to rule them. He gets control of the traffic facilities and forces them to the verge of bankruptcy with the aid of "Porky" McCoy, one of his left-hand men, who is a common and unscrupulous yard heel. As an alternative to being ruined, Regan, the boss, demanded Grissold's beautiful daughter in marriage, and the girl in a mistaken sense of duty consents only to him that who is with in name only, and for a long time leads a life of cruel misery with the "Boss." Finally she finds out that he has a good deal of his character, and plays on his weakness until they actually fall in love with each other, and they all "live happily ever after." The play is full of comedy and laughs, and, as can readily be seen,

affords great parts for Mr. Mehan and Miss Marguerite Fields as well as the rest of the engaging cast. In staging the piece Director Kirk will again find excellent material on which to once more reflect his ability, while the work of Miss Scott and Hal Crane, ingenue and juvenile man respectively, will also find ample chance of doing commendable work.

The advance sale of tickets for the coming week indicates capacity audiences at most of the performances. In view of this report it is advisable to make reservations as early as possible and thus avoid any possible disappointment and discomfort by an eleven-hour crush. Tel. 261. A bet-subscription list to place your name on the list way is to have your favorite seats reserved for you from week to week. It costs no more. Why not try it once. Just telephone in your name and the tickets will be held for you.

"THE WESTERNERS," STELLAR AT TRACTION AT MERRIMACK SQUARE THEATRE

The features of the sacred Sunday concert to be presented at the Merrimack Square theatre tomorrow afternoon and evening will be capable Gladys Hulette in "Annexing Bill," and "Love Watches," another interesting production.

For Monday, Tuesday and Wednesday the stellar attraction will be Stewart Edward White's famous novel, "The Westerners," a truly western screen classic. The story unfolds a powerful drama of the black hills and is somewhat as follows:

The story opens with a caravan heading its way across the Dakotas toward the black hills gold fields. The party are led by Jim Buckley. In the party are Prof. Welch, his wife, Fred, and their baby daughter, Molly. The outfit also includes Michael Lafond, a half-breed. Lafond is driven out of the expedition by Buckley when caught in the act of forcing his attentions upon Prof. Welch. Meeting a band of Indians, the half-breed determines to kill Buckley. Aided by the

redmen, Lafond attacks Buckley's caravan, murders Molly's mother and kidnaps the child. As the years pass, Lafond becomes a power in the hills. He brings Molly, now grown into a beautiful girl, to Copper Creek to accomplish her ruin as a dance hall girl.

Lafond is stunned to learn that Buckley is one of the settlement leaders. The former seizes his plans to ruin Buckley is faced by a group of fellow miners, who accuse him of having cheated them. A terrific fight ensues. Buckley is aided by Cheyenne Harry, a suitor for Molly's hand, but the pair would have come to grief but for her. Scouring an, she stops the battle. At dawn Buckley escapes. While others pursue Buckley, Lafond goes to Molly's cabin to upbraid her for saving Buckley. He attempts to drive her back to the dance hall. The old professor enters and recognizes Lafond as his wife's slayer.

Lafond escapes on his pony and meets up with the runaway Buckley. They battle in the buckboard, which goes over a steep embankment, but Buckley leaps in the nick of time, leaving Lafond to his fate—death against the rocks below.

Buckley returns to the mining camp with proof that he was the victim of Lafond's villainy. He finds Molly and the professor happy in the knowledge of their relationship and Cheyenne Harry happy with Molly's love.

The other feature for the first three days of the week will be charming Lila Lee in "Heart of Youth," one of Miss Lee's most entertaining productions.

London housing board is requiring that large residences be turned into apartment houses.

## HOLDS PRIZE OPAL

WASHINGTON—When Miss Doris Kenyon, popular star, visited the office of the secretary of the interior in Washington, she was permitted to hold the world's largest flawless opal. It is said to be worth \$250,000. It is black and about the size of a quarter of a brick. It weighs 2,572.332 carats.

## Somerville Catholic Church Burned

SOMERVILLE, Oct. 18.—St. Anne's Roman Catholic church was damaged early today by fire. The flames swept through the vestry, burning and scorching portions of the main altar, and destroying vestment and statuary. The loss was estimated at \$15,000.

## New Chinese Premier Announces Policy

PEKING, Sunday, Oct. 12.—(By the Associated Press)—The policy of his predecessor in striving for peace, in co-operation with the president of the republic, will be followed by Chiu Yun Peng, the new Chinese premier, he declared in an interview today. The premier said he shared President Wilson's views regarding equality among nations and also upon secret diplomacy, adding that he would not be a party to the making of secret treaties.

## Several Killed in Yucatan Outbreaks

LAREDO, Tex., Oct. 18.—Several persons have been killed and a number injured in disturbances in Merida, Yucatan, as a result of the decree ordering the liquidation of the Henequin (sisal hemp) commission, according to information received here today from Mexico City.

## King Alfonso Signs Royal Decrees

MADRID, Friday, Oct. 17.—King Alfonso has signed decrees establishing an air mail service, suppressing the Spanish embassies at Vienna and Petrograd, and creating legations at Warsaw, Vienna, Belgrade and Prague.

## Red Cross Base Hospitals Stay

WASHINGTON, Oct. 18.—At the request of the war and navy departments and as a part of the peace program of the American Red Cross, the 50 base hospitals organized by the Red Cross for the army, and which saw service overseas during the war, will be held intact for future emergencies.

## Masked Men Get \$15,000 in Bonds

BARGERSVILLE, Ind. Oct. 18.—Three masked robbers early today bound and gagged the night watchman of the Farmers' State bank here and escaped in an automobile with approximately \$15,000 in Liberty bonds, War Saving stamps and road bonds. Only 30 cents in cash was taken.

## Cardinal Mercier Greeted at Toledo

TOLEDO, Ohio, Oct. 18.—Cardinal Mercier, Belgian war hero, arrived here this morning and was welcomed by a committee composed of men of all religious denominations.

## PRES. GOMPERS DEFENDS LABOR'S PATRIOTISM

WASHINGTON, Oct. 18.—In the most eloquent address yet heard, on the floor of the national industrial conference, Samuel Gompers, president of the American Federation of Labor, yesterday defended the loyalty and patriotism of American labor in the war and declared that "labor knows its rights and that the day has come when labor dares to assert those rights."

Mr. Gompers' address was made in response to the declaration of L. F. Loree, president of the Delaware & Hudson railroad and a member of the employers' group, who said that labor took advantage of the most critical period of the recent war to force important concessions from the war labor board.

There was a tense moment when Mr. Gompers rose to address the conference after an hour and a half of desultory debate. Speaking in a weak voice, Mr. Gompers thanked the conference for its vote of sympathy during his illness and then expressed regret at Mr. Loree's inference that the decisions of the war labor board were made through the duress of labor at a critical time during the war.

The federation president recalled the conference of 135 labor leaders on Mar. 12, 1917, at which labor pledged itself, three weeks before President Wilson asked for a declaration of war, to back the government to the limit, come what might.

"And American labor made good its declaration," he added, hoarsely.

Plainly drawing on his reserve of strength—lessened by several days of illness—the veteran labor leader referred with scorn to Mr. Loree's insinuations that labor had enjoyed undue benefits from the war.

"Ah, we should go to the great corporations, to the boards of directors to find the philanthropists of our time," he exclaimed sarcastically.

"Perish the thought!"

Declaring that "whether you like it or not, the masses of labor of the United States have at last found their ability to articulate through organization," Mr. Gompers told the delegates that the laboring people are producing the wealth of the world, and that, without minimizing the great contributions made by men of thought and direction to that production, the time had come when in America labor was determined to gain a fair share of the rewards.

Shaking his finger toward the employers group in which Mr. Loree sat, Mr. Gompers bitterly assailed the railroad man for his insinuation that the laborers of the United States planned an attempt to overthrow the government. Gompers shook with emotion and his voice quavered as he violently defended the loyalty and patriotism of organized labor.

Declaring that Loree had "no monopoly on the belief that the government of the United States is safe from upheaval and revolution," Mr. Gompers added that there are no men in the United States more loyal or more patriotic in their support of the republic than those in the labor organizations.

The labor chief said that as no other country in the world could boast such loyalty from its laboring classes and that as no other nation in the world holds forth the same rights of free speech, free assembly and free expression to all the masses of the people, the protection of those rights was more vital to the laboring millions than to any other citizens of the country.

"I speak as the authorized representative of the laboring masses of this country," Mr. Gompers continued, "the dumb, the inarticulate, the down-trodden, the dominated hundreds of thousands who constitute the toiling masses of America, and I tell you that no people in all this land love our government and American institutions more than they do, no people are further from any idea of attack on this government, no people would or have gone farther to protect that government."

"We hear much of the struggle between capital and labor," he said, looking about the conference room. "What is capital? It is this table, that chandelier, coal, wool, sugar and so forth. They are dead things, inanimate things, material things—things that are subject to barter."

"If the old conception of labor and capital still prevailed, we would find women working in the mines and there giving birth to children; we would find children working 14 hours a day."

"Why this anxiousness to have un-

SCENE FROM THE SENSATIONAL PLAY, "THE BOSS," AT THE LOWELL OPERA HOUSE NEXT WEEK

ions of workers incapacitated? So as to re-establish the ancient guild system? So that the government would step in and rob the workers?

"Upon what pretext is this formula proposed? In order that we might be killed in damages of all advantage that might otherwise accrue to us? I do not attempt to say that unions have not sometimes violated contracts, but not oftener than the employers have violated its agreements with its workers."

Referring to the collective bargaining resolution before the conference, he continued:

"If you wanted to deny the laboring people of this country, this concept, this vision, this aspiration, you should have denied their grandfathers and grandmothers a common school education."

"For as soon as men and women learned that letters could be put together to frame the words—'man' and 'woman,' they were certain to learn that other combinations of letters would form the word 'justice.' You should have started generations ago, not now. We at least know our rights and the day has come when labor dares to assert those rights. If we wish to go on forward in progress as a homogeneous nation working together for one great common cause, you must give labor the right to association, to be heard, to be represented in the councils of industry and of the nation by such representatives as we choose, whether of legal knowledge or not."

"When Mr. Gompers concluded Mr. Loree said that he had referred inadvertently to the war labor board when he meant the war labor conference board as the body from which he said labor wrong undue concessions during the war."

"I do not see how my statement could be construed as a reflection on organized labor," Mr. Loree added, "but in case it has been so construed, I wish to express my profound regret. The members of organized labor entertain patriotic sentiments equal to any of us."

## Two Hot Weeks of Campaign

Continued

weeks from Tuesday, the interest of Lowell voters will find two important referenda on the state ballot upon which to rest. First and foremost, of course, comes the proposition as to whether the voters wish to do away with the present form of charter and substitute Plan B.

During the past week an interesting development in the charter discussion came in the form of a report from the board of trade charter committee, commissioned to make a comparison of the present form of government and that which would be in vogue under Plan B.

The report was exhaustive and comprehensive. In no instance did the committee align itself on either side of the fence. The report was merely a statement of fact, arranged in handy form. It pointed out the two main distinctions in the charters, the powers of the mayor and the council and the provision in Plan B for ward representation. The report was most informative and of value not only to

members of the board to whom it is to be distributed, but to the public at large.

One feature which was brought out in the report and which is of interest in view of present rumors concerning the school department, is that Plan B provides that the school committee shall elect a superintendent annually. The present charter gives the committee power to elect a superintendent, but does not specify how frequently or infrequently the election shall be held. The belief prevails that the superintendent of schools is irremovable except for cause. If Plan B is adopted, it is probable that there will be more frequent changes in the administrative head of the department than has been the case under the present charter, because the mere fact that the school committee will be required to go through the motions of electing a superintendent once every twelve months may produce an annual crop of candidates for the position.

The other question on the ballot of November 4 is also of strictly local interest. It will have to do with the adoption or rejection of the double platoon system for members of the local fire department. This question, also, came in for prominent notice during the week when Engineer Jas. W. Jantzen of the fire department gave the directors of the board of trade an able explanation of the proposed system and maintained that were it adopted only 15 additional men need be hired. He placed the extra cost at \$1400 a year for each of the new men, making a total of \$25,200. Members of the department are working hard among the voters to have the system adopted here.

## Coming Right Along

One of the liveliest organizations in Lowell during the present political season and one which has done a lot of good work without undue publicity is the Fifth Congressional District Democratic club. "To make Americans first and democrats second" is the motto of the club and the successful results of its efforts to naturalize residents of the city within the past few weeks are evidences that it is living up to the first part of its slogan. As for the second part, there is yet time for evidence.

The club is open to any person in Lowell of voting age, no matter what his political affiliation or creed may be. The membership fee is \$1 and Secretary Thomas J. Fitzgerald at all times has an ample supply of membership cards on hand.

The club does not intend to solicit members. Those who join do so of their own volition. During the past two weeks the organization has been devoting its efforts mainly to having unregistered men of voting age given a place on the voting list and the record-breaking registration of this season is to a great extent due to the efforts of the Fifth District club.

The membership of the organization is increasing by leaps and bounds. At the coming state election the club hopes to have a big say in the choice of candidates and also in the matter of adopting or rejecting Plan B charter. It has been indicated that the club favors the new plan of govern-

MONEY LOANED ON REAL ESTATE

Parties can borrow on either first or second mortgages. Old mortgages notes discounted. Loans or others can have money advanced on undivided estates anywhere.

the lot of land situated at the corner of Leeds and Cumberland roads containing about 400 square feet of land and was purchased by Charles Coulombe. The grantor was Florence H. Nesmith.

Thos. H. Elliott

Thos. H. Elliott, real estate broker, reports the following sales negotiated during the past week:

On behalf of Larkin T. Trull, Esq., conveyance has been made of a large building site at the junction of Raven road and Andover street. The lot has a street frontage in excess of 231 feet and an area of 15,000 square feet. It is level and well adapted to building purposes. The grantee is L. I. Fortin of the A. G. Pollard Co. Mr. Fortin will erect a modern and spacious residence for his occupancy in the immediate future upon this site.

The sale of a three-apartment block at 231 Fayette street in the Hildreth section of the city. The apartments have five rooms each. The land involved in the transfer totals 1562 square feet and carries an assessment at the rate of 30c. per foot. The conveyance is effected on behalf of Jos. E. Tully of Tewksbury, the grantee being Dr. James H. Rooney of this city. Dr. Rooney buys for purposes of investment.

Also the sale of an excellent small residential property at 42 West Third street. The house is in cottage type with seven rooms. The heat is by furnace. Land to the amount of 1550 square feet is conveyed in the transfer. The sale is negotiated on behalf of Henry M. Gray, the grantee being Lucile W. Lamson, buying for investment purposes.

Sales by Paul A. Bogossian

Paul A. Bogossian, real estate broker, 147 Central street, office 218-220 Bradley building, reports the following sales negotiated during the past week:

On behalf of Mrs. Mary A. Forgays conveyance has been made of a residential parcel on Chelmsford street and comprises an eight-room house, barn and three acres of land, and is modern in every respect.

The grantee is Mr. Grant who is already occupying the premises.

Final papers have been passed in the transfer of a two-tenement house located at 1015-1047 Lakeview avenue. The tenement contains 6 rooms each with bath, hot and cold water, and hardwood floors. The sale is negotiated on behalf of Mr. and Mrs. Ames and the grantees are Michael and Johannah Jastrab.

Sales by Abel R. Campbell

Abel R. Campbell, real estate and insurance broker with offices at 410-412 Sun building, reports the following transactions for the week ending October 17th.

The sale of a pair of building lots located on the easterly side of Bennett street, adjoining the Morey school property, to C. A. Parker of this city. Mr. Parker will build on the lots. This was sold for Mr. H. P. Beals, of this city. The area of the lots is 5100 feet with a frontage on Bennett street of 75 feet.

The sale of a pretty suburban property located on Boston road, Westford, Mass., to Robert H. Elliott, of this city. The property comprises a two-

story 6-room dwelling, barn and garage and one-half acre of land. This property adjoins other holdings of Mr. Elliott in Westford. This property was sold for W. H. Carver of Westford, Mass.

### BUILDING PERMITS FOR THE WEEK

Building permits issued at the office of the inspector of buildings at city hall during the past week were as follows:

To Thomas Hallas, for erection of a three-room house on lots 222-223-224 Boulevard terrace at a cost of \$500; to Oscar Larson, for the erection of a seven-room house with bath and pantry at 78 Pelton street, at a cost of between \$250 and \$300; to Max I. Kaitz, for the construction of a garage at the corner of Highland avenue and Wedge street, at a cost of \$500; to Edward Conley, for the repair of fire damage in Phoenix avenue at a cost of \$10,000; to William Thomson, for the building of a hencoop at 44 Fred street, at a cost of \$10; to Peter Greenwood, for the construction of piazzas at 128 Seventh avenue, at a cost of \$40; to William J. Albert, for the construction of a hencoop in West Albert street, at a cost of \$30.

To John B. Morin and Gedeon Rochette, for the building of an addition for a store at 749 Merrimack street, at a cost of \$1000; to Mary O'Keefe, for the building of an addition and alterations to the garage at 62 Chambers street, at a cost of \$50; to John H. Farrell, for the building of a garage in the rear of 28 Burdett street, at a cost of \$50; to Alphonse Hilsper, for the changing over of a hencoop into a garage at 34 Denton street at a cost of \$25; to A. Langlais, for interior alterations at 14 James street, at a cost of \$100; to J. A. Lequin, for the erection of a seven-room house with pantry and bath at 30 Delard street, at a cost of \$1700.

To James A. Brien, for the erection of a two-family dwelling at 135-140 Foster street, at a cost of \$1250; to H. and Frances Creamer for the erection of an eight-room house at 96 Highland avenue at a cost of \$3200; to Lilla J. Corville for the erection of a one-family dwelling in Wellesley avenue at a cost of \$1800; to Carrie A. Scribner, for the erection of a heating plant in the rear of 70 Tyler park at a cost of \$300; to John W. Maguire, for the building of a garage at 541 Rogers street at a cost of \$50; to John Breen, for the building of a garage at the rear of 7 Calvin street at a cost of \$50; to Carl Christensen for the building of steps at 17 Walte street at a cost of \$25; to Thomas F. Boyle, for the erection of an addition for a bath room at 21 West Fifth avenue at a cost of \$150.

To David Ziskind for interior alterations and changes in the store at 418 Middlesex street at a cost of \$1500; to Constant Vintilack for the changing over of a front room into a store at 35 Colburn street at a cost of \$50; to Rigas Mangraves, for interior alterations at 240 Central street at a cost of \$50; to Rose A. Forgays, for the erection of a bungalow at 158 Warwick street, at a cost of \$2100; to Henry Klett, for the building of a garage at the rear of 88 inland street at a cost of \$10; to E. Turcotte, for the building of an addition for a store at 153-155 Wolburn street, at a cost of \$25; to J. F. Mulvaney, for the extension of a piazza, at 66 Chaucer avenue, at a cost of \$200; to Edward Erickson for the erection of a six-room house at 109 Highland avenue, at a cost of \$4000.

To Frank Field, for the building of a garage at 51 Wedge street, at a cost of \$200; to Margaret Liddle, for the erection of a six-room house with pantry and bath at 82 Emory street, at a cost of between \$1500 and \$2000; to Louis Bordenau, for the erection of a garage at 656 Broadway at a cost of \$1000; to Narcisse Ducharme, for the building of a shed for storage purposes at the rear of 41 Barclay street, at a cost of \$25; to Adam E. Shaw, for the building of an addition for a garage at 356 Andover street, at a cost of \$150.
